Michigan State University functions as a unit, with its colleges, divisions, schools, and departments serving one another. No single part is independent of the others. The Michigan State University College of Law, through a special affiliation, functions fully as a part of the university, although it remains financially independent.

Most schools and departments offer courses at both the undergraduate and graduate levels. At the undergraduate level, freshman and sophomore students, except when enrolled in James Madison College, Lyman Briggs College, or the Residential College in the Arts and Humanities are enrolled in the Undergraduate University Division. Such students may select a field of study as a major preference; however, the academic responsibility for such students rests solely with the Undergraduate University Division. During the first two years students usually take (1) courses that will fulfill the university requirements as described in the Undergraduate Education section of this catalog and (2) courses appropriate to the particular major, or (3) courses of an exploratory nature. During the junior and senior years, students take courses, whether given by the colleges of the majors or others, which meet the needs of the academic programs. For high-achieving undergraduate students, colleges, schools, departments, and faculty, in cooperation with the Honors College, provide programs to encourage the highest intellectual development and greatest achievement.

At the graduate level, colleges which offer graduate courses have developed graduate programs consistent with the highest national, international, and professional standards of the respective fields.

Study Abroad programs are sponsored by the university through its academic departments and schools, and cooperative arrangements with other universities. The university offers more than 200 programs in over 60 countries on all seven continents.

To provide broader access to its instructional resources, the university offers selected degree programs, certificate programs, and courses at various locations and via the web.

The materials throughout this catalog are intended to be cumulative. The Undergraduate Education section is applicable to undergraduate study, and the Graduate Education section refers to graduate study. The all-university policies and requirements given in the General Information, Policies, Procedures and Regulations section apply to both undergraduate and graduate study. These three sections serve as the foundation for the college statements, and the all-university sections and the college statements serve as the foundation for the department and school statements.

Each college statement addresses the purposes or role of the college in the university; the organizational structure of the college; undergraduate programs, including college policies and requirements for admission and graduation beyond the all-university requirements; and graduate study, including the college policies and requirements for admission and the degrees beyond the all-university requirements. The organization of the department and school statements is similar to that of the college statements.

SESSIONS
The university offers instruction throughout the year during the fall semester, spring semester, and summer sessions.
PERIOD COVERED BY REGISTRATION

The period covered by registration for a given semester or summer session is defined as commencing with the first day of classes as published in the university academic calendar, and extending through the day prior to the start of the first day of classes for the succeeding semester or the first summer session. The delivery of appropriate services requires at least minimum registration for that semester or summer session.

ACCREDITATION

Michigan State University is a member of the Association of Public and Land-grant Universities, Association of American Universities, American Council on Education, American Council of Learned Societies, Association of Graduate Schools, Council of Graduate Schools, Committee on Institutional Cooperation, and International Association of Universities. The university has been accredited by the Higher Learning Commission of the North Central Association of Colleges and Schools, 30 North LaSalle Street, Chicago, Illinois 60602-2504, www.ncahighered.org; 1-312-283-0456. Some individual programs, schools, and colleges have been recognized by the accrediting agencies in their respective fields. For a list, visit www.opb.msu.edu, select "Strategic Planning" and then "Agencies that Accredit MSU."

Information about the accreditation of individual programs, schools, and colleges is included in program descriptions in Academic Programs. Updated program listings may be found at www.reg.msu.edu/ucc/ucc.asp.

EQUAL OPPORTUNITY AND NON-DISCRIMINATION

Michigan State University is committed to the principles of equal opportunity, nondiscrimination and, in the context of employment, affirmative action. University programs, activities, and facilities are available to all without regard to race, color, gender, gender identity, religion, national origin, political persuasion, sexual orientation, marital status, disability, height, weight, veteran status, age or familial status. The university is an affirmative action, equal opportunity employer. In carrying out this commitment, the university is guided by the applicable federal and state laws and regulations and policies adopted by the Board of Trustees.

The university has a comprehensive employment Affirmative Action Plan that includes placement goals for academic and support staff employment and an affirmative action policy for the employment of veterans and persons with disabilities. The Office for Inclusion and Intercultural Initiatives oversees the Plan by reviewing individual academic and support staff hiring recommendations, establishing relations with federal and state civil rights agencies, conducting discrimination complaint investigations, and advising the President and other university administrators on equal opportunity, diversity and inclusion matters.

The All-University Anti-Discrimination Policy applies to all university community members and to education and employment programs and activities without regard to age, color, gender, gender identity, disability status, height, marital status, national origin, political persuasion, race, religion, sexual orientation, veteran status, or weight. The Anti-Discrimination Judicial Board is an established internal judicial system for addressing complaints of discrimination or harassment.

For additional information, contact the Office for Inclusion and Intercultural Initiatives, 444 Administration Building, 1-517-353-3924, inclusion@msu.edu, or visit www.inclusion.msu.edu.

STUDENT CONSUMER INFORMATION

Michigan State University seeks to make available to prospective and enrolled students full information on all pertinent matters that would affect their attendance at the university. These matters include academic programs, financial aid programs, eligibility requirements for financial aid, cost of attending the institution, refund policy, program integrity (complaints) and, to the extent available, patterns of retention in offered curricula. Information is available at www.reg.msu.edu/ROInfo/HEOAnotices.asp. Information is also available in various university publications, such as this catalog and information brochures for prospective students; or inquiries may be made of appropriate MSU administrative offices and Web sites. Typical sources include:

- Office of Admissions
  250 Administration Building
  (For prospective students)
  www.admissions.msu.edu

- Office of the Controller
  305 Administration Building
  www.ctr.msu.edu

- Office of Financial Aid
  252 Student Services Building
  www.finaid.msu.edu

- Office of the Registrar
  150 Administration Building
  (For enrolled students)
  www.reg.msu.edu

Additional Information on university rules and regulations affecting students is published in the resource guide Spartan Life and other publications and is available at www.msu.edu.

GRADUATION RATES AT MICHIGAN STATE UNIVERSITY

Admission to Michigan State University is based upon academic preparation and ability. To assist students in their educational planning, as well as for institutional planning and reporting, first-time degree/certificate-seeking undergraduate students are included in a cohort each fall semester. This cohort is followed to determine the rate of retention and graduation from Michigan State University.

Decisions by students to complete degree programs in more than four years may vary from personal to programmatic reasons. The most recent Graduation Rate Survey, based upon the 2004 entering cohort, indicates that 77% of that cohort graduated within 6 years, or 150% of the normal time to award. Of the same cohort, 73% graduated within 5 years, and 48% within 4 years. These data compare favorably to graduation statistics from similar institutions.

Additionally, some students in the initial cohort will eventually graduate at other institutions through transfer or pre-baccalaureate entry into professional programs.
COLLEGES, SCHOOLS and DEPARTMENTS

Departments of instruction at Michigan State University are organized as follows:

College of Agriculture and Natural Resources
Agricultural, Food, and Resource Economics
Animal Science
Biosystems and Agricultural Engineering
Community, Agriculture, Recreation and Resource Studies
Crop and Soil Sciences
Entomology
Fisheries and Wildlife
Food Science and Human Nutrition
Forestry
Horticulture
Packaging
Planning, Design and Construction
Plant Biology
Plant Pathology

Residential College in the Arts and Humanities

College of Arts and Letters
Art and Art History
English
French, Classics, and Italian
Linguistics and Germanic, Slavic, Asian and African Languages
Philosophy
Religious Studies
Spanish and Portuguese
Theatre
Program in Women, Gender, and Social Justice
Writing, Rhetoric and American Cultures

The Eli Broad College of Business
The Eli Broad Graduate School of Management
Accounting and Information Systems
Finance
Hospitality Business
Management
Marketing
Supply Chain Management

College of Communication Arts and Sciences
Advertising, Public Relations and Retailing
Communication
Communicative Sciences and Disorders
Journalism
Telecommunication, Information Studies and Media

College of Education
Counseling, Educational Psychology and Special Education
Educational Administration
Kinesiology
Teacher Education

College of Engineering
Biosystems and Agricultural Engineering
Chemical Engineering and Materials Science
Civil and Environmental Engineering
Computer Science and Engineering
Electrical and Computer Engineering
Mechanical Engineering

College of Human Medicine
Biochemistry and Molecular Biology
Epidemiology
Family Medicine
Medicine
Microbiology and Molecular Genetics
Neurology and Ophthalmology
Obstetrics, Gynecology and Reproductive Biology

Pediatrics and Human Development
Pharmacology and Toxicology
Physiology
Psychiatry
Radiology
Surgery

PROGRAMS and AREAS OF STUDY

Michigan State University offers a wide variety of programs and areas of study that contribute to the overall strength of the university. Although some programs and areas of study are not available as majors, the following list indicates the breadth and depth of opportunities available to students. In addition, special programs, suited to individual needs and purposes may be arranged, particularly at the advanced levels.

Accounting
Actuarial Science
Advertising
Aerospace Studies—Air Force
African American and African Studies
African American History and Culture
African Languages
African Studies
Agribusiness
Agribusiness Management
Agricultural, Food and Resource Economics
Agricultural and Natural Resources Biotechnology
Agriculture
Agronomy
American Studies
Animal Science
Animal Studies: Social Science and Humanities Perspectives
Anthropology
Apparel and Textiles
Apparel and Textile Design
Applied Developmental Science
Applied Engineering Sciences
Applied Mathematics
Applied Spanish Linguistics
Applied Statistics
Arabic
Art and Art History
Art Education
Art History and Visual Culture
Studio Art
Arts and Humanities
Asian Pacific American Studies
Asian Studies
Astrophysics
Astrophysics and Astronomy
Athletic Training
Biochemistry and Molecular Biology
Biochemistry and Molecular Biology/Biotechnology
Bioethics, Humanities, and Society
Biological Science
Biography
Biomedical Laboratory Operations
Biomedical Laboratory Science
Biosystems Engineering
Biotechnology
Black American and Diasporic Studies
Business Administration
Business Concepts for Environmental Sustainability and Conservation
Business Research
Cell and Molecular Biology
Canadian Studies
Chemical Engineering
Chemical Physics
Chemistry
Chicano/Latino Studies
Child Development
Chinese
Civil Engineering
Classical Studies
Clinical Laboratory Sciences
Clinical Nurse Specialist
Clinical Social Work
Coaching
Cognitive Science
Commercial Floriculture
Communication
Communication Arts and Sciences-Media and Information Studies
Communicative Sciences and Disorders
Community, Agriculture, Recreation and Resource Studies
Comparative Cultures and Politics
Comparative Medicine and Integrative Biology
Computational Chemistry
Computational Mathematics
Computational Statistics
Computer Engineering
Computer Science and Engineering
Connected Learning
Conservation Law
Construction Management
Corporate Accounting
Counseling
Creative Writing
Criminal Justice
Critical Studies in the Teaching of English
Crop and Soil Sciences
Crop Production
Crop Science
Curriculum, Instruction, and Teacher Education
Dairy Production
Dance
Design
Diagnostic Molecular Science
Dietetics
Digital Humanities
Digital Rhetoric and Professional Writing
Documentary Studies
Earth Science
Ecological Food and Farming Systems
Ecology and Evolutionary Biology and Behavior
Economics
Education
Educational Assessment for K-12 Practitioners
Educational Policy
Educational Studies
Educational Psychology and Educational Technology
Educational Technology
Electrical Engineering
Engineering for International Service
Engineering Mechanics
English
Entrepreneurship
Entomology
Environmental and Resource Economics
Environmental Biology
Environmental Biology/Microbiology
Environmental Biology/Plant Biology
Environmental Biology/Zoology
Environmental Design
Environmental Economics
Environmental Economics and Policy
Environmental Engineering
Environmental Geosciences
Environmental Policy
Environmental Science and Policy
Environmental Sciences and Management
Environmental Soil Science
Environmental Studies
Environmental Studies and Agriscience
Environmental Toxicology

DEGREES

Michigan State University grants the following degrees upon satisfactory completion of appropriate programs of study in the departments, schools, and colleges.

Bachelor of Arts .................................. B.A.
Bachelor of Fine Arts .............................. B.F.A.
Bachelor of Landscape Architecture ............. B.L.A.
Bachelor of Music .................................. B.Mus.
Bachelor of Science .................................. B.S.
Bachelor of Science in Nursing ..................... B.S.N.
Juris Doctor ........................................ J.D.
Master of Arts ....................................... M.A.
Master of Arts for Teachers ........................ M.A.T.
Master of Business Administration ................ M.B.A.
Master of Fine Arts .................................. M.F.A.
Master of International Planning Studies ........ M.I.P.S.
Master of Human Resources and Labor Relations . M.H.R.L.
Master of Jurisprudence ............................. M.J.
Master of Laws ....................................... M.Laws.
Master of Music ....................................... M.Mus.
Master of Public Policy ............................ M.P.P.
Master of Science in Nursing ....................... M.S.N.
Master of Science ..................................... M.S.
Master of Social Work ................................ M.S.W.
Master in Urban and Regional Planning ........... M.U.R.P.
Educational Specialist ................................ Ed.S.
Doctor of Medicine ................................... M.D.
Doctor of Musical Arts .............................. D.M.A.
Doctor of Osteopathic Medicine .................... D.O.
Doctor of Philosophy ................................ Ph.D.
Doctor of Veterinary Medicine ..................... D.V.M.

Undergraduate programs and degree requirements are described in a section entitled Undergraduate Education. Graduate programs and degree requirements are described in a section devoted to Graduate Education. For detailed information about the programs of study and requirements in the colleges and their schools and departments, the section in Academic Programs describing each college should be consulted.

TEACHER CERTIFICATION

For information about teacher certification opportunities, options, and requirements, refer to the statement on TEACHER CERTIFICATION in the Department of Teacher Education section of this catalog.

COURSE DESIGNATIONS

Throughout the programs of study given in this section, courses are identified either by course subject codes, course numbers, and course titles (example: CSE 101 Computing Concepts and Competencies) or by course names and course numbers (example: Computer Science and Engineering 101).

Additional information about specific courses may be found in the frequently updated online version of Course Descriptions at: www.reg.msu.edu/Courses.asp.

To assist in locating information about specific courses in the Course Descriptions, the course subject codes are listed below in alphabetical order. For each subject code, the corresponding name is given.

SUBJECT

CODE

NAME

ABM  Agribusineess Management
ACG  Accounting
ACR  Community, Agriculture, Recreation and Resource Studies
ADV  Advertising
AE  Agricultural Engineering
AEC  Agricultural Economics
AEE  Agriculture and Natural Resources Education and Communication Systems
AFR  African Languages
AL  Arts and Letters
AMS  American Studies
ANP  Anthropology
ANR  Agriculture and Natural Resources
ANS  Animal Science
ANTR  Human Anatomy
ARB  Arabic
ASA  Aerospace Studies
ASN  Asian Languages
AST  Astronomy and Astrophysics
AT  Institute of Agricultural Technology
ATD  Apparel and Textile Design
ATM  Agricultural Technology and Systems Management
BE  Biosystems Engineering
BLD  Biomedical Laboratory Diagnostics
BMB  Biochemistry and Molecular Biology
BME  Biomedical Engineering
BS  Biological Science
BUS  Business
CAS  Communication Arts and Sciences
CE  Civil Engineering
CEM  Chemistry
CEP  Counseling, Educational Psychology and Special Education
CHE  Chemical Engineering
CHS  Chinese
CJ  Criminal Justice
CLA  Classical Studies
CLS  Chicano/Latino Studies
CMB  Cell and Molecular Biology
CMBA  Corporate MBA Program
CMP  Construction Management Program
COM  Communication
CSD  Communicative Sciences and Disorders
CSE  Computer Science and Engineering
CSS  Crop and Soil Sciences
DAN  Dance
EAD  Educational Administration
EC  Economics
ECE  Electrical and Computer Engineering
