880. Organization and Control in the Political Economy: Institutions and Theory
Winter of even-numbered years, 4(4-0) Interdepartmental with and administered by the Department of Economics. Organization and technique, in choice and implementation of economic, especially planning, programming) functions of political authority.

881. Organization and Control in the Political Economy: Selected Problems
Winter of odd-numbered years, 4(4-0) Approval of instructor, Interdepartmental with and administered by the Department of Economics. Analysis of role and tasks, appropriate techniques and organizational structures of political agencies in planning and management of complex programs.

890. Special Problems
Fall, Winter, Spring, Summer. 1 to 4 credits. May reenroll for a maximum of 12 credits. Approval of department.

906. Behavioral Research: Organization
Winter. 3 credits. MTA 905. Concepts and methods of behavioral science research that are applicable to the study of organization as a strategic device in the development of tangible and intangible values and in the control of elements of business enterprises.

907. Seminar in Organizational Behavior
Fall. 4(4-0) MGT 806. Directed reading on the behavior of individuals within business organizations. Theory and research in motivation, leadership, and group dynamics are covered.

908. Seminar in Organization Theory
Winter, 4(4-0) MGT 806; doctoral candidates, master's candidates with approval of department. Interdepartmental with the Department of Psychology. Directed reading and research on issues in contemporary organization theory.

911. Seminar in Personnel Research
Spring. 4(4-0) MGT 810; doctoral candidates, master's candidates with approval of department. Directed reading and research on issues in contemporary personnel administration theory and practice.

912. Special Topics Research Seminar
Fall, Winter, Spring. 2 to 4 credits. May reenroll for a maximum of 12 credits. Approval of department. Specialized topics in management.

920. Manufacturing Strategy
Winter. 4(4-0) MGT 801, MGT 821. Strategic planning in manufacturing. The corporate, national and international environments of operations management. Formulating and evaluating manufacturing strategy and policies vis-a-vis corporate and other functional strategies.

921. Inventory Theory
Spring. 4(4-0) MGT 920 or approval of department. Classical and neoclassical inventory models under various conditions of uncertainty and organizational complexity. Evaluation of large planning systems for manufacturing and distribution inventory.

922. Production Planning and Scheduling
Fall. 4(4-0) MGT 921 or approval of department. The hierarchy of strategic and operational production planning and scheduling.

923. Topics in Operations Management
Spring. 4(4-0) MGT 922 or approval of department. Current research in Operations Management, Research methods and strategies. Preparation and presentation of student papers.

999. Doctoral Dissertation Research
Fall, Winter, Spring, Summer. Variable credit. Approval of department.

MARKETING AND TRANSPORTATION ADMINISTRATION MTA
College of Business and Graduate School of Business Administration

300. Marketing Management in Business and Society I
Fall, Winter, Spring. 4(4-0) EC 202, ACC 201 or ACC 230. Firm and consumer roles in the exchange system for goods and services. Competitive analysis of market structures and marketing management. Fitting product-service offerings to various customer group needs.

301. Marketing Management in Business and Society II
Fall, Winter, Spring. 4(4-0) Juniors, MTA 300. Development of distribution, communication and pricing policies. Integration of product, distribution, communication and price policies into a marketing plan. Emphasis on financial aspects of marketing and impact on society.

303. Materials and Logistics Management
(MGT 300.) Fall, Winter, Spring, Summer. 4(4-0) Juniors in the College of Business or approval of department. Interdepartmental with and administered by the Department of Management. Management concepts and techniques for purchasing, operations and distribution processes. Productivity and profit contributions. Planning, analysis and control of purchasing, production and transportation-distribution.

304. Operations Planning and Control
(MGT 301.) Winter, Spring. 4(4-0) MGT 303 or approval of department. Interdepartmental with and administered by the Department of Management. Managing the production system. Process development, process selection, facilities location and layout; staffing, materials, cost and quality control.

305. Purchasing Management
Fall, Winter, Spring. 4(4-0) MGT 303 or approval of department. Interdepartmental with and administered by the Department of Management. Planning, organizing and controlling the purchasing function within organizations. Purchasing responsibilities, objectives and policies. Source selection and evaluation. Price, cost and value analysis, Negotiation. Managing purchase inventories.

311. Personal Selling
Fall, Winter, Spring. 3(3-0) MTA 300. Theories, principles, methods and techniques of personal selling with application to different buyer-seller situations. Development of interpersonal communication skill. Career opportunities in selling.

313. Sales Management
Fall, Winter, Spring. 4(4-0) MTA 300. Organization and administration of the firm's personal selling. Topics include: recruitment, selection, training, compensation, evaluation, development, and motivation of the sales force: market assessment, territory alignment, and quotas; annual analysis and budgeting.

317. Quantitative Research Methods
Fall, Winter, Spring. 4(4-0) STT 315. Interdepartmental with the Department of Statistics and Probability. Application of statistical techniques to business decision making. Topics covered include applications of linear regression and correlation, analysis of variance, selected non-parametric tests, time series, and index numbers.

320. Consumer and Buyer Behavior
Fall, Winter, Spring. 4(4-0) MTA 300. Consumer-broader behavior characteristics, theories and research methods for marketing and strategies and problem solving. Emphasis on predicting and understanding purchase behavior for best firm-buyer needs match.

335. Food Processing and Distribution Management
Winter. 3(3-0) MTA 300 or FSM 200. Interdepartmental with Food Systems Economics and Management. Analysis of problems faced in the food processing and distribution system. Includes functional interrelationships, consumer orientation and future development.

341. Transportation Distribution Systems
Fall, Winter, Summer. 4(4-0) MGT 303 or approval of department. Interdepartmental with the Department of Management. Application of economic and business principles to transportation and distribution systems. Functional analysis of all major transport modes. Identification of major issues, analysis of alternatives and discussion of probable future outcomes.
342. Traffic Management
Winter, Spring, Summer. 4(4-0) MCT 303 or approval of department. Interdepartmental with the Department of Management.
Basic practices related to purchasing and operating transportation services for private and public enterprises.

351. Retail Management
Fall, Winter, Spring, Summer. 4(4-0) MTA 300, ACC 201 or concurrently.
Management methods, locational analysis, store organization, personnel planning, merchandising, buyer and pricing techniques and customer service policies for retail firms. Survey of retailing and its role in distribution.

400H. Honors Work
Fall, Winter, Spring, 1 to 15 credits.
Approval of department.
Investigation of concepts and research findings of particular significance to effective decision making in administration of marketing and transportation systems.

403. Research and Negotiation for Purchasing Materials and Management
Fall, Winter, Spring. 4(4-0) MGT 304 or approval of department. Interdepartmental with and administered by the Department of Management.
Applied research and planning focusing on the purchasing and materials management functions in organizations. Preparation for and conducting purchase negotiations. Field research studies. Administration of the research and planning effort.

405. Operations Management Topics
Fall, Winter, Spring. 4(4-0) MGT 304 or approval of department. Interdepartmental with the Department of Management.
Consideration of current and controversial questions in operations management. Field experience to study operations and policies in business. Industry studies; impact of new technology and government regulations.

407. Materials and Logistics Policy
Winter, Spring. 4(4-0) MGT 304 or approval of department. Interdepartmental with the Department of Management.
Analysis of representative cases incorporating topical coverage of the entire materials and logistics management program.

409. Field Studies in Business
Fall, Winter, Spring, Summer. 1 to 4 credits. May reenroll for a maximum of 8 credits. Majors and approval of department.
Planning, research, independent research or observation, study, and work in selected business firms. Designed to supplement classroom study in such a way as to make maximum contribution to student's total educational experience.

411. Marketing Research
Fall, Winter, Spring, Summer. 5(5-0) MTA 301, MTA 317.
Research process as an aid to decision making in marketing management. Specific attention to the planning of research and gathering analysis and interpretation of data.

415. International Market Systems
Fall, Winter. 4(4-0) MTA 300.
Development of concepts and models for utilizing international markets. Design of international organization and marketing systems. Study of major methods, models, strategies of international trade and operations. Applications through reports and case decisions.

413. Marketing Development and Policies
Fall, Winter, Spring, Summer. 4(4-0) MTA 301, MTA 414 and at least 3 additional credits of MTA electives.
Study and integration of major tasks and decisions involved in developing and marketing products. Comprehensive discussion of cases involving different decisions for a variety of products.

439. Advanced Food Processing and Distribution Management
Fall. 3(3-0) MTA 335. Interdepartmental with Food Systems Economics and Management.
Managerial principles and techniques applied to food processing and distribution. Emphasizes adjustment to changing social, economic and internal company environment. Student interaction with industry, labor and government representatives. Field trips, special projects.

445. Physical Distribution Management
Fall, Winter, Spring. 4(4-0) MGT 303 or approval of department. Interdepartmental with the Department of Management.
Microanalysis of private and public physical distribution systems. Emphasis on component parts of the movement system; analytical tools used in planning, implementing and controlling the system.

452. Retail Policies and Problems
Spring. 4(4-0) MTA 351.
Analysis of retail problems with examination of selected current major problem areas. Criticized review of budgetary and other controls, standards and techniques used to achieve management objectives.

500. Materials and Logistics Management
Fall, Winter, Spring. 4(4-0) MGT 304 or approval of department. Interdepartmental with the Department of Management.
Graduate students. Interdepartmental with and administered by the Department of Management.
Management concepts and frameworks for acquisition, conversion and distribution processes. Impact on business and social systems, productivity and profit. Emphasis on planning, analysis and control of purchasing, production and physical distribution.

808. Emerging Issues in the Business Environment
Winter, Spring. 4(4-0) MGT 800. Interdepartmental with the Department of Management.
Planning and control of the enterprise's transportation and physical distribution system. Emphasis on detailed examination of component parts of the movement storage systems.

809. Transportation Distribution Strategies
Fall, Winter. 4(4-0) MGT 801. Interdepartmental with the Department of Management.
Selected significant current organization, social, political, economic and cultural issues are examined in relation to business policy and decision making. Discussions, readings and research reports. Topics selected may vary from term to term.

811. Seminar in Marketing
Fall, Winter, Spring. 4(4-0) MGT 802. Interdepartmental with the Department of Management.
Selected significant current organization, social, political, economic and cultural issues are examined in relation to business policy and decision making. Discussions, readings and research reports. Topics selected may vary from term to term.

815. Business and Material Forecasting
(MGT 802.) Fall. 4(4-0) MGT 800 or approval of department. Interdepartmental with and administered by the Department of Management.

816. Transportation Policy and Plans
Fall, Winter. 4(4-0) MGT 800. Interdepartmental with the Department of Management.
An operational model and theoretical perspective on national policies that are apt to shape the future of the transportation system. Interaction of government, carrier, and user logistics and distribution strategies.
Descriptions — Marketing and Transportation Administration

Courses

821. Production and Inventory Planning and Control
Winter, Spring. 4(4-0) MCT 800 or approval of department. Interdepartmental with and administered by the Department of Management.
Theory and practice of production and inventory planning and control. Focus on computer based planning systems for material requirements including aggregate planning, master scheduling, capacity planning, shop floor control and inventory planning.

823. Seminar in Retailing
Winter. 4(4-0)
Critical analysis of available generalizations concerning the economic, social, and commercial role of retailing. Special attention to concepts of retail competition and productivity. Emphasis on research in improving retail efficiency.

824. Marketing Channel Management
Spring. 4(4-0) MTA 805.
Seminar in selected organizational, social, political, economic and cultural issues related to management in marketing channels.

831. Food Marketing Management
Fall, Winter, Spring.
Food industry adjustment to changing social, economic and internal company environment. Managerial principles and techniques applied to food processing and distribution. Student interaction with industry, labor and government representatives.

841. Materials and Logistics Management Policy
Spring, Summer. 4(4-0) MCT 800 plus 30 credits in the MBA Program. Interdepartmental with the Department of Management.
Case course that integrates the materials and logistics management program. Emphasis on problem recognition, applying course materials and preparation of plans that improve total systems performance.

851. Market Behavior and Competitive Strategy
Fall, Winter, Summer. 4(4-0) MTA 805.
Industrial and consumer market structure and behavior and their impact upon the firm's competitive operations and actors.

853. Market Programming
Winter, Spring, Summer. 4(4-0) MTA 805.
Planning processes leading to programming the various elements of market cultivation. Major emphasis is given to the development of a total marketing strategy for the firm. Case analysis.

854. Problem-Solving Processes in Marketing
Fall, Spring. 4(4-0) MTA 833.
The problem-solving process is approached through the investigation and solution of current marketing problems by research teams.

855. Market Cost-Revenue Analysis
Winter. 4(4-0) One course in accounting and one in marketing. Interdepartmental with the Department of Finance and Insurance.
Analytical tools for use in planning and controlling marketing activities. Emphasis on the determination of factors causing marketing cost differences and the assignment of costs to those factors. Application of tools to determination of expenditure-revenue patterns and market potentials.

860. International Business
Fall, Summer. 4(4-0) MTA 805.
The economic environment within which the international firm operates is presented. Special emphasis on relating trade and payments theory, regional analysis, and economic development to strategy formulation of the firm. Marketing, financial, and organizational factors are considered.

862. International Marketing
Winter. 4(4-0) MTA 800.
Models for headquarters planning and control of international marketing operations are developed. Social, cultural, institutional, and economic variables are considered in studying marketing operations in foreign environments.

863. Problems in International Business
Spring. 4(4-0) MTA 862.
Examination of strategies and organizations for international business. In-depth consideration of headquarters and overseas personnel, marketing, financial, and legal issues.

890. Special Problems
Fall, Winter, Spring, Summer. 1 to 4 credits. May reenroll for a maximum of 8 credits. Approval of department.

905. Analysis of Business Enterprise Systems
Fall. 3 credits. MTA 805; MGT 806.
Research concepts and scientific methods for the study of business enterprise systems. The design of research, formulation of hypotheses, concepts of measurement and use of quantitative methods in the study of business systems.

909. Theory of Transportation-Distribution Systems
Fall. 4(4-0)
Examines the functions of transportation-distribution systems. Develops the relevant elements of networks, systems, and economic theory with empirical design. Applications to the design, evaluation, and control of representative macro and micro systems.

910A. Advanced Research in Marketing I
Winter. 4(4-0) Second-year doctoral students in marketing.
Advanced concepts and quantitative methods in the scientific investigation of market phenomena and the tools of market cultivation.

910B. Advanced Research in Marketing II
Spring. 5(5-0) MTA 910A.
Continuation of MTA 910A.

911A. History of Market Thought
Fall. 4(4-0) May reenroll for a maximum of 15 credits. MTA 851.
Traces the evolution of marketing institutions, techniques, theories and criticism. The influence of changing environmental and technological factors on marketing practice and thought. Readings in retrospective and original materials, discussion and research paper.

911B. Seminar in Macro Marketing
Winter. 4(4-0) May reenroll for a maximum of 15 credits. MTA 911A.
Examines the relationships between competition, marketing and corporate and economic factors. Emphasis is given to a functional examination of competition and the central role of innovation in the process.

912. Research Methodology in Transportation-Distribution Systems
Winter. 4(4-0) MTA 912, MTA 909.
Research methodology in the design and administration of transportation-distribution systems. Emphasis on technique and methodology for conducting system design studies and evaluation of common implementation problems.

914. Transportation-Distribution Development Policy
Spring. 4(4-0) MTA 909, MTA 912.
Application of transportation planning and control in tested and developed in MTA 900 and MTA 912 to the design of research processes and reports in significant transport and distribution problems.

957. Seminar in Micro Marketing
Spring. 4(4-0) MTA 911A.
Examines the current state of theory concerning the planning and implementation of marketing strategies and programs, and tries to identify whether future research is needed and/or will be most useful to marketing and business managers.

999. Doctoral Dissertation Research
Fall, Winter, Spring. Variable credit. Approval of department.

MATHEMATICS

MTH

College of Natural Science
One and one-half years of high school algebra and one year of geometry and a satisfactory score on the placement test are prerequisites for all courses in the Department of Mathematics which carry credit.

0813. Elements of Algebra
Fall, Winter, Spring. 0(3-0)
[3(3-0)] See page A-1 item 3. Current enrollment in MTH 1033.
Fractions, decimals, real number properties, algorithms of arithmetic, simple factoring, simplifying algebraic expressions, parentheses, reciprocals, linear equations, integer exponents, applied problems, coordinate systems, graphing, solving equations by graphing. Approved through Fall 1988.

0823. Intermediate Algebra
Fall, Winter, Spring. 0(2-0)
[2(2-0)] See page A-1 item 3. Current enrollment in MTH 1043. One year of high school algebra, satisfactory score on placement exam.
Properties of real numbers, polynomials, factoring, exponents, roots and radicals, first and second degree equations, linear inequalities, complex numbers, word problems, system of equations, operating on algebraic expressions, simplifying algebraic expressions. Approved through Fall 1988.

1033. Elements of Algebra
Fall, Winter, Spring. 2(2-0)
Current enrollment in MTH 0813.
Fractions, decimals, real number properties, algorithms of arithmetic, simple factoring, simplifying algebraic expressions, parentheses, reciprocals, linear equations, integer exponents, applied problems, coordinate systems, graphing, solving equations by graphing. Approved through Fall 1988.
