806. **Topics in French Linguistics**
Spring of even-numbered years, 3(3-0). A student may earn a maximum of 9 credits in all enrollments for this course. Key issues in theoretical and applied French linguistics. Syntax, morphology, phonology, and semantics. Foreign language acquisition.

807. **Topics in the Development of French Culture**
Spring of odd-numbered years, 3(3-0). A student may earn a maximum of 9 credits in all enrollments for this course. French culture through the history of ideas, through the evolution of institutions, or through literature and the related arts.

810. **Studies in Medieval French Literature**
Spring of even-numbered years, 3(3-0). A student may earn a maximum of 9 credits in all enrollments for this course. Works of major writers of the French Middle Ages.

815. **Studies in 16th-Century French Literature**
Fall of odd-numbered years, 3(3-0). A student may earn a maximum of 9 credits in all enrollments for this course. Works of major prose writers and poets of the Renaissance and Reformation.

820. **French Literature of the 17th Century**
Spring of odd-numbered years, 3(3-0). A student may earn a maximum of 9 credits in all enrollments for this course. Works of major writers of the seventeenth century.

825. **Studies in 18th-Century French Literature**
Fall of odd-numbered years, 3(3-0). A student may earn a maximum of 9 credits in all enrollments for this course. Works of major writers of the French Enlightenment.

830. **Studies in 19th-Century Literature**
Spring of even-numbered years, 3(3-0). A student may earn a maximum of 9 credits in all enrollments for this course. Major authors and selected topics in poetry, prose, and drama of the nineteenth century.

835. **Studies in 20th Century Literature**
Fall of odd-numbered years, 3(3-0). A student may earn a maximum of 9 credits in all enrollments for this course. Spiritual, intellectual, psychological, and aesthetic conflicts in texts with world-wide impact.

840. **French Quebecois Literature**
Spring of odd-numbered years, 3(3-0). A student may earn a maximum of 9 credits in all enrollments for this course. Negritude, satire, commitment and revolution, and problems of independence.

845. **Francophone Third World Literature**
Fall of odd-numbered years, 3(3-0). A student may earn a maximum of 9 credits in all enrollments for this course. Leading figures, themes, and movements of Francophone literatures outside France. The colonial period.

890. **Independent Study**
Fall, Spring, Summer, 1 to 3 credits. A student may earn a maximum of 9 credits in all enrollments for this course.
R: Approval of department. Special projects, directed reading, and research arranged by an individual graduate student and a faculty member in an area supplementing regular course offerings.

891. **Special Topics in French**
Fall, Spring, Summer, 3(3-0). A student may earn a maximum of 6 credits in all enrollments for this course.
R: Approval of department. Special topics supplementing regular course offerings proposed by faculty for graduate students on a group study basis.

998. **Doctoral Dissertation Research**
Fall, Spring, Summer, 1 to 24 credits. A student may earn a maximum of 24 credits in all enrollments for this course.
R: Approval of department.

**GENERAL BUSINESS AND BUSINESS LAW — GBL**

**Department of Finance**
The Eli Broad College of Business and the Eli Broad Graduate School of Management

395. **Law, Public Policy, and Business**
Fall, Spring, Summer, 3(3-0). R: Open only to juniors and seniors. Not open to students with credit in GBL 385H. Structure of the legal system. Basic concepts of constitutional law, torts, contracts, and product liability. Administrative law and government regulation of business.

395H. **Law, Public Policy, and Business -- Honors (W)**
Fall, 3(3-0). R: Open only to Honors College juniors and seniors. Completion of Tier I writing requirement. Not open to students with credit in GBL 395.
Structure of the legal system and basic concepts of constitutional law, torts, contracts, and product liability. Administrative law and government regulation of business.

420. **Role of Law and Lawyers in Society (W)**
Fall, Spring, 3(3-0). P: GBL 395. R: Open only to seniors and graduate students. Completion of Tier I writing requirement. Law and its relationship to economics, business, and social justice. Comparative law. Legislative and judicial processes. The role of lawyers. Overview of legal education.

447. **Hospitality Law**
Fall, Spring, 3(3-0). P: GBL 395. R: Open only to seniors and graduate students. Legal aspects of hospitality industry, including contracts and sales, torts, commercial paper, and organization. Dynamics of the changing work force and employment discrimination. Franchising.

451. **Law of Commercial Transactions**
Spring, 3(3-0). P: GBL 395. R: Open only to seniors and graduate students. Law of contracts and sales, commercial paper, secured transactions, consumer credit, and debtor-creditor relationships.

---

**GENETICS**

**College of Natural Science**

890. **Genetics Seminar**
Fall, Spring, Summer, 1(1-0). A student may earn a maximum of 12 credits in all enrollments for this course. Critical analysis of current literature. Student presentations.

---

890. **International Law and Business**
Spring, 3(3-0). P: GBL 395. R: Open only to seniors and graduate students. The impact of international law on business practices. Government regulation of international business.

890. **Corporate and Professional Social Responsibility**
Spring, 3(3-0). P: GBL 395. R: Open only to seniors and graduate students. Institutionalization of American working life, large business institutions, and the law. Control of large business institutions. Social obligations of corporations and professions. Impact of institutional values on individual values.

485. **Legal Environment of Business**
Fall, Spring, 3(3-0). R: Open only to students in the Professional Accounting, Master of Business Administration programs, and to students in programs for which GBL 845 is a catalog-listed requirement. The legal, political, and social environment of business and the structural framework in which law functions.

859. **Business Legal Environment**
Spring, 2(2-0). R: Open only to Master's students in the Advanced Management Program. Critical analysis of government regulation of business from legal, political, and social perspectives. Examination of moral concepts and social policy underlying government regulation.

880. **Corporate and Professional Social Responsibility**
Fall, 3(3-0). R: Open only to graduate students in Business and students in programs for which GBL 880 is a catalog-listed requirement. Impact of corporations and professions in societies and across societies. Control of business organizations. Social and moral responsibilities of organizations. The individual's role in a business organization.

890. **Independent Study**
Fall, Spring, Summer, 1 to 3 credits. A student may earn a maximum of 6 credits in all enrollments for this course.
R: GBL 395. R: Open only to seniors and graduate students. Faculty-supervised independent study.

---

**A-81**
206L Physical Geography Laboratory
Fall, Spring. 1 credit.
P: GEO 306 or concurrently.
Geographical aspects of weather, climate, soil, vegetation, and terrain. Interpretation and application of maps and remotely sensed imagery.

221. Introduction to Geographic Information
Fall, Spring. 3(2-2)
Principles and methods of spatial data collection, handling, analysis, and display. Introduction to remote sensing, geographic information systems, and cartography.
SA: GEO 225

239. Geography of the United States and Canada
Fall, Spring, Summer. 3(3-0)
Regional analysis. Evolution and status of environmental, demographic, economic, and sociocultural processes and processes.

233. Geography of Michigan
Fall of odd-numbered years. 3(3-0)
Physical and cultural geography of Michigan.

259. Geography of Recreation and Tourism
Fall of even-numbered years. 3(3-0)
Cultural, physical, and biotic factors affecting the distribution of recreation and tourism resources, and participation. U.S. and international examples and case studies.

306. Environmental Geomorphology
Fall of even-numbered years, Spring. 3(3-0)
Relationships of running water, weathering, gravity, ice, waves, wind, and biota (including humans) to terrain and soils. Evolution of landscapes. Classical and modern interpretations.

313. Introduction to Data Analysis for Urban and Regional Planners
Fall. 3(2-2) Interdepartmental with Urban Planning, Administered by Urban Planning.
P: CPS 101 or CPS 131 or ISP 201.
Data gathering analysis, information presentation, and basic techniques of urban planning. Application of related computer programs and software.

314. Methods for Investigation of Urban Systems
Spring. 3(2-2) Interdepartmental with Urban Planning, Administered by Urban Planning.
P: ISP 213.
Models, approaches, and techniques for urban and regional problem analysis and plan formulation.

324. Remote Sensing of the Environment
Fall, Spring. 4(2-4)
Features and interpretation methods of remotely sensed imagery, especially black-and-white and color infrared airphotos. Basic features of radar, thermal, and multispectral imagery. Interpretation for agriculture, archaeology, fisheries, forestry, geography, landscape architecture, planning, and wildlife management.

336. Geography of Latin America
Fall. 3(0-0)
R: Not open to freshmen. Completion of Tier I writing requirement.
Physical and human geography of Latin America. Current development issues, especially people-environment interaction in urban and rural areas. Topics include migration, urbanization, and industrialization.

336. Geography of Europe
Fall of odd-numbered years. 3(3-0)
R: Not open to freshmen. Completion of Tier I writing requirement.
Major regions and nations, including their physical resources, peoples, political structures, and economies.

337. Geography of East Asia
Spring. 3(3-0)
R: Not open to freshmen. Completion of Tier I writing requirement.
Spatial patterns and processes of physical and human geography in China, Japan, Korea, and Taiwan. Emphasis on development problems, especially since 1960.

338. Geography of Africa
Fall. 3(3-0)
R: Not open to freshmen. Completion of Tier I writing requirement.
Physical and human geography of Africa. Current development issues, especially people-environment interaction in urban and rural areas. Topics include drought, agricultural patterns, hunger, rural development, migration, and urbanization.

401. Geography of Plants of North America
Spring of even-numbered years. 3(3-0)
R: Not open to freshmen and sophomores.
Geography of Plants in North America with emphasis on the East. Related ecological principles, soils, and post-glacial geologic history. Some field instruction.

402. Agricultural Climatology
Fall of even-numbered years. 3(3-0) Interdepartmental with Biosystems Engineering.
P: MTH 116. R: Not open to freshmen and sophomores.
Relationships between climate and agriculture in resource assessment, water budget analysis, meteorological hazards, pests, crop yield modeling, and impacts of global climate change.

403. Microclimate and Its Measurement
Fall of odd-numbered years. 4 credits. Interdepartmental with Biosystems Engineering.
P: MTH 116. R: Not open to freshmen or sophomores.
The climate near the Earth's surface. Energy balance, thermal radiation exchange, heat fluxes, temperature sensors, wind speed and direction, humidity and evapotranspiration and their measurement. SA: ATM 836

404. Synoptic Climatology
Fall. 4(4-0)
P: GEO 203.
Global climate patterns and their controls. Relationship between upper air flow and weather in the northern hemisphere westerlies.

405. Applied Synoptic Climatology: Principles and Methods
Spring of odd-numbered years. 4(3-2)
P: GEO 404 or approval of department; MTH 116.
Dynamic and thermodynamic principles of atmospheric science, applied to the development and evolution of extratropical cyclones. Laboratory sessions include analysis of current observations and satellite imagery.

407. Regional Geomorphology of the United States
Fall of odd-numbered years. 3(3-0)
P: GEO 306 or GLG 201 or GLG 412 or ISP 203.
Geomorphologic characteristics of physiographic regions of the United States.

Description —Genetics of Courses
