Agriculture and Natural Resources

College of Agriculture and Natural Resources

220. Plants and Their Environment
Winter, 3(3-0) Interdepartmental with and administered by the Department of Forestry.
Relationships between plants and fundamental climatic, edaphic, and biotic factors; structure and function of different ecosystems in relation to environmental factors.

275. Exploring International Agriculture
Spring, 3(3-0)
Exploration of overseas assignments with international agencies; potential world food actualities and possibilities; special problems of the tropics compared with those in temperate regions.

280. Selected Topics
Fall, Winter, Spring, Summer. 1 to 4 credits. May reenroll for a maximum of 6 credits if different topics are taken. Approval of department.

350. Leadership Development for Agriculture and Natural Resources
Winter, Spring, 3(3-0) Gleen W. K. Kellogg Biological Station Fall. Spring. 3 credits. May reenroll for a maximum of 6 credits. Approval of department.

399. Professional Internships in Agriculture and Natural Resources
Fall, Winter, Spring, Summer. 6 to 12 credits. May reenroll for a maximum of 12 credits. Juniors and approval of department.
Professionalized experiences in a student's major. Supervision and evaluation by faculty and cooperating agencies.

410. Environmental Toxicology
Winter, 4(4-0) B S 212, BCH 401. Interdepartmental with and administered by the College of Natural Science.
Fat and effects of toxic chemicals in soil, plants, wildlife, and aquatic systems. Interactions between chemicals and the environment which influence their fate and ecological importance.

425. Agriculture and Natural Resources Seminar
Spring, 2(2-0)
Current agricultural, natural resources, and environmental problems and solutions as presented by discussion leaders from various disciplines, arranged by undergraduate students.

446. Pest Management: Biological Systems for Plant Protection
Fall, 3(3-0) ENT 425, HRT 402 or CSS 402. BOT 405 or concurrently or approval of instructor. Interdepartmental with and administered by the College of Natural Science.
Management of plant pests utilizing host resistance, cultural practices, legislation, and biological systems.

447. Pest Management: Systems Management for Plant Protection
Fall, 4(3-0) ENT 445, HRT 402 or CSS 402. BOT 405 or concurrently or approval of instructor. Interdepartmental with and administered by the College of Natural Science.
Designed to integrate knowledge and improve ability in arriving at pest management decisions of varying complexity involving the fields of agronomy, wildlife, horticulture, entomology, and plant pathology.

448. Pest Management: Systems, Approaches to Pest Management
Fall, 3(3-0) ENT 445, HRT 402 or CSS 402. BOT 405 or concurrently or approval of instructor. Interdepartmental with and administered by the College of Natural Science.
Designed to integrate knowledge and improve ability in arriving at pest management decisions of varying complexity involving the fields of agronomy, wildlife, horticulture, entomology, and plant pathology.

455. Natural Resource Economics
Fall, 4(3-0) EC 200 or EC 201. Interdepartmental with the departments of Fisheries and Wildlife, Forestry, Park and Recreation Resources and Resource Development. Administered by the Department of Forestry.
Basic economic and institutional principles and techniques that govern the production and consumption of renewable natural resources. Natural resource economics, project analysis, and distributional considerations.

462. Agricultural and Rural Development in Developing Nations
Fall, 3(3-0) PAM 201 or EC 201. PAM 202 recommended. Interdepartmental with Public Affairs Management, and Food Systems Economics and Management. Administered by Food Systems Economics and Management.
Traditional agricultural systems and the incentive environment for economic growth in rural areas. Adjustment to technological, institutional and human change. Strategies for rapid agricultural transformation.

475. International Studies in Agriculture and Natural Resources
Spring, 3 to 9 credits. Approval of college.
Study-travel experience emphasizing contemporary problems affecting agriculture in the world, national, and local communities. Field trips, case studies, interviews with leading experts, government officials, community leaders. Supervised individual study.

491. Natural Resources and Modern Society
Spring, 3(3-0) Juniors. Interdepartmental with the departments of Forestry, and Resource Development. Administered by the Department of Forestry.
A survey of the social and economic significance of natural resources in modern industrial and urban society. Current problems of natural resources management and use are examined in terms of the society in which they exist.

American Studies

College of Arts and Letters

301. Issues in American Civilization
Fall. 3(3-0) May reenroll for a maximum of 9 credits. Sophonores.
Selected issues in American life past and present, with materials drawn from such disciplines as history, social sciences, philosophy, literature and the arts. Topics vary.

377. The Natural Environment: Perceptions and Practices
Fall, 4(4-0) Sophonores. Interdepartmental with Lyman Briggs School. Administered by Lyman Briggs School.
Factors which have influenced U.S. environmental attitudes as reflected in art and literature. Ways in which changing attitudes have led to changes in legislation and practice.

378. Popular Culture and Technical Change
Winter, 4(4-0) Juniors or approval of department, interdepartmental with and administered by Lyman Briggs School.
Interrelationships among elements of mass culture and technological change. Introduction to relevant research methods.

410. Perspectives in American Studies
Winter, 3(3-0) Juniors. approval of American Studies adviser.
Methods and significant works, for majors in the American Studies program. Offered by members of the relevant departments.

411. Problems in American Civilization
Spring, 3(3-0) may reenroll for a maximum of 6 credits if different topic is taken. Juniors, approval of American Studies adviser.
Seminar approaches to selected problems in American life employing the objectives and approaches of interdisciplinary studies. Offered by members of relevant departments, for majors in the American Studies program.

American Thought and Language

College of Arts and Letters

To satisfy the University General Education requirement, a student must take one course in each of the following groups. No courses may be taken for elective credit.

1. 114, 121, 131, 141, 151, 161, 171, 181, 191H
2. 1154, 122, 132, 142, 152, 162, 172, 182, 192H
3. 1164, 123, 133, 143, 153, 163, 173, 183, 193H
