500. Preceptorship Training
Fall, Winter, Spring, Summer. 1 to 3 credits. One year of medical school. Interdepartmental with the Department of Family Practice.
Field experience in primary care taught by primary care physicians throughout the state to medical students from Michigan State University, University of Michigan and Wayne State University.

505. Patient Interaction
Fall. 2(2-0) ANT 505A concurrently. Students participate in experiences dealing with certain aspects of interviewing and performing a physical examination. Focus is primarily on self-observation and exploration of student-patient interaction.

506. Doctor-Patient Relationship
Spring. 2(2-0) ANT 505A; HM 520.
Identification of specified elements of communication and interview responses through the utilization of videotaped interviews. Focus on teaching self-observation, exploration of human interaction.

508. Immediate Care
Fall. 2(2-0) First year Human Medicine student.
Methods of administering immediate life saving and supportive measures in case of accident or medical emergency. Emphasis placed on cardiopulmonary resuscitation, fractures, unconsciousness, wounds, environmental injury and emergency child birth.

510. Focal Problems
Fall. 1 to 10 credits.
Small group discussions concerned with instruction in the processes of medical problem solving and the integrated learning of basic and clinical medical science concepts around common problems seen in medical practice.

511. Focal Problems
Winter. 1 to 10 credits. 510 or approval of department.
Continuation of 510.

512. Focal Problems
Spring. 1 to 10 credits. 511 or approval of department.
Continuation of 511.

513. Focal Problems
Fall. 1 to 10 credits. 512 or approval of department.
Continuation of 512.

514. Focal Problems
Winter. 1 to 10 credits. 513 or approval of department.
Continuation of 513.

515. Focal Problems
Spring. 1 to 10 credits. 514 or approval of department.
Continuation of 514.

520. Clinical Science
Winter. 1 to 8 credits.
The basic clinical skills of interviewing, physical examination and problem solving are taught in small group seminars utilizing models, patients and self-instructional materials.

521. Clinical Science
Spring. 1 to 8 credits. 520 or approval of department.
Continuation of 520.

522. Clinical Science
Fall. 1 to 8 credits. 521 or approval of department.
Continuation of 521.

523. Clinical Science
Winter. 1 to 8 credits. 522 or approval of department.
Continuation of 522.

524. Clinical Science
Spring. 1 to 8 credits. 523 or approval of department.
Continuation of 523.

530. Human Biology and Behavior
Winter. 1 to 8 credits.
A multidisciplinary course integrating the physiological and psycho-social aspects of each stage of human development, from conception to death, with significant clinical problems of that stage.

531. Human Biology and Behavior
Spring. 1 to 8 credits. 530 or approval of department.
Continuation of 530.

532. Human Biology and Behavior
Fall. 1 to 8 credits. 531 or approval of department.
Continuation of 531.

533. Human Biology and Behavior
Winter. 1 to 8 credits. 532 or approval of department.
Continuation of 532.

534. Human Biology and Behavior
Spring. 1 to 8 credits. 533 or approval of department.
Continuation of 533.

590. Special Problems in Human Medicine
Fall, Winter, Spring, Summer. 1 to 8 credits. May re-enroll for a maximum of 12 credits. Human Medicine students or approval of department.
Each student will work under direction of a faculty member of the college on an experimental, theoretical or applied problem. A student should employ this college level course, as distinguished from the departmental level special problems course, when his topic of interest seems to require a broad multidisciplinary approach.

602. Fundamentals of Patient Care
Fall, Winter, Spring, Summer. 15 credits. Approval of department.
Introductory clinical experiences using selected patients with a broad spectrum of medical, surgical, pediatric and psychiatric problems. History taking, physical examination and problem formulation are taught as a basis for rational and effective patient care.

605. Sub-Specialty Clerkships
Fall, Winter, Spring, Summer. 1 to 17 credits. May re-enroll for a maximum of 4 credits.
Hospital and office based clinical experiences in sub-specialties in medicine and surgery.

611. Anesthesiology Clerkship
Fall, Winter, Spring, Summer. 1 to 17 credits. May re-enroll for a maximum of 34 credits. 662.
Introducing common anesthetic agents and techniques, the Anesthesia Clerkship stresses preoperative evaluation of physical and psychological status of patients and provides opportunity for performance of anesthetic procedures under supervision.
