A clerkship in a model family practice unit with graded responsibility and supervision in the care of families and their medical problems with emphasis on primary, continuing and comprehensive care.

611. Introduction to Office Practice
Fall, Winter, Spring, Summer. 5 to 6 credits. H M 602.
A one month preceptorship exposure to the office practice of family practice in a variety of settings.

612. Inpatient Clerkship in Family Practice
Fall, Winter, Spring, Summer. 4 to 6 credits. H M 602.
Demonstration of the role of the family physician in the hospital setting, including management of consultations and referrals.

FACULTY 2 (Name changed September 1, 1981. Formerly the Department of Accounting and Financial Administration.)

College of Business

350. Principles of Risk and Insurance
(ACA 350.) Fall, Winter, Spring, Summer.4(4) Juniors or approval of department.
Risk and insurance methods with emphasis on the insurance mechanism. Fundamental principles, legal relationships, types of carriers and organizations; principal types of coverage and industry regulation.

391. Financial Management
(ACA 391.) Fall, Winter, Spring, Summer. 5(5) ACC 202, Juniors.
Basic principles and theoretical framework leading to sound financial management decisions. Role of the financial manager in achieving optimal financial position of the firm. Management of a firm's assets and financing needs.

392. Investment Planning
(ACA 392.) Fall, Winter, Summer. 4(4) F 1391.
Analysis of the various financial assets from which the individual or institution selects. Emphasis is on the analytical techniques and principles involved in the evaluation of financial instruments such as common stocks, bonds, preferred stock, and warrants. The role of particular types of securities in the portfolio management and investment planning process is examined and related to the current environment.
396. Personal Risks and Insurance
(AFA 396.) Fall, Summer. 3(5-0) F 3 350 or permission in business administration.
Personal risk analysis and personal insurance. Emphasis on life, health, automobile, fire and liability insurance. Programming personal insurance, Estate analysis and trusts, Social and economic aspects of personal insurance.

397. Social Insurance Topics
(AFA 397.) Fall. 4(4-0) EC 200.
Systematic study of the legal, actuarial, social and political aspects of social insurance, Federal and State programs. Problems, solutions and potential alternatives.

486. Business Risks and Insurance
(AFA 486.) Winter. 3(3-0) F 1 350 or seniors in business administration.
Business insurance as it relates to business risks and decision making. Emphasis on business exposures, coverages and problems of the risk manager.

457. Management of Insurance
(AFA 487.) Spring. 3(3-0) F 1 350 or approval of department.
Organizational responsibilities and functional operations of insurance enterprise with emphasis on methods of ratemaking, reserves, financial statements and investment requirements, loss adjustment, underwriting, and marketing. Statutory limitations on management freedom.

491. Financial Markets
(AFA 491.) Fall. 4(4-0) F 1 391.
Introduction to theories and models concerning financial markets. An analysis of financial instruments and major financial market participants. Governmental and legal influences on financial markets.

492. Management of Financial Institutions
(AFA 492.) Winter. 4(4-0) F 1 391.
Emphasis is on the asset and liability management of commercial banks, savings and loan associations, credit unions, private and public pension funds, and trust institutions. Financial strategy is examined in light of legal and managerial constraints as well as fiduciary responsibility. Related issues include regulation and the concept of prudence.

493. Advanced Business Finance
(AFA 493.) Spring. 4(4-0) F 1 391, seniors.
Advanced study of the financial management of business firms. Special emphasis is placed on areas of major interest from both applied and theoretical points of view. Areas covered include capital budgeting, valuation, financial structure, mergers, and working capital management as well as other financial topics. Cases are used.

495. Special Problems
Fall, Winter, Spring. 1 to 4 credits. Senior F 1 major, approval of department.
Independent study of special topics in finance or insurance.

517. Quantitative Applications in Accounting and Finance
(AFA 517.) Winter. 4(4-0) MGT 833. Interdepartmental with the Department of Accounting.
Application of quantitative techniques to accounting, finance, and control activities, especially involving the data requirements of managerial decision models.

518. Research Techniques in Accounting and Finance
(AFA 518.) Spring. 4(4-0) MTH 113, ED 969C. Interdepartmental with and administered by the Department of Accounting.
Properties of time series in accounting and finance with emphasis on ARIMA model and transfer-function model development. Applications and potential research areas.

585. Market Cost-Revenue Analysis
(AFA 585.) Winter. 4(4-0) One course in accounting and one in marketing. Interdepartmental with and administered by the Department of Marketing and Transportation Administration.
Analytical tools for use in planning and controlling marketing activities. Emphasis on the determination of factors causing marketing cost differences and the assignment of costs to those factors. Application of tools to determination of expenditure-revenue patterns and market potentials.

589. Financial Decision Making
(AFA 588.) Fall, Winter, Spring. 4(4-0) ACC 540 or concurrently; MGT 555.
Financial planning and control at corporate officer level. Investment decisions, growth and expansion strategies, dividend policy, interaction of finance with other corporate functions, and of the firm with the financial community.

800. Special Problems
Fall, Winter, Spring, Summer. 1 to 4 credits. Approval of department.
Independent study of special topics in finance or insurance.

991. Seminar in Financial Management
(AFA 991.) Fall, Winter, Summer. 0(5-0)
Seminar dealing with current unresolved problems in the field of financial management. Both micro and macro aspects of the field are investigated, including such areas as models for financial decision making, money and capital markets, and international finance.

999. Doctoral Dissertation Research
Fall, Winter, Spring. 1 to 5 credits. May enroll for a maximum of 36 credits. Approval of department.
