Topics in Entomology
Fall, Winter, Spring, Summer. 1 to 3 credits. May reenroll for a maximum of 12 credits. Majors or approval of department.
Advanced work in medical entomology, acarology, advanced forest entomology, soil arthropods, behavior and biological control.

812. Graduate Seminar Topics
Fall, Winter, 1(1-0). May reenroll if different topic is taken. Graduate students and approval of department.
Graduate level seminars on current research and philosophy. Student participation required.

815. Biological Control
Spring of even-numbered years. 3(2-3)
Approval of department.
Properties of entomophagous species; relationship to population ecology and systematics; foreign exploration, colonization, manipulation, and evaluation; interactions with pesticides, analysis of successful programs, and future trends. Collection for taxonomic lab to be made the summer before.

820. Applied Insect Ecology
Winter of odd-numbered years. 3(2-3)
Approval of department.
Ecological factors in an insect's ecosystem that can be manipulated for the purpose of pest management. Critical evaluation of current and classical literature presented by students in both oral and written reports.

871. Biology of Nematodes
Spring. 4(2-6) ENT 470 or approval of department. Interdepartmental with the Department of Botany and Plant Pathology.
Ontogeny, taxonomy, morphology, pathology and ecology of nematodes, with special reference to plant-parasitic and phytopathogenic species.

881. Biology of the Arthropoda
Winter. 5(3-6) ZOL 308 or approval of department. Interdepartmental with and administered by the Department of Zoology.
Ecology, life cycles, morphology, taxonomy, and distribution of arthropoda other than insects.

890. Problems
Fall, Winter, Spring, Summer. 1 to 6 credits. May reenroll for a maximum of 12 credits. Majors or approval of department.
Advanced individual work in: apiculture, aquatic insects, insect biochemistry, biosystematics, economic insects, insect ecology, forest insects, morphology, nematology, insect physiology, plant disease transmission, insect toxicology, araneida, acarina, medical entomology, chemistry of insecticides, insect biology, entomology, etc.

899. Master's Thesis Research
Fall, Winter, Spring, Summer. Variable credit. Approval of department.

940. Analytical Techniques for Biological Compounds I
Winter of odd-numbered years. 4(2-6)
Organic chemistry, approval of department.
Application, extraction, cleanup and purification techniques employed in analysis of biologically active compounds. Stresses use of radioisotopes, and column, paper, thin-layer, and molecular sieve chromatography.

941. Analytical Techniques for Biological Compounds II
Winter of even-numbered years. 4(2-6)
ENT 940.
Analytical techniques used for identification and quantification of biologically active compounds. Emphasis on spectroscopy and gas-liquid chromatography.

999. Doctoral Dissertation Research
Fall, Winter, Spring, Summer. Variable credit. Approval of department.

ENVIRONMENTAL ENGINEERING
See Civil and Environmental Engineering.

FAMILY AND CHILD ECOCOLGY
FCE

College of Human Ecology

118. Family Resources
Fall. 3(3-2)
Skill development in identification, description and classification of human and non-human family resources on a historical and cross-cultural basis.

145. The Individual, Marriage and the Family
(FCE 145.) Fall, Winter, Spring. 4(4-0)
Students may not receive credit in both FCE 145 and S W 228.
Individual as young adult, alternative living patterns, marriage as social institution, marriage and patterns, adjustments in marriage, attitudes and roles in family living, crises situations, family planning.

200. Ecological Approach to Family and Health
(F E 200.) Fall, Winter, Spring. 2(2-0) Sophomores. Not open to HEC majors.
Use of the human ecosystem perspective to study people and their various environments with focus on family and health support systems.

221. Human Services in the Community
(UMS 221.) Fall, Spring. 4(2-3)
Analysis of human and community needs; roles of professionals and volunteers in providing community and human services. Participation in community agency required.

238. Personal Finance
(F E 238.) Fall, Winter, Spring. 3(3-0)
Strategies, techniques and resources useful in the management of personal finance.

255. Family and Individual Development: Life Cycle
(FCS 255.) Winter, Spring. 3(3-0)
Three terms of natural science: sophomores.
Overview of family development. Predictable individual developmental changes over the life span. Cognitive, moral, physical, psychological and social aspects. Interface between individual and family development.

262A. Child Growth and Development: Conception through Early Childhood
(FCS 262A.) Fall, Winter, Spring. Summer. 3(3-0) Sophomores, PHY 160 or PHY 170 or ED 200; FCE 262B concurrently.
Physical, cognitive, social, and emotional aspects of human growth and development from conception through early childhood.

262B. Child Growth and Development Laboratory
(FCS 262B.) Fall, Winter, Spring. Summer of odd-numbered years. 1(0-3) FCE 262A concurrently or approval of department.
Observation of human development in infants and young children.

331. Management and Decision Making in the Family
(HEC 301.) Fall, Winter. 3(3-0) HEC 201, Juniors.
Integrated nature of management in the family setting from an ecosystem perspective. Values and goals as reflected in decision making about family resources.

332. Application of Principles of Home Management
(F E 332.) Fall, Spring. 2(0-5) FCE 331.
Principles of effective home management and their application in a living situation.

337. Energy Utilization in the Household
(F E 437, 437.) Fall, Summer of even-numbered years. 3(3-0) FCE 331 or approval of department.
Human and fossil fuel energy use at the household level. Issues and policies regarding work accomplishment in the home.

340. Instruction in Human Ecology for Non-Formal Settings
(F E 340.) Fall, Winter. 3(2-2) Juniors, HEC 301; Dietetic Majors: HNF 220 or concurrently.
Theory and practice of instruction in Human Ecology with specific application to non-formal environments. For majors in Dietetics and Community Services and other majors in human ecology.

364A. Interacting with Young Children in Child Development Centers
(FCS 364A.) Fall, Winter. 3(3-0) FCE 262A, FCE 262B each with minimum grade of 2.0; FCE 364B concurrently.
Application of principles of human growth and development to personal interaction with children ages three to six individually and in small groups in schools of early childhood.
Laboratory psychological-biological development searches of living situations are included. Case studies, films, literary materials and research studies of living situations are included.

369A. Learning Activities for Early Childhood Programs
(FCS 369A) Winter, Spring. 3(3-0) FCE 364A or concurrently, FCE 362A, FCE 362B each with a minimum grade of 2.0. Planning learning experiences and teaching strategies for children ages 3 to 6 in early childhood education programs.

369B. Learning Activities for Early Childhood Programs—Laboratory
(FCS 369B) Winter, Spring. 1(0-3) FCE 369A concurrently and approval of department. Experience in planning and carrying out learning activities with young children in an early childhood program.

400H. Honors Work
(FCS/EE 400H) Fall, Winter, Spring, Summer. 1 to 16 credits. May reenroll for a maximum of 24 credits. Juniors; approval of department.

404. Home as a Learning Center
Fall. 3(3-0) Seniors or approval of department. Learning processes and resource use in home settings. Exploration of linkages between the informal educational system and formal and non-formal systems.

405. Work and the Family
Winter. 3(3-0) Juniors. Examines the kinds and interrelationship of decisions made by the family and paid work force (business/labor) as they relate to interaction between the family and the paid work sphere.

436. Consumer Economic Problems
(F 4 42.) Fall. 2(2-0) EC 206 or EC 201. Nature of current consumer problems. Sources of information and methods of evaluating information in research for solutions to problems and for improved consumer protection.

438. Family Financial Management
Fall. Spring. 3(3-0) FCE 238, EC 300. Application of financial planning and budgeting techniques to families during various stages of the family life cycle. Current income support programs. Implications for the community of the family's financial decisions.

439. Families: Consumer Legislation and Participation
Spring. 3(3-0) EC 201, FCE 428. Public policies and laws affecting families and individuals as consumers. Regulation, protection, and legal resources. Influencing change through participation in consumer policy decisions.

440. Approaches to the Study of the Family
(FCS 440.) Fall. Summar of odd-numbered years. 3(3-0) FCE 145 or FCE 263. The family is studied from several approaches. Case studies, films, literary materials and research studies of living situations are included.

442. Minority Families in America
(FCS 442.) Fall, Winter. 3(3-0) Juniors. Historical, structural, functional components of minority family systems in white America. Centers on a particular minority family system each term. Life styles, pressures, adaptations, viability and continuity of minority family subculture.

444. Interpersonal Relationships in the Family
(FCS 444.) Fall, Winter, Spring, Summer. 3(3-0) FCE 443 or FCE 263, Juniors. Relationships between and among family members as they are affected by other systems, and by physical, cultural, social-psychological forces within the family eco-system. Contemporary family life issues.

445. Humen Sexuality in the Family
(FCS 445.) Fall, Winter, Spring, 3(3-0) Juniors. Credit may not be earned in both FCE 445 and FSY 290. Personal, interpersonal, societal meanings of human sexuality, utilizing outgoing small peer group interaction. Nonlinear, value clarification approach, integrating reflection on research findings, family, peer and cultural influences.

450. Selected Topics in Family and Child Ecology
(F 4 450.) Fall, Winter, Spring. 3(3-0) or 4(4-0) May reenroll for a maximum of 12 credits. Juniors. Current subjects of concern to professionals working with families and children.

461. Individual Child Study
(FCS 461.) Fall, Winter. 3(3-2) Majors: FCE 364A, FCE 364B, Non-majors: FCE 262A or FSY 244 or CEP 412. An in-depth analysis of development and behavior utilizing regular observation of a young child. Applications of theories of child growth and behavior.

464. Problems in Teaching in a Child Development Center
(FCS 464.) Fall, Winter, Spring. 3(3-0) or 4(4-0) May reenroll for a maximum of 12 credits. Juniors. Analysis of problems in teaching in an early childhood program. Application of child guidance techniques and principles.

464A. Practicum in a Child Development Center
(FCS 464A) Fall, Winter, Spring. 3(3-0) or 4(4-0) FCE 464 or FCE 464C concurrently. A directed practicum in planning, implementing and evaluating the learning environment in a class of young children during an entire term.

464C. Practicum in a Child Development Center
(FCS 464C) Fall, Winter, Spring. 3(3-0) or 4(4-0) FCE 398A, FCE 398B each with a minimum grade of 2.0; FCE 464 concurrently. Advance application required. Not open to students with credit in FCE 464A. A directed practicum in planning, implementing and evaluating the learning environment in a class of young children. For experienced teachers.
800A. Seminar in Family Ecology
(F E 800A.) Fall, Winter, Spring.
May reenroll for a maximum of 12 credits. Approval of department.

801. Seminar in Family Life
(FCS 801.) Fall, Winter, Spring.
May reenroll for a maximum of 12 credits. Approval of department.

802. Seminar in Child Development
(FCS 802.) Fall, Winter, Spring.
May reenroll for a maximum of 12 credits. Approval of department.

804. Human Resource Development in Family
(F E 804.) Winter, Summer of odd-numbered years. 3(3-0) EC 200, EC 201; FCE 444.

810. Workshop
Summer. 2 to 10 credits. May reenroll for a maximum of 10 credits. Approval of department. Content varies depending on nature of workshop.

813. Special Studies in Family Life
(FCS 813.) Fall, Winter, Spring, Summer.
1 to 4 credits. May reenroll for a maximum of 12 credits. Approval of department.

819. Theories of Child Development
(FCS 819.) Fall, 3(3-0) FCE 392A or child psychology. Comparative study of conceptual frameworks utilized in child development.

820. Human Development in the Family: Physiological Development
(FCS 820.) Fall, 4(4-0) Six credits in child development or approval of department. Selected aspects of family members' physiological potential, development, status explored. Family's contributions to members' physiological potential for growth and development and to realization of human potential are seen as fundamental.

821. Human Development in the Family: Personality
(FCS 821.) Winter, 4(4-0) Six credits in child development or approval of department. Influence of child-rearing practices and parent-child relationships on developing human personality. Application of research findings and theoretical approaches to psychological development in the family and family-related situations.

822. Human Development in the Family: Sociocultural
(FCS 822.) Spring, 4(4-0) Basic course in sociology; 6 credits in child development or family life or approval of department. Influence of family structure and interaction upon socialization from infancy to adulthood. Relationship of family to processes in larger social environment, and influence of these on human social development.

823. Curriculum
(F E 823.) Summer, 3(3-0) Approval of department. Clarification and use of a rationale in curriculum development. Special problems in application.

824. Programs in Home and Family Life Education
(F E 824.) Winter of odd-numbered years, 3(3-0) Approval of department. Develops depth in home and family living courses offered in secondary school programs.

825. Methods of Teaching Adults
(F E 825.) Spring, 3(3-0) Approval of department. Developmental needs of adults and changes in society affecting families as a basis for development of adult programs in homemaking education. Experiences will be provided with programs in progress.

827. Evaluation
(F E 827.) Summer, 3(3-0) Approval of department. Evaluation procedures and practices for various levels of educational programs in the area of human ecology.

828. New Developments
(F E 828.) Fall of odd-numbered years, 3(3-0) EC 436. Trends in the field of family ecology and the relevance to current social needs.

830. Individual Readings
(FCS/F E 830.) Fall, Winter, Spring, Summer. 1 to 4 credits. May reenroll for a maximum of 9 credits. Approval of department.

831. Values and Family Behavior
(F E 831.) Winter, Summer of odd-numbered years. 4(4-0) Approval of department. Role and function of values as fundamental to understanding behavior in the family. Cognition and actualization of values. Resolution of value conflicts. Conceptual and methodological approaches to study of values.

832. Theories of Management and Decision Making in the Family
(F E 832.) Spring, Summer of even-numbered years, 4(4-0) HEC 301. Comparative study of conceptual frameworks of family decision-making and management, including social, economic and technical decision domains.

835. Family Ecosystems
(F E 835.) Fall, Spring, Summer of even-numbered years, 3(3-0) Approval of department. Family viewed from an ecosystems perspective. Emphasis placed on energy and communication cycles within the family. Integration of management, family dynamics and developmental concepts.

837. Allocation of Family Resources
(F E 837.) Spring of even-numbered years. Summer of odd-numbered years, 3(3-0) A course in microeconomics or approval of department. Application of family resource allocation theories to the patterned use of human and non-human resources in households. Family economic strategies to attain and maintain desired standards of living.

838. Analysis of Family Income
(F E 838.) Spring of odd-numbered years, 3(3-0) A course in macroeconomics or approval of department. Forms of family income and economic problems relative to the protection of family economic security.

840. Topics in Child Development
(FCS 840.) Fall, 3(3-0) May reenroll for a maximum of 6 credits if different topic is taken. A child growth and development course. In-depth analysis of a selected topic pertinent to the care and education of young children in child development centers.

841. Early Childhood Education: Curricular Approaches
(FCS 841.) Spring of even-numbered years, 3(3-0) A course in child growth and development, early childhood curriculum course or equivalent experience. Theoretical background, content and evaluation of early childhood curricula and programs. Influence of research and public policy on program practices.

842. Assessment of Development of the Young Child
(FCS 842.) Fall, 3(3-0) A child growth and development course. Survey of assessment instruments and procedures for children from birth to age seven. Techniques for practitioner or parent to use to assess physical, social, emotional and intellectual development.

843. Play and Human Development
(FCS 843.) Winter of odd-numbered years, 3(3-0) One course in child development or human development. Role of play in human development. Functions of play related to other aspects of development. Analysis of theory related to play behavior.

844. Child Development Across Cultures
(FCS 844.) Winter of odd-numbered years, 3(3-0) Approval of department. Development of children in cultures throughout the world. Biological, ecological, and social factors influencing behavior of children and their families. Impact of rapid social changes.

845. Approaches to Child Rearing
(FCS 845.) Spring, 3(3-0) One course in child development or family development or approval of department. Child rearing and parental practices based on various theoretical models.

846. Parent Education: Programs and Processes
(Winter of even-numbered years, 3(3-0) FCE 845 or approval of department. Materials and approaches to parent education. Application of teaching strategies and evaluation techniques will be made by designing an educational program for parents.

848. Principles of Program Development For Infants
(Winter, 2(2-0) A child growth and development course. Concepts of early childhood education applied to programming for the developmental needs of infants. Evaluation of research, learning materials, and activities for infants in home and day care settings.
### Descriptions — Family and Child Ecology

#### Courses

<table>
<thead>
<tr>
<th>Course Code</th>
<th>Title</th>
<th>Credits</th>
<th>Prerequisites</th>
<th>Description</th>
</tr>
</thead>
<tbody>
<tr>
<td>FCS 850</td>
<td>Aging in the Family</td>
<td>3(3-0)</td>
<td>FCE 480 or approval of instructor</td>
<td>Provides students with a knowledge and understanding of the literature in aging in the family and develops an appreciation of the interrelationships involved in this multidisciplinary area. Directed experience with infants and their caregivers in home and day care settings.</td>
</tr>
<tr>
<td>FCS 851</td>
<td>Death, Dying, and the Family</td>
<td>3(3-0)</td>
<td>FCS 850</td>
<td>Theoretical frames of reference for viewing death within families and strategies designed to assist them.</td>
</tr>
<tr>
<td>FCS 852</td>
<td>Communication and Family Dynamics</td>
<td>3(3-0)</td>
<td>Approval of department.</td>
<td>Dynamics of family communication and adjustment to crisis during the life cycle. Delineation of major types of family crises and their consequences. Strategies for positive communication and presentation of data in research journal format. Experience with a family required.</td>
</tr>
<tr>
<td>FCS 853</td>
<td>Developing Family Relationships</td>
<td>3(3-0)</td>
<td>FCE 440, FCE 835, FCE 891 or approval of instructor.</td>
<td>Identification, clarification and application of concepts, principles, processes and interactive skills effective in maintaining and enhancing the quality of family relationships. Focus is on developing family strengths.</td>
</tr>
<tr>
<td>FCS 854</td>
<td>Theories of Family Process and Relationships</td>
<td>3(3-0)</td>
<td>FCE 440</td>
<td>Basic research methods course or approval of department. Comparison and analysis of major conceptual and theoretical perspectives in study of the family.</td>
</tr>
</tbody>
</table>

#### Laboratory and Field Experience

<table>
<thead>
<tr>
<th>Course Code</th>
<th>Title</th>
<th>Credits</th>
<th>Prerequisites</th>
<th>Description</th>
</tr>
</thead>
<tbody>
<tr>
<td>FCE 444</td>
<td>Supervised Graduate Practicum</td>
<td>4 credits</td>
<td>Approval of department.</td>
<td>Supervised advanced graduate practicum in medical assistant, internships, and externships in the various areas of emphasis.</td>
</tr>
</tbody>
</table>

#### Directed Studies

<table>
<thead>
<tr>
<th>Course Code</th>
<th>Title</th>
<th>Credits</th>
<th>Prerequisites</th>
<th>Description</th>
</tr>
</thead>
<tbody>
<tr>
<td>FCE 891</td>
<td>Master's Thesis Research</td>
<td>Variable credit</td>
<td>Approval of department.</td>
<td>For students seeking to conduct independent research in family ecology.</td>
</tr>
<tr>
<td>FCE 901</td>
<td>Internship</td>
<td>1 to 5 credits</td>
<td>Approval of department.</td>
<td>Supervised advanced graduate practicum, observation, internships, and externships in the various areas of emphasis.</td>
</tr>
<tr>
<td>FCE 992</td>
<td>Independent Study in Family Ecology</td>
<td>1 to 5 credits</td>
<td>Approval of department.</td>
<td>Supervised study on an individual basis.</td>
</tr>
</tbody>
</table>

#### Seminars in Family Ecology

<table>
<thead>
<tr>
<th>Course Code</th>
<th>Title</th>
<th>Credits</th>
<th>Prerequisites</th>
<th>Description</th>
</tr>
</thead>
<tbody>
<tr>
<td>FCE 900</td>
<td>Seminars in Family Ecology</td>
<td>2 or 3 credits</td>
<td>Approval of department.</td>
<td>Seminars in selected topics.</td>
</tr>
</tbody>
</table>

#### History and Philosophy of Human Ecology

<table>
<thead>
<tr>
<th>Course Code</th>
<th>Title</th>
<th>Credits</th>
<th>Prerequisites</th>
<th>Description</th>
</tr>
</thead>
<tbody>
<tr>
<td>FCE 952</td>
<td>History and Philosophy of Human Ecology</td>
<td>3(3-0)</td>
<td></td>
<td>History and development of human ecology as an interdisciplinary field of study. Values underlying field. Current emphasis.</td>
</tr>
</tbody>
</table>

#### Doctoral Dissertation Research

<table>
<thead>
<tr>
<th>Course Code</th>
