Descriptions — Family and Child Ecology of Courses

890. Independent Study
Fall, Spring, Summer. 1 to 5 credits. A student may earn a maximum of 9 credits in all enrollments for this course. Individual study of selected topics with faculty guidance.

891. Topics in Family and Child Ecology
(MTC)
Fall, Spring. 2 to 3 credits. A student may earn a maximum of 12 credits in all enrollments for this course. Family science, early childhood development, problems in programs, or services for families.

900. Doctoral Dissertation Research
Fall, Spring, Summer. 1 to 24 credits. A student may earn a maximum of 50 credits in all enrollments for this course.
R: Open only to majors in Family Ecology.

FAMILY MEDICINE

Department of Family Medicine
College of Osteopathic Medicine

515. Health Care in Undererved Areas
Fall of even-numbered years. 2 to 3 credits. Interdepartmental with Family Practice. Administered by Family Practice.
R: Graduate professional students in colleges of Human and Osteopathic Medicine.

516. Migrant Worker Health Care
Fall. 1 to 2 credits. A student may earn a maximum of 8 credits in all enrollments for this course. Interdepartmental with Family Practice. Administered by Family Practice.
R: Open only to graduate-professional students in colleges of Human and Osteopathic Medicine.

517. Introduction to Sports Medicine
Fall, Spring, Summer. 1 to 9 credits. A student may earn a maximum of 48 credits in all enrollments for this course. Interdepartmental with Family Practice. Administered by Family Practice.
R: Open only to graduate-professional students in colleges of Human and Osteopathic Medicine.

601. Clinical Practicum in Family Medicine
Fall, Spring, Summer. 1 to 9 credits. A student may earn a maximum of 9 credits in all enrollments for this course.
R: Open only to graduate-professional students in the College of Osteopathic Medicine upon completion of Units I and II.

620. Directed Studies
Fall, Spring, Summer. 1 to 30 credits. A student may earn a maximum of 30 credits in all enrollments for this course.
R: Open only to graduate-professional students in the colleges of Osteopathic Medicine and Human Medicine upon completion of Units I and II.

Individual or group projects on special problems related to family medicine.
640. Principles of Family Medicine I
Fall. 10(0-4)
R: Open only to graduate-professional students in the Department of Osteopathic Medicine. Unit I. Systems Biology course or concurrently.
Preceptorship experience in family medicine taught by faculty and clinical preceptors at multiple sites.

650. Principles of Family Medicine II
Spring. 1 to 20 credits. A student may earn a maximum of 20 credits in all enrollments for this course.
P: FMP 640. R: Open only to graduate-professional students in the College of Osteopathic Medicine upon completion of Units I and II. Continuation of FMP 640.

FAMILY PRACTICE

FMP

Department of Family Practice
College of Human Medicine

501. Preceptorship Training
Fall, Spring, Summer. 1 to 3 credits. A student may earn a maximum of 24 credits in all enrollments for this course. Interdepartmental with Human Medicine, Administered by Human Medicine.

515. Health Care in Underserved Areas
Fall of even-numbered years. 2 to 3 credits. Interdepartmental with Family Medicine.
R: Graduate-professional students in colleges of Human and Osteopathic Medicine.

516. Migrant Worker Health Care
Summer. 1 to 2 credits. A student may earn a maximum of 12 credits in all enrollments for this course. Interdepartmental with Family Medicine.
R: Open only to graduate-professional students in colleges of Human and Osteopathic Medicine.

517. Introduction to Sports Medicine
Fall. 2(2-0) Interdepartmental with Family Medicine.
R: Graduate-professional students in colleges of Human and Osteopathic Medicine.

518. Sports Medicine II
Spring. 10(0-2)
P: FMP 517. R: Open only to graduate-professional students in College of Human Medicine, and College of Osteopathic Medicine and graduate students in College of Nursing.
This is a continuation of FMP 517. Introduction to Sports Medicine, where practices and demonstrations expand on students’ knowledge from classroom lecture in FMP 517; multidisciplinary aspects of sports medicine through direct observations.

520. Primary Care in Developing Countries
Spring of odd-numbered years. 3(2-0)
R: Open only to graduate-professional students in colleges of Human and Osteopathic Medicine.
Practical skills for medical problem-solving in developing countries: physician experiences, cross-cultural training, instruction of health workers, resource allocation; coping with special challenges, e.g., malnutrition.

525. Special Topics in Family Practice
Fall, Spring, Summer. 2 to 3 credits. A student may earn a maximum of 6 credits in all enrollments for this course.
P: FMP 520. R: Graduate-professional students in colleges of Human and Osteopathic Medicine.
Exploration of special aspects of family practice. Possible examples include ethnicity and aging, clinical nutrition, sports medicine, death and dying, health care of women, research methods in primary care.

526. Clinical Medicine in the Community
Fall, Spring, Summer. 6 to 12 credits. A student may earn a maximum of 12 credits in all enrollments for this course.
P: FMP 605. R: Open only to graduate-professional students in College of Human Medicine.
Data gathering with formulation and presentation of plans for patient care. Assessment of readiness for clinical clerkships. Exposure to community hospitals and ambulatory settings.

527. Comprehensive Care Clerkship
Fall, Spring, Summer. 4 to 20 credits. A student may earn a maximum of 20 credits in all enrollments for this course. Interdepartmental with Human Medicine, Administered by Human Medicine.
P: FMP 607. R: Open only to graduate-professional students in College of Human Medicine.
Continuous and comprehensive patient care settings.

605. Comprehensive Care Clerkship
Fall, Spring, Summer. 6 to 12 credits. A student may earn a maximum of 12 credits in all enrollments for this course.
P: FMP 602. R: Open only to graduate-professional students in College of Human Medicine.
Clinical experience in Family Medicine and Human Medicine.

608. Family Practice Clerkship
Fall, Spring, Summer. 12 credits. A student may earn a maximum of 16 credits in all enrollments for this course.
P: FMP 526. R: Open only to graduate-professional students in College of Human Medicine.
Clinical experience in primary care in family physicians' offices and in hospitals.

610. Elective Clerkship in Family Practice
Fall, Spring, Summer. 6 to 12 credits. A student may earn a maximum of 18 credits in all enrollments for this course.
P: FMP 602. R: Open only to third or fourth year graduate-professional students in College of Human Medicine.
Experience in Family Medicine and Human Medicine.

612. Inpatient Clerkship in Family Practice
Fall, Spring, Summer. 6 to 12 credits. A student may earn a maximum of 12 credits in all enrollments for this course.
P: FMP 602. R: Open only to graduate-professional students in College of Human Medicine.
Clinical experience in hospital settings. Management of consultations and referrals.

613. Clinical Research in Rural Practice
Fall, Spring, Summer. 6 to 12 credits. A student may earn a maximum of 12 credits in all enrollments for this course.
P: FMP 602. R: Open only to graduate-professional students in College of Human Medicine.
Clinical experience in community-oriented care. Emphasis on urban and rural underserved populations.

615. Medical Care in Developing Countries
Fall, Spring, Summer. 6 to 12 credits. A student may earn a maximum of 12 credits in all enrollments for this course.
P: FMP 602. R: Open only to graduate-professional students in College of Human Medicine.
Supervised experience in hospitals, outpatient clinics, and medical research centers in developing countries.

617. Sports Medicine Clerkship
Fall, Spring, Summer. 6 to 12 credits. A student may earn a maximum of 12 credits in all enrollments for this course.
P: FMP 602. R: Open only to graduate-professional students in College of Human Medicine.
Primary care aspects of sports medicine. Care of acute and chronic sports injuries, mostly of college level athletes.

619. Ambulatory Care Clerkship
Fall, Spring, Summer. 1 to 3 credits. A student may earn a maximum of 15 credits in all enrollments for this course. Interdepartmental with Medicine, and Pediatrics.
P: FMP 602. R: Open only to graduate-professional students in College of Human Medicine.
A weekly seminar addressing core knowledge and skills from an interdisciplinary perspective.

635. Core Competencies I
Fall. 2 credits. A student may earn a maximum of 6 credits in all enrollments for this course.
Interdepartmental with Human Medicine, Medicine, and Pediatrics and Human Development. Administered by Human Medicine.
P: FMP 602. R: Open only to graduate-professional students in College of Human Medicine.
A weekly seminar addressing core knowledge and skills from an interdisciplinary perspective.

637. Core Competencies III
Spring. 2 credits. A student may earn a maximum of 6 credits in all enrollments for this course.
Interdepartmental with Human Medicine, Medicine, and Pediatrics and Human Development. Administered by Human Medicine.
P: FMP 602. R: Open only to graduate-professional students in College of Human Medicine.
A weekly seminar addressing core knowledge and skills from an interdisciplinary perspective.

640. Advanced Comprehensive Care
Fall, Spring, Summer. 6 credits. A student may earn a maximum of 12 credits in all enrollments for this course. Interdepartmental with Human Medicine, Medicine, Pediatrics and Human Development, Surgery, and Obstetrics, Gynecology and Reproductive Biology, Administered by Human Medicine.
P: FMP 602. R: Open only to graduate-professional students in College of Human Medicine.
Clinical experience in community-oriented primary care. Emphasis on urban and rural underserved populations.
