525. Animal Nutrition
Fall, 5(4-2) BCH 401.

800. Advanced Independent Study
(A H 880.) Fall, Winter, Spring, Summer. 1 to 4 credits. May enroll for a maximum of 8 credits. Approval of department. Investigation of areas within animal science of special interest to graduate students.

832. Research Methods in Nutrition
(A H 827.) Winter of odd numbered years. 2(2-0) Approval of department. Experimental techniques in nutrition: ration formulation, animal management, sampling procedures, balance trials, bioassay, tracer methodology, determination of nutrient requirements.

871. Design of Animal Experiments
(SST 854.) Spring. 4(4-0) STT 423. Choice, implementation and statistical analysis of experimental plans for research with animals. Designs for reduction of experimental error. Analysis of experiments with complex structure or unequal subclass numbers.

872. Analysis of Unbalanced Multifactor Data
(SST 855.) Spring. 4(4-0) STT 423. Applied analysis techniques of field or survey data in biological sciences with unbalanced subclass numbers. Building models to fit data and research goals. Interpretation of analysis.

873. Statistical Packages for Analysis of Experiments
Fall. 3(2-2) STT 423 or approval of instructor. Recording data for computer analysis. Computer files and the EDITOR. Methods include SPSS, SAS, BMDP and GENSTAT.

890. Master's Thesis Research
(A H 890.) Fall, Winter, Spring, Summer. Variable credit. Approval of department.

931. Advanced Ruminant Nutrition
(DRY 925.) Fall of even-numbered years. 4(4-0) BCH 452, PSL 801 or approval of department. Microbiology, physiology and biochemistry of ruminant digestion. Absorption and metabolism of rumen fermentation products.

935. Comparative Nutrition—Lipids and Carbohydrates
(HNF 926.) Winter of odd-numbered years. 4(4-0) BCH 452 and a previous course on principles of nutrition. Interdepartmental with and administered by Human Nutrition and Foods. Regulatory aspects of carbohydrate and lipid metabolism as influenced by nutrition in mammals. Emphasis on normal and abnormal physiological states such as obesity, ketosis and diabetes.

986. Comparative Nutrition—Protein Metabolism and Developmental Biology
(HNF 927.) Winter of even-numbered years. 4(4-0) BCH 453, PSL 801 or approval of department. Interdepartmental with Human Nutrition and Foods. Protein quality assessment, protein status, protein calorie malnutrition, amino acid metabolism, protein turnover, digestion and absorption, hormonal control of protein metabolism, developmental aspects of protein metabolism and growth.

937. Comparative Nutrition—Minerals
(A H 928.) Spring of even-numbered years. 3 credits. BCH 452, PSL 801. Interdepartmental with Human Nutrition and Foods. Forms and location in body, metabolic roles, deficiency and toxicity signs, interrelationships, requirements and biological availability of sources.

938. Comparative Nutrition—Vitamins
(A H 929.) Spring of odd-numbered years. 3(3-0) BCH 452 and a previous course on principles of nutrition. Interdepartmental with and administered by Human Nutrition and Foods. Chemical and physical properties, standards of activity, occurrence, metabolic roles, antitoxins, deficiency and toxicity signs, requirements and factors affecting requirements.

941. Genetics of Breed Improvement
(A H 963.) Winter of odd-numbered years. 3(3-0) ANS 314, STT 421. Breed improvement. Changing gene frequency. Genetic and environmental subdivision of phenotypic variance.

942. Breeding Systems and Plans
(A H 964.) Spring of odd-numbered years. 3(3-0) ANS 941. Biometric relations between related animals. Role of selection in changing populations. The effects of different mating systems.

943. Biometrical Genetics
(965.) Fall. 4(4-0) ANS 872. Estimation of variance and covariance components. Best linear unbiased prediction of breeding values and selection index. Genetic models for quantitative traits. Correlation of relatives. Selection theory.

999. Doctoral Dissertation Research
(A H 999.) Fall, Winter, Spring, Summer. Variable credit. Approval of department.

ANTHROPOLOGY

College of Human Medicine
College of Social Science

100. Human Evolution
Fall, Winter, Spring, Summer. 4(4-0) Scientific fossil and archaeological evidence on human cultural and biological origins; anticipation of culture in other animals; place of humans among the primates; processes of organic evolution; modern human genetic variability; culture as an adaptive mechanism; cultural development to the dawn of civilization.

171. Introduction to Sociocultural Anthropology
Fall, Winter, Spring, Summer. 4(4-0) Comparison of ways of life among primitive, peasant and civilized peoples. Implications of these styles of life for understanding of human behavior in general and exotic cultures in particular.

210. The Anthropological Film
Winter. 3(3-2) Ethnographic film as a preserver of vanishing cultures worldwide, as a tool for ethnological analysis and as a creator of perspectives about other cultures and cultural variability.

221. Social and Cultural Analysis
Fall, Spring. 4(4-0) ANP 171 or approval of department. Basic theoretical framework for socio-cultural analysis: structural functionalism, evolutionism, and cultural ecology.

230. Women and Health: Anthropological and International Perspectives
Winter. 3(3-0) Cross-cultural women's health issues. Health implications of differing life circumstances for women in developing countries. Women as health care providers and consumers. Health issues concerning the female life cycle.

250. Culture, Environment and Adaptation
Fall. 4(4-0) Culture as an adaptive process— developed in the million years of human history and still influencing environmental quality, population control, and allocation of resources in primitive and modern societies.

255. Prehistory of the Bible Lands
Spring of odd-numbered years. 3(3-0) Archaeological evidence for prehistoric cultures of Biblical Palestine up to the establishment of the ancient kingdoms of Judae and Israel around 1200 B.C.; rise of civilization into Old Testament times.

IDC. Introduction to Contemporary China
Fall. For course description, see Interdisciplinary Courses.

IDC. Contemporary Japan
Fall. For course description, see Interdisciplinary Courses.

262. Status of Women in Culture and Society: A Comparative View
Fall. 3(3-0) Comparative analysis of the status of women emphasizing non-Western cultures and societies. Economic and domestic division of labor between the sexes as a factor underlying division of status, power and authority.

263. Introduction to Archaeology
Winter. 3(3-0) Archaeologists, work in the field and laboratory: dating the past; analysis of finds; interpretation of sites from Stone Age caves to ceremonial sites.

264. Great Discoveries in Archaeology
Winter. 4(4-0) Great discoveries in archaeology that have captured the public's imagination and shaped the discipline, from Olduvai Gorge to King Tut's tomb.

A-21
265. Vanished Peoples and Lost Civilizations
Fall, Spring. 4(4-0)
Concepts of cultural evolution and origins of civilization as found in popular literature ranging from Atlantis to Chariots of the Gods.

266. War and Aggression
Fall, Spring. 3(0-0)
The question "What makes friends and what makes enemies?" is examined from the standpoint of cultural anthropology. Violence-prone cultures and peaceful ones are compared for factors influencing human aggression.

275. The Anthropology of Asia
Fall of odd-numbered years. 4(4-0)
Several cultural complexes and culture types—from hunting and gathering through complex civilizations—of East, Southeast, and South Asia. The cultures and nature of their development will be examined. Past and present significance of cultural similarity and change will be seen in a comparative framework.

281. The Africans and Their Cultures
Spring. 4(4-0)
Racial and cultural problems confronting the African peoples.

285. Anthropological Perspectives on Global Interdependence
Spring. 4(4-0)
Interwoven nature of cultural traditions in the modern world. Consideration of how people of developing nations respond to the dominant cultural forces of industrialized nations.

IDC. Contemporary South Asia
For course description, see Interdisciplinary Courses.

343. Introduction to Physical Anthropology
Fall. 4(3-2)
Problems, data and techniques associated with the main topical areas of physical anthropology: human genetics, hominid evolution, primate behavior, human osteology and human diversity. Field trips may be required.

350. Peasants and Social Change in the Developing World
Fall. 4(4-0) ANP 171.
Cross-cultural examination of peasantry and rural cultures and societies of Asia, Europe and Latin America. Traditional peasants and social change in developing nations.

353. Rise of Civilization
Spring of even-numbered years. 3(3-0) ANP 100 or ANP 263, or approval of department.
Archaeological evidence for the appearance and development of the world’s earliest prehistoric civilizations; ethnological and ethnohistoric perspectives and the nature of complex societies as models applied to archaeological evidence.

356. Culture, Health and Illness
Spring. 4(4-0) ANP 171.
Anthropological study of health behavior, comparative view of primitive, folk and scientific medical systems and their effect on the individual and the community in the illness situation.

380. Methods of Sociocultural Anthropology
Spring. 4(4-0) ANP 171; one upper division sociocultural ANP course, approval of department.
Field research and analysis methods and techniques in anthropology: development of research problems and questions alternate models of validation; ethics of research and presentation of findings.

381. Anthropology and Education
Winter. 4(4-0) ANP 171 or other social science. For Education and Anthropology majors.
Maturation and socialization in various societies of Asia, Africa, and Latin America. These will be compared with educational institutions in the U.S. and Europe. It is expected to be a contribution to the broader cross-cultural investigation of the teaching/learning process.

388. The Anthropology of Social Movements
Winter. 4(4-0) ANP 171 or approval of department.
Analysis of how different cultures around the world organize and create (or impede) change on the basis of class, religion, race, ethnicity, language, and territory.

400H. Honors Work
Fall, Winter, Spring, Summer. 1 to 18 credits. May reenroll for a maximum of 20 credits. Approval of department.

406. Environmental History
Winter. 4(4-0) Juniors. Interdepartmental with and administered by the Department of History.
History of the impact of human societies on the natural environment. Effect of human induced environmental change on the history of various peoples. Global, thematic approach with emphasis on Europe and America since the 16th century.

407. Interactions of Culture and Nutrition
Spring. 3(3-0) Juniors; HNF 102 or ANP 171 or approval of instructor. Interdepartmental with and administered by Human Nutrition and Foods.
World and U.S. food behavior focusing on conflicts between behavior and nutritional needs at various stages of life cycle. Anthropological, psychological and social influences affecting food behavior are analyzed.

411. Studies in the Anthropology of Asia (MTC)
Fall, Winter, Spring. 4(4-0) May reenroll for a maximum of 16 credits if different subtitles are taken. ANP 171; ANP 275 or approval of department.
Traditional cultures of Asia, emphasizing social, political, economic and ideological factors; traditional cultures and culture change in colonial and modern periods; subtitles focus on different regions of Asia.

415. Studies in the Anthropology of Africa (MTC)
Winter, Spring. 4(4-0) May reenroll for a maximum of 16 credits if different subtitles are taken. ANP 171; ANP 251 or approval of department.
Separate courses on African cultures with emphasis on traditional patterns of social organization, political systems, subsistence and ideology; culture change through colonialism and modernization; traditional cultures and modern states.

418. Critical Issues in Contemporary Africa (MTC)
Fall, Spring. 3(3-0) May reenroll for a maximum of 9 credits if different topics are taken. One course on African subject and approval of instructor. Interdepartmental with African Languages and the departments of Geography, History, Political Science, and Sociology. Administered by the Department of History.
Four separate multidisciplinary topics will be offered at different times: The Horn of Africa, Southern Africa, Africa and the Americas, Social Impact Studies.

419. Studies in the Anthropology of the New World (MTC)
Fall, Winter, Spring. 4(4-0) May reenroll for a maximum of 12 credits if different subtitles are taken. ANP 171 or approval of department.
Separate courses on cultures within the Americas, with emphasis on traditional patterns of society, political systems, subsistence and ideology; culture change through colonialism and modernization; traditional cultures and modern states.

420. Indians of Mexico
Fall. 4(4-0) ANP 171 or approval of department.
Indian cultures and communities in the modern Mexican nation. Emphasis on control of land under agrarian reform, community maintenance, cosmology, social control and identification with the land. Approved through Summer 1987.

421. North American Indian Ethnography (MTC)
Fall of odd-numbered years. 4(4-0) ANP 171; ANP 250 or approval of department.
Native cultures of North America on eve of European contact and during past three centuries of interaction with Europeans. Federal policy toward Native Americans. Traditional adaptations and contemporary problems.

426. Humanistic Perspectives on Global Diversity and Interdependence
Fall. 4(4-0) Juniors or approval of department. Interdepartmental with and administered by the Department of History.
Anthropological and historical analysis of global diversity and interdependence since the 16th century.

427. Contemporary Issues in Global Interdependence and Change
Winter, 4(4-0) Juniors or approval of department. Interdepartmental with and administered by the Department of History.
Interdependence of the modern world since 1945. Focus on such issues as the impact of the West on the non-Western world, industrialization, modernization, population and natural resources.

428. Project in Global Studies
Spring. 4(4-0) HST 426 or HST 427 or approval of instructor. Interdepartmental with and administered by the Department of History. Supervised project to test students' competence in applying the cultural and historical diversity/interdependence frameworks introduced in the prerequisite courses.

**Anthropology — Descriptions of Courses**

457. Public Archaeology
Fall of even-numbered years. 3(3-0) ANP 100, at least one 400-level archaeology course. History of public archaeology; legislation and review procedures at State and Federal level; legal obligations for excavation; requirements for reports and field work; roles of amateurs, professional certification, and private contractors.

458. Archaeological Investigation of Frontiers and Colonization
Fall. 4(4-0) ANP 100 or ANP 263 or approval of department. Use of archaeological research to study cultural dynamics of frontiers and colonization movements, with emphasis on North America. Results of recent historical archaeological research in frontier and colonization situations.

463. Social Anthropology
Fall. 4(4-0) ANP 171 or approval of department. Organization and structure of non-Western societies, ranging from simple tribal and peasant societies to complex civilizations; Social institutions, such as those based upon kinship, sex, age and status, analyzed for specific groups.

464. Religion and Culture
Winter. 4(4-0) ANP 171 or SOC 241 or approval of department. Religious beliefs and magical practices of primitive peoples and functions of magic and folklore in contemporary society. Religion as a institution in society.

465. Symbolic Anthropology
Winter. 4(4-0) ANP 221 or ANP 463 or ANP 464, or approval of department. Course explains how human perception and communication are guided by systems and meanings and relates systems of thought to systems of action. Examples from western and non-western cultures.

467. Language and Culture
Fall, Spring. 4(4-0) Approval of department. Interdepartmental with the Department of English. A survey exploring the interconnectedness of language and culture. Special areas to be emphasized include: Child Language Learning; Linguistic and Cultural Contact Phenomena; "Specialized" Languages, such as Cant, Argot, Trade Jargon, Lingua Franca; "Hybridization" and "Substratum"; Language and Cultural Change; a brief examination of Theories of Origins and of the Sapir-Whorf Hypothesis.

472. Anthropology of Legal Systems
Spring of even-numbered years. 4(4-0) ANP 221 or ANP 463 or approval of department. A comparative examination of legal ideas in selected non-Western preindustrial and peasant societies; parallels and contrasts are drawn with key legal ideas of modern Western systems.

473. Culture and Personality
Fall. Spring. 4(4-0) One 300 level anthropology or sociology course. Interdepartmental with the Department of Sociology. Human nature in evolutionary and cross-cultural perspective. Special attention to relating theories of anthropology and psychology to methods of studying personality in non-Western societies.

474. Culture and Economic Behavior
Winter. 4(4-0) ANP 221 or ANP 463 or approval of department. Economic systems of changing cultures in Asia, Africa and Latin America. The cultural matrix of economic transactions and relations of economic and other social and cultural institutions seen in a comparative framework. Emphasis is placed on traditional agricultural or tribal communities.

477. Urban Anthropology
Winter. 3(3-0) Juniors. Applies anthropological concepts to urban issues. The cross-cultural perspective includes the study of American culture and cities. Topics include ideology, social organization, power, property, urbanization processes and urban reform.

479. Anthropology Capstone Course
Spring. 4(4-0) Senior Anthropology majors. Seminar on the integration of the subdivisions of anthropology and its distinctions from other approaches in the social sciences; perspectives on future directions of anthropological inquiry and options for careers.

482. American Folk Medicine
Winter. 3(3-0) Juniors or approval of department. Traditional practices of health maintenance and healing in American cultures. Health-related folklore and practices include taboo, religious healing, witchcraft and herbal medicine.

484. Methods of Field Archaeology
Summer. 4(4-0) ANP 263 or approval of department. Methods of field research in archaeology. Site survey, excavation, sampling, data recording, field photography, field laboratory procedures, mapping. Problem formation, hypothesis testing, preliminary analysis.

486. Practicum in Field Archaeology
Summer. 2 to 12 credits. May reenroll for a maximum of 20 credits. Approval of department. Application of methods and techniques of field archaeological research using actual sites and in the context of participation in a research program. Small groups work closely with staff in the execution of research designs.

490. Topics in Anthropology (MTC)
Fall, Winter, Spring. Summer. 2 to 6 credits. May reenroll for a maximum of 20 credits when a different topic is given. Approval of department. Experimental courses and courses taught by visiting scholars.

495. Topics in Medical Anthropology (MTC)
Fall, Winter, Spring. 2 to 6 credits. May reenroll for a maximum of 16 credits if different subtitles are taken. Approval of department. Western and non-Western health care and medical systems, relationships between cultural systems and treatment of illness, cross-cultural analysis of health maintenance and medical delivery.
499. Independent Study
Fall, Winter, Spring, Summer. 2 to 16 credits. May reenroll for a maximum of 16 credits. Written approval of instructor and department. Study of a selected topic under the guidance of a faculty adviser in the area of specialty, including field work.

800A. Concepts in Anthropology: Sociocultural Anthropology
Fall. 4(4-0) Approval of department. Theories, methods, data and issues characterizing anthropological thinking in sociology and differentiating sociocultural anthropology from other subdisciplines.

800B. Concepts in Anthropology: Biocultural Evolution
Winter. 4(4-0) Approval of department. Theories, methods, data and issues characterizing the study of human biological and cultural development from the perspective of anthropological theory.

811. Core Seminar in Sociocultural Theory and Analysis I
(801.) Fall. 4(4-0) Approval of department. Analytic assessment of sociocultural anthropology in terms of historical development of anthropological theory. Selected analytical methods and issues in relation to their ethno­graphic contexts.

812. Core Seminar in Sociocultural Theory and Analysis II
(802.) Winter. 4(4-0) ANP 811. Continuation of ANP 811.

813. Core Seminar in Sociocultural Theory and Analysis III
(803.) Spring. 4(4-0) ANP 812. Continuation of ANP 812.

814. Core Seminar in Paleoanthropology I
(804.) Winter. 4(4-0) Approval of department. Evolutionary theory followed by an examination of data and analysis pertinent to hominid evolution. Development of culture through the Middle Pleistocene.

815. Core Seminar in Paleoanthropology II
(805.) Spring. 4(4-0) ANP 814. Hominid evolution and cultural development from the Middle Pleistocene through the Early Holocene. Issues illustrating the ways in which paleoanthropologists solve problems.

820. Overview I, Medical Anthropology
Fall. 3(3-0) Approval of instructor. Theoretical frameworks central to studies of health and illness. Culturally defined approaches to diagnosis and healing. The evolution of disease.

821. Overview II, Medical Anthropology
Winter. 3(3-0) Approval of instructor. A modular seminar in theoretical and applied issues in the field of medical anthropology. A different theme is explored each year (e.g., healers, biology and culture, political economics of health).

823. Seminar on Ethno-obstetrics and Midwifery
Fall of even-numbered years. 3(3-0) ANP 439 or approval of department. Anthropological perspectives on obstetric systems in different cultures. Functions, philosophies and efficacy of birth practitioners in modern and traditional societies. Crosscultural obstetric technologies. Crosscultural maternal and child healthcare delivery systems.

826. Anthropological Analysis of Population
Spring of odd-numbered years. 4(4-0) SOC 420 or approval of instructor. Anthropological approaches to human population dynamics from prehistoric times to the present. Critical approaches to the theory of the demographic transition. Relationships among social structure, household economic situations and population.

830. Kinship Studies
Winter of odd-numbered years. 4(4-0) Approval of department. The course will raise the question of what kinship is and why it has been such a central topic in anthropology. Various controversies and theoretical trends will be presented and analyzed.

831. Linguistic Anthropology
Winter. 4(3-2) Approval of department. The nature of language; techniques for the description and comparison of languages; linguistics as an anthropological tool: language and culture.

835. Human Osteology and Osteometry
Spring of even-numbered years. 5(3-4) Approval of department. Identification of human bones and fragments; aging, sexing and determining the race of skeletal remains; measuring techniques for cranial and postcranial remains; the more common forms of paleopathology.

839. African Research
(TDC 838) Fall, Winter, Spring. 2 to 4 credits. May reenroll for a maximum of 8 credits. Graduate standing or approval of instructor. Interdepartmental with African Languages and the departments of Educational Administration, Geography, History, Political Science, and Sociology. African-related archival and field research topics and methodologies viewed from perspective of relevant social science and humanistic disciplines associated with the African Studies Center.

850. Archaeological Methods and Techniques
Winter. 4(4-0) Approval of department. Seminar outlining archaeological method and the role of technique in the stratigraphy of archaeology. Techniques and problems of information retrieval will be emphasized.

856. Methodology of Anthropological Research
Winter. 1 to 12 credits. Approval of department. Seminar in problems of anthropological investigation considered in the framework of history and philosophy of science. Relevance of various field techniques, methods of data gathering and data handling, and strategies of analysis for various problems are treated.

855. Cultural Ecology
Spring of even-numbered years. 4(4-0) Approval of department. Relationship of human populations to their ecosystems; comparative analysis of roles of technology and culture in mediating environmental adaptation; processes of change; case studies of technologically induced sociocultural change.

889. Social Impact Analysis and International Development
Spring of odd-numbered years. 4(4-0) Approval of department. Interdepartmental with the Department of Sociology. Evaluation of development programs and assessment of their sociocultural impacts on Third World rural populations. Methods of impact analysis. Anthropological theories of change and development.

872. Seminar in Special Subject Fields (MTC)
Fall, Winter, Spring, Summer. 2 to 6 credits. May reenroll for a maximum of 24 credits when new fields are offered. Approval of department. Special fields of study will include any area of anthropology selected.

875. Individual Research Projects
Fall, Winter, Spring, Summer. 1 to 12 credits. May reenroll for a maximum of 24 credits. Approval of department. Approval of department.

880. Individual Readings
Fall, Winter, Spring, Summer, Variable credit. Approval of department. Approval of department.

999. Doctoral Dissertation Research
Fall, Winter, Spring, Summer. Variable credit. Approval of department.

ART

College of Arts and Letters

History of Art

205. Purposes of Art (A)
Fall, Winter, Spring. 3(3-0) Not open to majors. Individual paintings, sculptures, and architectural works examined intensively for their reflections of cultural life, especially in the Western World, as well as for their formal and stylistic qualities.
