609. Advanced Obstetrics and Gynecology Clerkship
Fall, Spring, Summer. 4 to 6 credits. P: OGR 608. R: Open only to graduate-professional students in College of Human Medicine. Additional exposure to obstetrics or gynecology in the preceptor mode. Participation in ambulatory and inpatient care including surgery. May include maternal and fetal medicine.

OSTEOPATHIC MANIPULATIVE MEDICINE OMM

Department of Osteopathic Manipulative Medicine
College of Osteopathic Medicine

500. Special Problems in Biomechanics
Fall, Spring, Summer. 1 to 20 credits. A student may earn a maximum of 48 credits in all enrollments for this course. R: Open only to graduate and graduate-professional students in the College of Osteopathic Medicine. Approval of department. Each student works under faculty direction on an experimental, theoretical, or applied problem. SA: BIM 590

610. Perinatology Clerkship
Fall, Spring, Summer. 4 to 6 credits. P: OGR 608. R: Open only to graduate-professional students in College of Human Medicine. Additional exposure to high risk obstetrics including prenatal diagnosis and counseling, antepartum evaluation, and care of the high risk patient. Management of the intrapartum high risk patient.

611. Reproductive Endocrinology and Infertility Clerkship
Fall, Spring, Summer. 4 to 6 credits. P: OGR 608. R: Open only to graduate-professional students in College of Human Medicine. Additional exposure to clinical problems in reproductive endocrinology and female infertility primarily in ambulatory setting. Occasional participation in inpatient experiences. Assisted reproductive technologies.

612. Gynecologic Oncology Clerkship
Fall, Spring, Summer. 4 to 6 credits. P: OGR 608. R: Open only to graduate-professional students in College of Human Medicine. Added clinical experience in inpatient and ambulatory gynecologic oncology, breast disease, and complicated benign gynecology in the preceptor mode. Pre-treatment evaluation and cancer management, including surgery.

633. Extended Clinical Experience
Fall, Spring, Summer. 6(6-0) P: (OGR 608) Based in community hospitals and ambulatory sites, this is a 4 week clinical experience emphasizing interviewing skills, history, physical exam, problem solving and therapy.

OSTEOPATHIC MEDICINE OST

College of Osteopathic Medicine

501. Clinical Skills I
Fall. 3(1-4) R: Graduate-professional students in College of Osteopathic Medicine. Introduction to osteopathic physical examination.

502. Clinical Skills II

504. Doctor/Patient Relationship I
Fall. 1(0-2) P: OST 504. R: Graduate-professional students in College of Osteopathic Medicine. Skills of interviewing patients for the purposes of gathering information, giving information, and patient motivation.
511. Systems Biology: Neuromusculoskeletal I  
**Summer.** 3(4-0) R: ANT 551, ANT 552, PHM 563, PSL 501, PTH 542. R: Open only to graduate-professional students in College of Osteopathic Medicine. Approval of college.  
A multidisciplinary approach to the peripheral neuromusculoskeletal system. Integration of basic science and clinical information with osteopathic manual medicine.

512. Systems Biology: Neuromusculoskeletal II  
**Fall.** 6(4-0) R: OST 511. R: Open only to graduate-professional students in College of Osteopathic Medicine. Approval of college.  
A multidisciplinary approach to the neuromusculoskeletal system. Emphasis on the central nervous system. Integration of basic science and clinical information with osteopathic manual medicine.

513. Systems Biology: Neuromusculoskeletal III  
**Spring.** 5(3-4) R: OST 512. R: Open only to graduate-professional students in College of Osteopathic Medicine. Approval of college.  
A multidisciplinary approach to the neuromusculoskeletal system. Emphasis on ophthalmology, rheumatology, and orthopedics. Integration of basic science and clinical information with osteopathic manual medicine.

516. Systems Biology: Behavior I  
**Fall.** 3(3-0) R: OST 511, PHM 563. R: Open only to graduate-professional students in College of Osteopathic Medicine.  
A multidisciplinary approach to behavior. Focus on normal human development, behavioral and cultural medicine, and medical ethics.

517. Systems Biology: Behavior II  
**Spring.** 2(2-0) R: OST 516. R: Open only to graduate-professional students in College of Osteopathic Medicine.  
A multidisciplinary approach to behavior. Focus on psychopathology, chronic illness and disability, health policy and terminal care.

519. Ethics, Policy and Jurisprudence  
**Spring.** 2(2-0) R: Open only to graduate and graduate-professional students in the colleges of Osteopathic Medicine, Human Medicine and Nursing or approval of department.  
Key issues in ethics, policy and law encountered in the practice of medicine.

521. Systems Biology: Hematopoietic  
**Fall.** 2(2-0) R: ANT 551, ANT 562, BCH 521, MIC 522, PHM 563, PSL 501, PTH 542. R: Open only to graduate-professional students in College of Osteopathic Medicine. Approval of college.  
A multidisciplinary approach to the hematopoietic system. Emphasis on hematopoiesis, clotting, and hematopoietic pathologies. Integration of clinical and basic science information.

522. Systems Biology: Gastrointestinal  
**Fall.** 6(6-0) R: ANT 551, ANT 562, BCH 521, MIC 522, PHM 563, PSL 501, PTH 542. R: Open only to graduate-professional students in College of Osteopathic Medicine. Approval of college.  
A multidisciplinary approach to the gastrointestinal system emphasizing normal structure and function, and pathologies. Integration of basic science and clinical information.

523. Systems Biology: Genitourinary  
**Summer.** 3(5-0) R: ANT 551, ANT 562, MIC 522, PHM 563, PSL 501, PTH 542. R: Open only to graduate-professional students in College of Osteopathic Medicine. Approval of college.  
A multidisciplinary approach to the genitourinary system emphasizing normal structure and function, and pathologies. Integration of basic science and clinical information.

524. Systems Biology: Cardiovascular  
**Spring.** 7(6-0) R: ANT 551, ANT 553, BCH 551; MIC 522, PHM 563, PSL 551, PTH 542. R: Open only to graduate-professional students in College of Osteopathic Medicine. Approval of college.  
A multidisciplinary approach to the cardiovascular system emphasizing normal structure and function, and pathologies. Integration of basic science and clinical information.

525. Systems Biology: Respiratory  
**Spring.** 5(4-2) R: ANT 551, BCH 521, MIC 522, PHM 563, PSL 501. R: Open only to graduate-professional students in College of Osteopathic Medicine. Approval of college.  
A multidisciplinary approach to the respiratory system emphasizing normal structure and function, and pathologies. Integration of basic science and clinical information.

526. Systems Biology: Integumentary  
**Summer.** 2(2-0) R: ANT 551, ANT 562, MIC 522, PHM 563, PTH 542. R: Open only to graduate-professional students in College of Osteopathic Medicine. Approval of college.  
A multidisciplinary approach to the integumentary system. Emphasis on diagnosis and treatment of integumentary pathologies. Integration of basic science and clinical information.

527. Systems Biology: Female Reproductive  
**Summer.** 3(5-0) R: ANT 551, ANT 562, BCH 521, MIC 522, PHM 563, PSL 501; C: OST 546 concurrently. R: Open only to graduate-professional students in College of Osteopathic Medicine. Approval of college.  
A multidisciplinary approach to the female reproductive system emphasizing normal structure and function, and pathologies. Integration of basic science and clinical information in obstetrics and gynecology.

528. Systems Biology: Growth and Development  
**Summer.** 3(3-0) R: ANT 551, ANT 562, BCH 521, MIC 522, PHM 563, PSL 501; C: OST 546 concurrently. R: Open only to graduate-professional students in College of Osteopathic Medicine. Approval of college.  
A multidisciplinary approach to growth and development. Emphasis on normal structure and function, and pathologies. Integration of basic science and clinical information.

529. Systems Biology: Endocrinology  
**Fall.** 2(2-0) R: PSL 501; ANT 553; BCH 551. R: Open only to graduate-professional students in College of Osteopathic Medicine. Approval of college.  
A multidisciplinary approach to endocrinology. Emphasis on normal endocrine function and the principles of diagnosis and treatment of endocrine disorders. Integration of basic science and clinical information.

530. Systems Biology: Correlations I  
**Fall.** 1(0-2) R: Open only to graduate-professional students in College of Osteopathic Medicine.  
Application of systems biology information, problem-solving, and clinical skills in an integrated clinical case format. Case presentations by students and faculty.

531. Principles of Gerontology for Medical Practice  
**Spring.** 3(0-3) R: Open only to graduate-professional students in the Colleges of Osteopathic and Human Medicine or approval of department.  
Lectures, readings, tapes, small group seminars, and home visits related to normal aging epidemiology. Major chronic diseases and other issues of geriatric care.  
SA: CMS 522

541. Integrative Clinical Correlations III  
**Summer.** 1(0-2) R: OST 542.  
Application of basic science information, problem-solving, and clinical skills in an integrated clinical case format. Case presentations by students and faculty.

542. Integrative Clinical Correlations IV  
**Fall.** 1(0-2) R: OST 543.  
Application of basic science information, problem-solving, and clinical skills in an integrated clinical case format. Case presentations by students and faculty.

543. Integrative Clinical Correlations V  
**Spring.** 1(0-2) R: OST 544.  
Application of basic science information, problem-solving, and clinical skills in an integrated clinical case format. Case presentations by students and faculty.

544. Integrative Clinical Correlations VI  
**Summer.** 1(0-2) R: OST 545.  
Application of systems biology information, problem-solving, and clinical skills in an integrated clinical case format. Case presentations by students and faculty.

551. Issues in Minority Health  
**Fall, Spring.** 3(3-0) R: Open only to graduate and graduate-professional students in the Colleges of Osteopathic Medicine, Human Medicine, and Nursing or approval of college.  
Patterns of health and illness in minority populations.  
SA: CMS 515

---

**Osteopathic Medicine—Descriptions of Courses**

---
602. Primary Care Ambulatory Clerkship
Fall, Spring, Summer. 1 to 36 credits. A student may earn a maximum of 36 credits in all enrollments for this course. R: Open only to graduate-professional students in College of Osteopathic Medicine. Approval of college.

Individual study directed by a faculty member on an experimental, theoretical, or applied problem.

SA: OM 590

651. Obstetrics and Gynecology Clerkship
Fall, Spring, Summer. 1 to 9 credits. A student may earn a maximum of 9 credits in all enrollments for this course. R: Open only to graduate-professional students in the College of Osteopathic Medicine upon completion of Units I and II.

Obstetric patient evaluation and management: motor skills, aptitudes, evaluation of postpartum patient and management of gynecologic problems.

SA: OM 651

652. Primary Care Ambulatory Clerkship
Fall, Spring, Summer. 1 to 36 credits. A student may earn a maximum of 36 credits in all enrollments for this course. Interdepartmental with Osteopathic Medicine; Internal Medicine; Pediatrics; Psychiatry; and Family and Community Medicine. P: Successful completion of the preclerkship requirements in College of Osteopathic Medicine Units I and II.

A 24-week ambulatory care continuity experience involving 12 weeks in a multidisciplinary environment (family medicine, pediatrics, and internal medicine), 6 weeks in family medicine and 6 weeks in specialty areas (internal medicine, surgery, and obstetrics and gynecology). Didactic sessions are scheduled concurrently.

SA: OM 620

653. Surgery Clerkship
Fall, Spring, Summer. 1 to 12 credits. A student may earn a maximum of 12 credits in all enrollments for this course. R: Open only to graduate-professional students in the College of Osteopathic Medicine upon completion of Units I and II.

Surgical diagnosis, management, and treatment. Structure developed to achieve proficiency in motor skills, aptitudes, comprehension of concepts and principles, patient evaluation, diagnosis, management, therapy.

SA: OM 653

654. Anesthesiology Clerkship
Fall, Spring, Summer. 1 to 4 credits. A student may earn a maximum of 4 credits in all enrollments for this course. R: Open only to graduate-professional students in the College of Osteopathic Medicine upon completion of Units I and II.

Motor skills, concepts and principles, patient evaluation, management and therapy.

SA: OM 654

655. Orthopedic Clerkship
Fall, Spring, Summer. 1 to 20 credits. A student may earn a maximum of 30 credits in all enrollments for this course. R: Open only to graduate-professional students in the College of Osteopathic Medicine upon completion of Units I and II.

Program developed to achieve proficiency in motor skills, aptitudes, comprehension of concepts and principles, patient evaluation, diagnosis, management, and therapy.

SA: OM 656

658. Otorhinolaryngology Clerkship
Fall, Spring, Summer. 1 to 20 credits. A student may earn a maximum of 20 credits in all enrollments for this course. R: Open only to graduate-professional students in the College of Osteopathic Medicine upon completion of Units I and II.

Develop proficiency in motor skills, aptitudes, comprehension of concepts and principles, patient evaluation, diagnosis, management, and therapy.

SA: OM 658

OFFICE OF THE PROVOST

Office of the Provost

101. Freshman Seminar
Fall, Spring, Summer. 0(1-0) A student may earn a maximum of 2 credits in all enrollments for this course. R: Open only to freshmen. Approval of department.

Introduction to the academic life of the University. Special topics proposed by faculty to engage the interests of new students.

SA: PKG 320

PACKAGING

School of Packaging
College of Agriculture and Natural Resources

101. Principles of Packaging
Fall, Spring, Summer. 3(3-0)

Packaging systems, materials and forms and their relationship to the needs and wants of society.

SA: PKG 210

221. Packaging with Glass and Metal
Fall, Spring. 3(3-2) P: PKG 101 or concurrently, CEM 141, PHY 231.

Physical and chemical properties of glass and metals and their applications to packaging.

SA: PKG 320, PKG 325

322. Packaging with Paper and Paperboard
Fall, Spring. 4(3-3) P: STT 200 or STT 201 or STT 315.

R: Open only to sophomores or juniors or seniors or graduate students in the School of Packaging.

Physical and chemical properties, manufacture, conversion, and use of wood, paper, paperboard, and related components in packaging. Design, use, and evaluation of packages.

SA: PKG 320

323. Packaging with Plastics
Fall, Spring. 4(3-2) P: PKG 101 and CEM 143 and MTH 124 and PKG 221 or concurrently and STT 200 or STT 201 or STT 315.

R: Open only to sophomores or juniors or seniors or graduate students in the School of Packaging.

Physical and chemical properties of plastics and their relationship to selection, design, manufacture, performance, and evaluation of packages.

SA: PKG 320
