181. Women in America
(111F.) Fall. 3(3-0) Satisfactory grade in English proficiency examination or in Comprehensive English.
Aims to acquaint the student with women's experience in America, and to improve the student's ability at reading and writing. Selected readings and theme topics.

182. Women in America
(112F.) Winter. 3(3-0) Three credits in the first term of any ATU sequence numbered 121 or above; or satisfactory performance in Comprehensive English.
Aims to acquaint the student with women's experience in America, and to improve the student's ability at reading and writing. Selected readings and theme topics.

183. Women in America
(113F.) Spring. 3(3-0) Three credits in the second term of any ATU sequence numbered 121 or above; or satisfactory performance in Comprehensive English.
Aims to acquaint the student with women's experience in America, and to improve the student's ability at reading and writing. Selected readings and theme topics.

191H. Honors Work in American Experience
(111H.) Fall. 3(3-0) Satisfactory grade in entrance examination.
Students read and write on selected topics to improve their knowledge of the American heritage and their ability at reading and writing.

192H. Honors Work in American Experience
(112H.) Winter. 3(3-0) Satisfactory grade in the first term of any ATU sequence numbered 121 or above.
Students read and write on selected topics to improve their knowledge of the American heritage and their ability at reading and writing.

193H. Honors Work in American Experience
(113H.) Spring. 3(3-0) Satisfactory grade in the second term of any ATU sequence numbered 121 or above.
Students read and write on selected topics to improve their knowledge of the American heritage and their ability at reading and writing.

300. Supervised Individual Study
Fall, Winter, Spring. 2 to 4 credits.
8 credits in a composition course; approval of department.
Selected students requesting individual study of interdisciplinary problems will work under supervision of University College professors. Variable elective credit will be determined when the student passes instructor, advisor, and department approval.

420. Microscopic Anatomy
Fall. 5(5-0) Medical Technology students or approval of department.
Study of the structure of cells, tissues, and organs.

505. Anatomy in Physical Diagnosis
Fall. 2(2-0) The student will study independently to learn how anatomy is utilized in physical diagnosis by working with simulated patients. This will be supplemented by self-instructional, audio-visual carrels on radiological anatomy and projections.

520. Veterinary Anatomy
Summer. 5(3-6) Admission to professional veterinary program.
A general histology course for veterinary students which includes a survey of the tissue of the animal body.

521. Veterinary Anatomy
Fall. 6(3-9) Admission to professional veterinary program.
Gross anatomy of a representative animal, the dog, is studied. Lectures, discussion, dissection of embalmed specimens, study of projections, slides, models and living animals.

522. Veterinary Anatomy
Fall. 4(2-8) 520. Microscopic anatomy of the digestive, urinary, respiratory, male and female reproductive systems, central nervous system and special sense organs of domesticated animals.

523. Veterinary Anatomy
Winter. 2(1-3) 521 or approval of department.
Lecture, dissection of embalmed specimens and the study of projections, models and live animals related to the anatomy of the domestic animals.

540. Gross Biomedical Structure
Fall, Winter, Spring. Variable credit.
May re-enroll for a maximum of 15 credits.
Human Medicine students: approval of department for graduate students.
Human structure, systemic and regional, is studied in self-instructional and discussion sections. Application of this knowledge to recognition of normal and abnormal structure in appropriate medical contexts is accomplished through self-instructional and clinical sessions.

543. Microscopic Anatomy
Fall. 5(5-8) Human Medicine students; approval of department for graduate students.
The normal structure of cells, tissues, and organs as they appear under the light and electron microscope.

560. Microbiomedical Structure
Fall. 2(1-3) Approval of department.
The purpose of this course is to assist the student in learning to better understand the various activities of the human body through interpretation of the microscopic structure of tissues.

ANATOMY

College of Human Medicine
College of Osteopathic Medicine
College of Veterinary Medicine

316. General Anatomy
Fall, Spring. 5(5-0)
Designed to impart the basic concepts of the broad field of anatomy. Special requirements of the various disciplines will be met in their respective laboratories.

813. Problems in Anatomy
Fall, Winter, Spring, Summer. Variable credit. May re-enroll for a maximum of 15 credits. Basic disciplines in various areas and approval of department.
Various anatomical fields such as gross anatomy, histology, hematology, tissue culture, cytology, neurology and embryology will be studied.

815. Anatomy of the Nervous System
Fall. 5(3-5) Approval of department.
Developmental, gross and microscopic anatomy of the nervous system. Organizational and functional aspects of the peripheral and central nervous system are stressed. Gross demonstrations include brain and dog dissections.

899. Research
Fall, Winter, Spring, Summer. Variable credit. Majors.

901. Seminar
Fall, Winter, Spring. 1(1-0) Approval of department.

999. Research
Fall, Winter, Spring. Variable credit. Majors.

ANIMAL HUSBANDRY
College of Agriculture and Natural Resources

111. Livestock and Meat Industry
Fall, Winter, Spring. 4(3-4)
Adaptation, distribution and numbers of livestock throughout the world; significance and economic importance. Trends in livestock production. Evaluating, grading, classifying and marketing of livestock and meat. Relationship of live animal conformation to carcass merit.

241. Meat Production
Winter. 4(2-6) 111.

242. Meats, Poultry and Fishery Products I
Fall. 3(2-2) Interdepartmental with and administered by Food Science.
Principles of evaluation and sensory value. Identification of grades and cuts of beef, pork, lamb and poultry products.

245. Meat Evaluation and Grading
Fall, Spring. 1 to 3 credits. May re-enroll for a maximum of 4 credits subject to a maximum of 10 credits in 245 and 335 combined. 241.
Evaluation of carcasses and wholesale cuts of beef, pork, veal and lamb in accordance with federal and commercial grading standards. Inspection trips through large meat packing plants.

335. Livestock Selection
Fall, Winter, Spring. 1 to 3 credits. May re-enroll for a maximum of 9 credits subject to a maximum of 10 credits in 245 and 335 combined. 111.
Evaluation of productive merit of individual animals. Comparison of type with a standard. Relationship of form to function. Field trips to prominent livestock breeding establishments and to major livestock events.
