OSTEOPATHIC MEDICINE O M

College of Osteopathic Medicine

OSTEOPATHIC MEDICINE OST
(COLLEGE OF)

590. Special Problems in Osteopathic Medicine
Fall, Winter, Spring, Summer. 1 to 8 credits. May reenroll for a maximum of 12 credits. Grade P in all courses offered in terms 1 through 8. Clinical exposure in osteopathic medicine. Program developed to achieve proficiency in osteopathic patient evaluation, management, and therapy. May reenroll for a maximum of 45 credits. Approval of department. Each student will work under direction of a faculty member on an experimental, theoretical or applied problem.

620. Directed Studies
Fall, Winter, Spring, Summer. 2 to 14 credits. Admission to a college of medicine or osteopathic medicine. Individual or group work on special problems in medicine. May reenroll for a maximum of 45 credits. Admission to a college of medicine or approval of department.

651. Obstetrics—Gynecology Clerkship
Fall, Winter, Spring, Summer. 8 credits. Grade P in all courses offered in terms 1 through 8. Clinical exposure in obstetrics and gynecology. Program developed to achieve efficiency in obstetrical patient evaluation, management, motor skills, aptitudes; evaluation of postpartum patient; management of gynecologic problems.

653. Surgery Clerkship
Fall, Winter, Spring, Summer. 8 credits. Grade P in all courses offered in terms 1 through 8. Clinical exposure in area of surgical diagnosis, management, treatment. Program structure developed to achieve proficiency in motor skills, aptitudes; comprehension of concepts and principles; patient evaluation, diagnosis, management, and therapy.

654. Anesthesiology Clerkship
Fall, Winter, Spring, Summer. 4 to 8 credits. Grade P in all courses offered in terms 1 through 8. Clinical exposure in the area of anesthesiology. Motor skills; concepts and principles; patient evaluation, management, and therapy.

590. Special Problems in Osteopathic Medicine
Fall, Winter, Spring, Summer. 1 to 8 credits. May reenroll for a maximum of 12 credits. Grade P in all courses offered in terms 1 through 8. Clinical exposure in osteopathic medicine. Program developed to achieve proficiency in osteopathic patient evaluation, management, motor skills, aptitudes; evaluation of postpartum patient; management of gynecologic problems.

620. Directed Studies
Fall, Winter, Spring, Summer. 2 to 14 credits. Admission to a college of medicine or osteopathic medicine. Individual or group work on special problems in medicine. May reenroll for a maximum of 45 credits. Admission to a college of medicine or approval of department.

651. Obstetrics—Gynecology Clerkship
Fall, Winter, Spring, Summer. 8 credits. Grade P in all courses offered in terms 1 through 8. Clinical exposure in obstetrics and gynecology. Program developed to achieve efficiency in obstetrical patient evaluation, management, motor skills, aptitudes; evaluation of postpartum patient; management of gynecologic problems.

653. Surgery Clerkship
Fall, Winter, Spring, Summer. 8 credits. Grade P in all courses offered in terms 1 through 8. Clinical exposure in area of surgical diagnosis, management, treatment. Program structure developed to achieve proficiency in motor skills, aptitudes; comprehension of concepts and principles; patient evaluation, diagnosis, management, and therapy.

590. Special Problems in Osteopathic Medicine
Fall, Winter, Spring, Summer. 1 to 8 credits. May reenroll for a maximum of 12 credits. Grade P in all courses offered in terms 1 through 8. Clinical exposure in osteopathic medicine. Program developed to achieve proficiency in osteopathic patient evaluation, management, motor skills, aptitudes; evaluation of postpartum patient; management of gynecologic problems.

620. Directed Studies
Fall, Winter, Spring, Summer. 2 to 14 credits. Admission to a college of medicine or osteopathic medicine. Individual or group work on special problems in medicine. May reenroll for a maximum of 45 credits. Admission to a college of medicine or approval of department. Each student will work under direction of a faculty member on an experimental, theoretical or applied problem.

651. Obstetrics—Gynecology Clerkship
Fall, Winter, Spring, Summer. 8 credits. Grade P in all courses offered in terms 1 through 8. Clinical exposure in obstetrics and gynecology. Program developed to achieve efficiency in obstetrical patient evaluation, management, motor skills, aptitudes; evaluation of postpartum patient; management of gynecologic problems.

653. Surgery Clerkship
Fall, Winter, Spring, Summer. 8 credits. Grade P in all courses offered in terms 1 through 8. Clinical exposure in area of surgical diagnosis, management, treatment. Program structure developed to achieve proficiency in motor skills, aptitudes; comprehension of concepts and principles; patient evaluation, diagnosis, management, and therapy.

590. Special Problems in Osteopathic Medicine
Fall, Winter, Spring, Summer. 1 to 8 credits. May reenroll for a maximum of 12 credits. Grade P in all courses offered in terms 1 through 8. Clinical exposure in osteopathic medicine. Program developed to achieve proficiency in osteopathic patient evaluation, management, motor skills, aptitudes; evaluation of postpartum patient; management of gynecologic problems.

620. Directed Studies
Fall, Winter, Spring, Summer. 2 to 14 credits. Admission to a college of medicine or osteopathic medicine. Individual or group work on special problems in medicine. May reenroll for a maximum of 45 credits. Admission to a college of medicine or approval of department. Each student will work under direction of a faculty member on an experimental, theoretical or applied problem.

651. Obstetrics—Gynecology Clerkship
Fall, Winter, Spring, Summer. 8 credits. Grade P in all courses offered in terms 1 through 8. Clinical exposure in obstetrics and gynecology. Program developed to achieve efficiency in obstetrical patient evaluation, management, motor skills, aptitudes; evaluation of postpartum patient; management of gynecologic problems.

653. Surgery Clerkship
Fall, Winter, Spring, Summer. 8 credits. Grade P in all courses offered in terms 1 through 8. Clinical exposure in area of surgical diagnosis, management, treatment. Program structure developed to achieve proficiency in motor skills, aptitudes; comprehension of concepts and principles; patient evaluation, diagnosis, management, and therapy.

590. Special Problems in Osteopathic Medicine
Fall, Winter, Spring, Summer. 1 to 8 credits. May reenroll for a maximum of 12 credits. Grade P in all courses offered in terms 1 through 8. Clinical exposure in osteopathic medicine. Program developed to achieve proficiency in osteopathic patient evaluation, management, motor skills, aptitudes; evaluation of postpartum patient; management of gynecologic problems.

620. Directed Studies
Fall, Winter, Spring, Summer. 2 to 14 credits. Admission to a college of medicine or osteopathic medicine. Individual or group work on special problems in medicine. May reenroll for a maximum of 45 credits. Admission to a college of medicine or approval of department. Each student will work under direction of a faculty member on an experimental, theoretical or applied problem.

651. Obstetrics—Gynecology Clerkship
Fall, Winter, Spring, Summer. 8 credits. Grade P in all courses offered in terms 1 through 8. Clinical exposure in obstetrics and gynecology. Program developed to achieve efficiency in obstetrical patient evaluation, management, motor skills, aptitudes; evaluation of postpartum patient; management of gynecologic problems.

653. Surgery Clerkship
Fall, Winter, Spring, Summer. 8 credits. Grade P in all courses offered in terms 1 through 8. Clinical exposure in area of surgical diagnosis, management, treatment. Program structure developed to achieve proficiency in motor skills, aptitudes; comprehension of concepts and principles; patient evaluation, diagnosis, management, and therapy.

590. Special Problems in Osteopathic Medicine
Fall, Winter, Spring, Summer. 1 to 8 credits. May reenroll for a maximum of 12 credits. Grade P in all courses offered in terms 1 through 8. Clinical exposure in osteopathic medicine. Program developed to achieve proficiency in osteopathic patient evaluation, management, motor skills, aptitudes; evaluation of postpartum patient; management of gynecologic problems.

620. Directed Studies
Fall, Winter, Spring, Summer. 2 to 14 credits. Admission to a college of medicine or osteopathic medicine. Individual or group work on special problems in medicine. May reenroll for a maximum of 45 credits. Admission to a college of medicine or approval of department. Each student will work under direction of a faculty member on an experimental, theoretical or applied problem.

651. Obstetrics—Gynecology Clerkship
Fall, Winter, Spring, Summer. 8 credits. Grade P in all courses offered in terms 1 through 8. Clinical exposure in obstetrics and gynecology. Program developed to achieve efficiency in obstetrical patient evaluation, management, motor skills, aptitudes; evaluation of postpartum patient; management of gynecologic problems.

653. Surgery Clerkship
Fall, Winter, Spring, Summer. 8 credits. Grade P in all courses offered in terms 1 through 8. Clinical exposure in area of surgical diagnosis, management, treatment. Program structure developed to achieve proficiency in motor skills, aptitudes; comprehension of concepts and principles; patient evaluation, diagnosis, management, and therapy.

590. Special Problems in Osteopathic Medicine
Fall, Winter, Spring, Summer. 1 to 8 credits. May reenroll for a maximum of 12 credits. Grade P in all courses offered in terms 1 through 8. Clinical exposure in osteopathic medicine. Program developed to achieve proficiency in osteopathic patient evaluation, management, motor skills, aptitudes; evaluation of postpartum patient; management of gynecologic problems.

620. Directed Studies
Fall, Winter, Spring, Summer. 2 to 14 credits. Admission to a college of medicine or osteopathic medicine. Individual or group work on special problems in medicine. May reenroll for a maximum of 45 credits. Admission to a college of medicine or approval of department. Each student will work under direction of a faculty member on an experimental, theoretical or applied problem.

651. Obstetrics—Gynecology Clerkship
Fall, Winter, Spring, Summer. 8 credits. Grade P in all courses offered in terms 1 through 8. Clinical exposure in obstetrics and gynecology. Program developed to achieve efficiency in obstetrical patient evaluation, management, motor skills, aptitudes; evaluation of postpartum patient; management of gynecologic problems.

653. Surgery Clerkship
Fall, Winter, Spring, Summer. 8 credits. Grade P in all courses offered in terms 1 through 8. Clinical exposure in area of surgical diagnosis, management, treatment. Program structure developed to achieve proficiency in motor skills, aptitudes; comprehension of concepts and principles; patient evaluation, diagnosis, management, and therapy.
616. The Osteopathic Examination III
Fall, Summer. 1(0-4) OST 615 or approval of instructor.
Introductory clinical course in the application of neuromusculoskeletal assessment, palpatory diagnosis, and osteopathic manipulative treatment in the hospital setting.

PACKAGING PKG

College of Agriculture and Natural Resources

210. Principles of Packaging
Fall, Winter, Spring, Summer. 3(3-0)
A general course in packaging principles covering the growth and development of the field, and the technological and motivational problems involved in present day packaging. Consideration will be given to the basic functions of the package and their relation to the needs and wants of our society.

321. Technical Principles for Packaging
Fall, Winter, Spring. 4(3-2) PKG 210, PHY 237, PHY 238 or approval of school.
Relationships between package systems and distribution environments. Testing, evaluating and predicting package performance under various environmental influences.

330. Package Printing
Winter. 3(3-0) PKG 321 or approval of school.
Basic printing processes used for packaging materials. Advantages, disadvantages and identification of these printing methods.

331. Plastic and Glass Packaging
Fall, Winter, Spring. 4(3-2) PKG 231, CEM 143, CEM 161 or approval of school.
Physical and chemical properties of plastics and glass and their relationship to selection, design, manufacture, performance and evaluation of container systems.

332. Paper and Metal Packaging
Fall, Winter, Spring. 4(3-2) PKG 331, CEM 143, CEM 161 or approval of school.
Physical and chemical properties, manufacture, conversion and use of wood, paper, paperboard, metals, metal foils and related components. Design, use and evaluation of packages made from these materials.

340. Packaging and the Environment
Winter. 3(3-0)
Broad study of the effects of packaging on environmental quality including solid waste management, air and water quality, laws, economics, energy considerations, resource conservation and environmental ethics.

423. Dynamics of Packaging
Fall, Winter, Spring. 4(3-2) PKG 331, PKG 332, PHY 239 or approval of school.
A study of the protective function of the packaging systems in relation to their environment and shock and vibration isolation methods. A one-day field trip is required.

424. Packaging Problems
Fall, Winter, Spring, Summer. 1 to 3 credits. May reenroll for a maximum of 9 credits. PKG 331, PKG 332, 2.50 grade-point average, approval of school.
Development of solutions to specific packaging problems.

425. Packaging Process Analysis
Fall, Winter, Spring. 4(3-2) PKG 331, PKG 332.
The integrated study of the operation, structure and control of packaging and package-making processes. A one-day field trip is required.

428. Packaging Development
Fall, Winter, Spring. 4(3-2) PKG 423, PKG 425, Seniors.
Development of packages to meet present-day requirements of protection and merchandising.

429. Packaging Economics
Winter. 3(3-0) PKG 331, PKG 332, EC 202, ACC 201 or approval of school.
Examination of economic issues in packaging as they relate to policies of the firm and of government. Relationships between economic policy and social issues.

430. Elements of Packaging Machinery
Spring. 4(4-0) PKG 331, PKG 332 or approval of school.

433. Packaging Performance Testing
Fall, Winter. 3(3-0) PKG 433.
Performance testing of package systems for fragility, impact, vibration, compression, and performance in accordance with industry practices. Package container design. Measurement and simulation of distribution environment for handling, shipping, and storage of package systems.

435. Distribution Packaging
Fall, Winter, Spring. 3(3-0) EC 202, PKG 331, PKG 332, Juniors or approval of school.
Interrelationships between packaging and other segments of the distribution system. Market related issues in packaging: materials handling, transportation, and inventory control.

438. Pharmaceutical Packaging
Winter. 4(3-2) PKG 331, PKG 332.
Special requirements for packaging pharmaceuticals and medical devices. Evaluations of package systems and packaging procedures that meet these requirements.

440. Special Topics (MTC)
Fall, Winter, Spring, Summer. 1 to 4 credits. May reenroll for a maximum of 12 credits if different topics are taken. Juniors or approval of school.

450. Packaging Laws and Regulations
Spring. 3(3-0) PKG 331, PKG 332 or approval of school.

455. Food Packaging
Fall. 4(3-2) PKG 331, PKG 332 or approval of school.
Food packaging systems and their relationship to specific products, processes, regulations and equipment.

465. Automation in Packaging
Winter. 4(3-2) PKG 331, PKG 332.
Automated material handling systems: configurations, components, sensors, vision systems. Robotic safety. Material handling, line inspection, automated guided vehicle systems, automated storage retrieval systems. Economic justification. Field trips required.

467. Packaging Decision Systems
Fall, Winter, Spring. 3(3-2) PKG 331, PKG 332, CPS 115, EC 202.
Structure and use of decision systems for management, specification, production and testing. Use of microcomputers to support decision.

801. Packaging Systems
Fall. 4(3-3)
Analysis of various existing packaging systems; problem solving exercises.

810. Advanced Packaging Materials
Spring. 3(2-2) PKG 331, PKG 332 or approval of school.
Physical and chemical properties of packaging materials. Relationship between properties of materials and performance of packages.

820. Permeability and Shelf Life
Fall, Winter. 4(3-2) PKG 331, PKG 332, MTH 113, CPS 115 or approval of school.
Comprehensive study of the relationship of the shelf life of packaged food and agricultural products and the gas, moisture, and vapor permeability of packaging in various environments. Computer aided package design.

822. Seminar
Fall. 1(1-0) Approval of department.
Discussions of recent advances in packaging and reports by graduate students and faculty on research problems. Field trips required.

823. Advanced Packaging Dynamics
Spring. 3(2-2) PKG 433 or approval of school.

834. Special Investigations in Packaging
Fall, Winter, Spring, Summer. 1 to 4 credits. May reenroll for a maximum of 6 credits. Approval of school.

840. Selected Topics
Fall, Winter, Spring, Summer. 1 to 4 credits. May reenroll for a maximum of 12 credits if different topics are taken. Approval of department.

599. Master's Thesis Research
Fall, Winter, Spring, Summer. Variable credit. Approval of school.

PARK AND RECREATION RESOURCES PRR

College of Agriculture and Natural Resources

200. Leisure and Society
Fall, Winter, Spring. 3(3-0)
Leisure and recreation as a part of daily life. Leisure as a social, psychological and economic force in American culture.
