Professional Project in Journalism 896

Fall, Spring, Summer. 1 to 6 credits. A student may earn a maximum of 25 credits in all enrollments for this course. R: Approval of School

Individualized research and production of in-depth journalism projects.

899 Master's Thesis Research

Fall, Spring, Summer. 1 to 6 credits. A student may earn a maximum of 8 credits in all enrollments for this course. R: Open only to master's students in Journalism. Approval of

Master's thesis research.

916 **Qualitative Research Methods**

Spring. 3(3-0) Interdepartmental with Advertising; Telecommunication. R: Open only to Ph.D. students in Mass Media and Communication

Qualitative research in mass and specialized communication systems. Topics include documentary, bibliographic, case study and participant observation methods

921 Media Theory

Fall. 3(3-0) Interdepartmental with Advertising; Telecommunication. Administered by Department of Advertising. R: Open only to Ph.D. students in Mass Media and Communication.

Process and effects of mediated communication. Audiences, socialization, and persuasion. Macrosocietal, and intercultural perspectives. Theory construction.

Law and Public Policy of the Media 930

Fall. 3(3-0) Interdepartmental with Advertising; Telecommunication. R: Open only to Ph.D. students in Mass Media.

Philosophical, legal, political, and statutory principles underlying law and public policy applied to media. Selected issues involving constitutional law, common law, statutes, and administrative policy.

Media and Technology Spring. 3(3-0) Interdepartmental with Telecommunication; Advertising. Administered by Department of Telecommunication. R: Open only to Ph.D. students in Communication Arts and Sciences-Mass Media or Communication or approval of department.

Theoretical frameworks concerning media and communication processes, and their interactions with technology. Social, organizational, critical, and economic perspectives.

965 **Media Economics**

Spring. 3(3-0) Interdepartmental with Telecommunication; Advertising. Administered by Department of Telecommunication, R: Open only to Ph.D. students in Communication Arts and Sciences-Mass Media or Communication or approval of department.

Economic theory and analysis relevant to the mass media. Economic structure and performance of mass media and advertising industries. Competition among media and within related industries.

975 Quantitative Research Design

Fall. 3(3-0) Interdepartmental with Advertising: Telecommunication, Administered by Department of Advertising. P:NM: One graduate-level research design or statistics course. R: Open only to Ph.D. students in Mass Media.

Survey, experimental and content-analytic techniques applied to the study of media. Academic and applied research methods. Univariate and multivariate techniques.

KINESIOLOGY

KIN

Department of Kinesiology College of Education

101 Aquatics

Fall, Spring, Summer. 1(0-2) R: A student may earn a maximum of 8 credits in all enrollments for this course if different activities or the same activities at higher levels are involved. Students are limited to a combined total of 8 credits in KIN 101 through KIN 108 SA: PES 101

Skill and knowledge development in water-related activities. Separate course sections in activities such as swimming, diving, lifeguarding, water polo, and sailing

Combative Sports

Fall, Spring, Summer. 1(0-2) R: A student may earn a maximum of 8 credits in all enrollments for this course if different activities or the same activities at higher levels are involved. Students are limited to a combined total of 8 credits in KIN 101 through KIN 108. SA: PES 102

Skill and knowledge development in the art or sport of physical training. Separate course sections in activities such as judo, karate, aikido, and fencing.

ConditioningFall, Spring, Summer. 1(0-2) R: A student may earn a maximum of 8 credits in all enrollments for this course if different activities or the same activities at higher levels are involved. Students are limited to a combined total of 8 credits in KIN 101 through KIN 108 SA: PES 103

Knowledge and competency in physical fitness activities that emphasize cardiovascular and muscular training. Separate course sections in activities such as aerobic exercise, power walking, swim conditioning, and weight training.

Fall, Spring, Summer. 1(0-2) R: A student may earn a maximum of 8 credits in all enrollments for this course if different activities or the same activities at higher levels are involved. Sudents are limited to a combined total of 8 credits in KIN 101 through KIN 108. SA: PES 104

Skill and knowledge development in dance activities. Separate course sections in dance styles such as ballet, modern, jazz, Latin, and social,

105 **Gymnastics**

Fall, Spring, Summer. 1(0-2) R: A student may earn a maximum of 8 credits in all enrollments for this course if different activities or the same activities at higher levels are involved. Students are limited to a combined total of 8 credits in KIN 101 through KIN 108 SA: PES 105

Skill and knowledge development in gymnastics. Separate sections in activities such as apparatus, tumbling, and floor exercise.

Individual Sports

Fall, Spring, Summer. 1(0-2) R: A student may earn a maximum of 8 credits in all enrollments for this course if different activities or the same activities at higher levels are involved. Students are limited to a combined total of 8 credits in KIN 101 through KIN 108. SA: PES 106

Skill and knowledge development in individual sports. Separate course sections in activities such as bowling, golf, skating, self defense, and track and

107 **Racquet Sports**

Fall, Spring, Summer. 1(0-2) R: A student may earn a maximum of 8 credits in all enrollments for this course if different activities or the same activities at higher levels are involved. Students are limited to a combined total of 8 credits in KIN 101 through KIN 108. SA: PES 107

Skill and knowledge development in racquet sports. Separate course sections in sports such as badminton, racquetball, and tennis.

Team Sports

Fall, Spring, Summer. 1(0-2) R: A student may earn a maximum of 8 credits in all enrollments for this course if different activities or the same activities at higher levels are involved. Students are limited to a combined total of 8 credits in KIN 101 through KIN 108. SA: PES 108

Skill and knowledge development in team sports. Separate course sections in sports such as basketball, ice hockey, lacrosse, soccer, softball, and vollevball.

Personal Health

Fall, Spring, Summer. 3(3-0) SA: PES 120 Physical, mental, emotional, social, and spiritual domains of health. Alternative health values and behaviors. Developing healthy lifestyles.

The Healthy Lifestyle

Fall, Spring, Summer. 3(2-2) SA: PES 121 Cardiovascular risk factors, lifestyle habits, and aerobic capacities and their relationship to optimal health and longevity. Individual physical activity required as part of the course.

First Aid and Personal Safety Fall, Spring, Summer. 3(3-0) SA: PES 125 Knowledge and application of first aid concepts relating to respiratory and cardiopulmonary disorders, shock, wounds, burns, fractures, drug poisoning, childbirth, litigation. Preventing trauma by recognizing and avoiding safety hazards.

Introduction to Athletic Training

Fall, Spring. 3(2-2)

Basic knowledge and skills for the recognition and prevention of athletic injuries. Classroom and laboratory experiences.

Kinesiology-KIN

127 Clinical observation in Athletic Training Fall, Spring. 1(0-3) P:M: (KIN 126 or concurrently)

Supervised experience in clinical setting in sports medicine.

Foundations of Kinesiology

Fall, Spring. 2(2-0) SA: PES 170

Kinesiology as a disciplinary major. Subdisciplines and professions. Historical perspectives.

Athletics in Higher Education

Fall. 1(1-0) SA: PES 171

Philosophy and organization of athletics. Athletics and academic achievement. Ethical issues, legal issues, social conduct, eligibility, athlete's rights and responsibilities. Coaches' responsibilities and institutional obligations.

201 Water Safety Instruction

Fall, Spring. 2(1-2) P:NM: Training in Emergency Water Safety or Lifeguarding plus scoring at least 80% on both skill and written pre-tests. SA: PES 201

Knowledge and skills necessary to plan and conduct American Red Cross water safety courses. Current lifesaving certification is assumed.

202

Aerobic Exercise Instruction Fall, Spring. 3(2-3) RB: Experience in aerobic exercise. SA: PES 202

Theory and practice for aerobic exercise leaders. Functional effects of physical activity. Safe exercise techniques. Modifications and precautions for special populations. Choreography practice. Health and exercise screening. Legal issues.

Self-Defense Instruction

Spring of even years. 2(1-2) RB: Experience in self defense techniques. SA: PES 203

Knowledge, skills, strategies, tactics, and experience necessary to teach personal defense skills. Assaultive process and situation assessment. Prevention, de-escalation, confrontation skills, and self defense. Competence in self defense assumed.

204 Sailing and Cruising

Fall, Spring, Summer. 2(1-3) RB: Experience in sailing small crafts. SA: PES 204 Knowledge, skills, and experience necessary to sail large vessels on inland and coastal waters. Live aboard and sail for six days and nights, traveling approximately 250 miles. Competence in sailing small crafts assumed.

205

Lifeguarding
Fall, Spring, Summer. 2(1-2) RB: Competence as an advanced swimmer. SA: PES 205

Lifeguarding knowledge and skills necessary to obtain American Red Cross Lifeguarding certificate. Advanced swimming level is assumed.

Applied Human AnatomyFall. 3(3-0) R: Open only to majors in the Department of Kinesiology. Not open to freshmen. SA: PES 216

Structural anatomy of the human body. Interrelationships of structure, function, and human movement.

217 Applied Human Anatomy Laboratory Spring. 1(0-3) P:M: (KIN 216 or concur-

rently) R: Not open to freshmen. Open only to majors in the Department of Kinesiology. SA: PES 217

Major bones, muscles, nerves, vessels, and organs of the human body. Articulations, muscle origins, muscle insertions, and prime moving actions.

250 Measurement in Kinesiology Fall, Spring. 3(3-0) SA: PES 250 Methods and materials for measurement and evaluation. Motor skills, physical fitness, knowledge, and attitudes associated with physical activity.

Physical Growth and Motor Behavior

Fall, Spring. 3(3-0) SA: PES 260

Physical growth and biological maturity as related to motor performance and skill learning. Sequential progressions of fundamental motor skills. Physical fitness of children and youth. Motor abilities. Stages of skill acquisition.

Coaching Baseball

Fall. 2(1-2) RB: Previous experience in the sports of baseball or softball. R: Not open to freshmen. SA: PES 300A

Techniques for coaching baseball. Rules, strategies, and training. Development and evaluation of player skills. Planning, conducting, and evaluating prac-

300B Coaching Sports for Athletes with Disabilities

Spring of even years. 2(2-0) Interdepartmental with Park, Recreation and Tourism Resources; Sociology; Linguistics and Languages; Music; Romance Languages.

Rules, strategies, and training. Developing and evaluating player skills. Planning, conducting, and evaluating sport practices. Health and safety con-

300C Coaching Soccer

Spring. 2(1-2) RB: Working knowledge of the sport of soccer. R: Not open to freshmen. SA: PES 300C

Techniques for coaching soccer. Developing and evaluating player and team skills. Planning, conducting and evaluating practices and games. Rules, drills, strategies and training.

300D Coaching Basketball

Fall. 2(2-0) RB: Working knowledge of the sport of basketball. R: Not open to freshmen, SA: PES 300D

Techniques and strategies for coaching basketball. Rules, drills, and training. Development and evaluation of individual and team skills. Planning, conducting, and evaluating practices and games.

Coaching Football 300E

Fall. 2(2-0) RB: Working knowledge of the sport of football. R: Not open to freshmen. SA: PES 300E

Techniques and strategies for coaching football. Rules, drills, and training. Development and evaluation of individual and team skills. Planning, conducting, and evaluating practices and games.

Coaching Track and Field

Fall. 2(1-2) RB: Working knowledge of the sports of cross country or track and field. R: Not open to freshmen. SA: PES 300K

Techniques and strategies for coaching track and field. Rules, drills, and training. Development and evaluation of participant skills. Planning, conducting, and evaluating practices and meets.

300L Coaching for Strength, Conditioning and Fitness

Summer. 2(2-0) R: Not open to freshmen. Basic theoretical and practical principles of coaching/training for increased fitness and/or sports performance. Individual applications to diverse popula-

300T

Coaching TennisFall, Summer. 2(2-0) RB: Working knowledge of the sport of Tennis.

Techniques for coaching tennis. Rules, drills, strat egies and training. Development and evaluation of player skills. Planning, conducting and evaluating practices. Match preparation. Team formation.

Advanced Football Coaching

Spring. 2(2-0) P:M: (KIN 300E) SA: PES 301E

Administrative and planning responsibilities. Advanced techniques in offensive and defensive position play. Scouting and performance evaluation. Weight training and conditioning. Athletic training procedures. Recruitment. Compliance.

Physiological Bases of Physical Activity

Fall, Spring. 3(3-0) P:M: (KIN 170 and KIN 216 and CEM 141 and PSL 250) or (PSL 431 and PSL 432) R: Open only to majors in the Department of Kinesiology. SA: PES 310

Acute and chronic effects of exercise on various body systems. Principles of training, exercise prescription, and the role of physical activity in health and disease

320

Pathology of Sports Injury Spring. 3(3-0) P:M: (KIN 125 and KIN 217) and (KIN 310 or concurrently) SA: PES 320 Pathophysiology and pathomechanics of sport injury, tissue response and the healing process as they relate to management and rehabilitation of

Structural and Mechanical Analysis of 330 **Physical Activity**

Fall, Spring. 3(2-2) P:M: (KIN 170 and KIN 216 and KIN 217) and (PHY 231 or PHY 231B or PHY 231C or PHY 181B or PHY 183 or PHY 183B or PHY 193H) SA: PES 330

Biomechanical analysis of human movement based upon musculoskeletal structure and function. Mechanical principles.

Psychological Bases of Physical Activity Fall, Spring. 3(3-0) P:M: (KIN 170) SA: PES 340

Psychological factors affecting motor skill acquisition and performance. Psychological skills which enhance sport performance. Applications of learning

Techniques of Teaching I 350

Spring. 2(0-6) P:M: (TE 301) RB: Basic knowledge and understanding of skills related to basketball, gymnastics, soccer, flag football, floor hockey and tennis, or activities that are closely related. R: Not open to freshmen or sophomores. Open only to Kinesiology students admitted to the Teacher Education program.

Application of kinesiological pedagogical principles to basketball, gymnastics, soccer, flag football, floor hockey, and tennis.

Techniques of Teaching II

Fall. 2(0-6) P:M: (TE 301) RB: Basic knowledge and understanding of skills related to golf, softball, track and field, badminton and volleyball, or activities that are closely related. R: Not open to freshmen or sophomores. Open only to Kinesiology students admitted to the Teacher Education program.

Application of kinesiological pedagogical principles to golf, softball, track and field, badminton, and volleyball.

370

Proseminar in KinesiologyFall, Spring. 2(2-0) P:M: (KIN 170) R: Not open to freshmen or sophomores. SA: PES 470 KIN 470

Philosophical and professional perspectives in kinesiology

Principles of Coaching I 400

Fall. 4(4-0) R: Not open to freshmen or sophomores. SA: PES 400

Basic principles of anatomy, biomechanics, and physiology for coaching competitive sports. Applications to athletes of different ages and abilities.

Principles of Coaching II

Spring. 4(4-0) R: Not open to freshmen or sophomores. SA: PES 401

Sociological, administrative, philosophical, legal, ethical, and chemical health issues related to coaching competitive sports. Applications to athletes of different ages and abilities.

Laboratory Experiences in Exercise

Physiology
Fall, Spring. 2(1-3) P.M. (KIN 310) R. Open only to majors in the Department of Kinesiology. SA: PES 411

Laboratory techniques for testing and evaluating individuals for aerobic fitness, muscular strength and endurance, body composition and other physiologic responses to exercise. Exercise program development for personal health fitness.

420 School Health Education

Fall. 3(3-0) P:M: (KIN 120) R: Not open to freshmen or sophomores. SA: PES 420

Organization and administration of a comprehensive school health education program. Interaction of school health services, healthful environment, and health instruction in the development of a healthy lifestyle.

421

Lower Body Injury Evaluation Fall. 3(3-0) P:M: (KIN 320) SA: PES 421

Knowledge and skills needed for evaluating lower body injuries in athletic training. The techniques and tests used for evaluating acute and chronic injuries to the lower body.

Rehabilitation of Athletic Injuries 422

Fall. 3(3-0) P:M: (KIN 421) R: Not open to freshmen or sophomores. SA: PES 422

Rehabilitation techniques to manage athletic injuries. Anatomical and neurophysiological bases of techniques. Indications and contraindications of rehabilitation protocols.

Therapeutic Modalities Spring. 3(3-0) P:M: (KIN 320) 423

Therapeutic modalities used to manage athletic injuries and their indications and contraindications. Rationale for and techniques of using thermal and electrical modalities for athletic injuries.

425 Organization and Administration of Athletic Training Spring. 3(3-0) P:M: (KIN 320) P:NM: (KIN

450)

Knowledge and skills necessary for the administration of an athletic training program. Ethics, policies, procedures, insurance, liability, budgets, facilities, and record keeping in athletic training.

Upper Body Injury Evaluation

Spring. 3(3-0) P:M: (KIN 320) P:NM: (KIN

Knowledge and skills needed for evaluating upper extremity injuries in athletic training. Techniques and tests for evaluating acute and chronic injuries to the upper body.

427 Clinical Rotations in Athletic Training

Fall, Spring. 1 to 6 credits. A student may earn a maximum of 6 credits in all enrollments for this course. P:M: (KIN 320) P:NM: (KIN 421 and KIN 426)

Knowledge and skills used to manage, evaluate and rehabilitate orthopedic injuries in various clinical settings. Clinical settings may include colleges, high schools and/or rehabilitation clinics.

Sociocultural Analysis of Physical Activity (W)

Fall, Spring. 3(3-0) P:M: (KIN 170) and completion of Tier I writing requirement. R: Open only to seniors or graduate students. SA: PES 445

Sociocultural context of and social practices in sport and physical activity.

Design and Evaluation of Physical

Activity Programs
Fall, Spring. 3(3-0) P:M: (KIN 170) R: Open only to seniors or graduate students. SA: PFS 450

Development and evaluation of programs in kinesiology.

Physical Education in Preschools and

Elementary Schools Fall. 3(1-5) P:NM: (KIN 260 or KIN 460) RB: Previous experience working with children. R: Not open to freshmen or sophomores. SA: PES 451 Not open to students with credit in TE 401.

Methods of instruction for teaching physical activities to preschool and elementary school children. Devdopment of teaching sequences. Clinical experience in teaching children and peers.

452 Physical Education in Middle and High Schools

Spring. 3(2-3) P:M: (KIN 106 and KIN 107 and KIN 108 and KIN 340) SA: PES 452 Not open to students with credit in TE 402.

Methods of instruction for teaching physical activities to middle and high school students. Development of teaching sequences. Clinical experience in teaching students and peers.

Administration of Intramural Sports Programs

Spring. 3(2-2) R: Not open to freshmen or sophomores. SA: PES 453

Organization and administration of intramural programs in educational settings. Philosophy, planning, scheduling, budgeting, facilities, officiating, exercise fitness, marketing, risk management, computer applications, and required practical experience in administering intramural programs.

Facility Planning and Construction 454

Spring. 3(3-0) R: Not open to freshmen or sophomores. SA: PES 454

Planning of athletic and physical education facilities such as gymnasia, ice rinks, swimming pools, and outdoor areas. Space utilization standards and guidelines. Selection of materials and equipment.

455 Issues in School Health Education

Spring. 3(3-0) P:M: (KIN 420)

Community health issues and resources affecting educational programming. Teaching methods and techniques as applicable to traditional and controversial health topics.

460 **Developmental Bases of Motor Skills**

Fall, Spring, Summer. 2(2-0) R: Open only to majors in the College of Education and College of Human Ecology. Not open to students in the Department of Kinesiology. SA: PES 460 Not open to students with credit in KIN 260.

Influence of physical growth and biological maturation on motor skill development. Sequential progressions of fundamental motor skills. Gross motor dysfunction and health-related fitness of children. Techniques of helping children to acquire skills.

461 **Developmental Bases of Motor Skills** Laboratory

Fall, Spring, Summer. 1 to 4 credits. A student may earn a maximum of 4 credits in all enrollments for this course. P:NM: (KIN 260 or KIN 460) R: Students must apply one term in advance of enrollment, SA; PES 461

Application of concepts related to physical growth and motor development. Practice in planning and teaching fundamental motor skills. Methods of evaluating teaching.

Ad apted Physical Activity

Fall, Spring. 3(2-2) P:M: (KIN 170) R: Not open to freshmen or sophomores. SA: PES 465

Teaching and coaching physical activities for persons with disabilities.

Practicum in Adapted Physical Activity Fall, Spring, Summer. 1 to 4 credits. A stu-466

dent may earn a maximum of 4 credits in all enrollments for this course. R: Approval of department, SA: PES 466

Supervised teaching of physical activities and/or coaching sports to persons with disabilities and vouths at risk.

Proseminar in Kinesiology (W)

Fall, Spring. 3(3-0) P:M: Completion of Tier I writing requirement. R: Open only to seniors or graduate students. SA: PES 470

Philosophical perspectives in kinesiology.

Topics in Kinesiology (MTC)

Fall, Spring, Summer. 2 to 4 credits. A student may earn a maximum of 9 credits in all enrollments for this course. R: Open only to juniors or seniors or graduate students in the Department of Kinesiology. SA: PES 482

Selected topics in areas such as physiology of exercise, biomechanics, motor behavior, psychosocial aspects of activity, program design and evaluation, athletic training, and coaching.

Independent Study

Fall, Spring, Summer. 1 to 4 credits. A student may earn a maximum of 4 credits in all enrollments for this course. R: Approval of department. SA: PES 490

Supervised individual or group study in various fields of emphasis in kinesiology.

Internship

Fall, Spring, Summer. 2 to 6 credits. A student may earn a maximum of 6 credits in all enrollments for this course. P:M: (KIN 411) R: Open only to Kinesiology majors. Approval of department.

Professional internship in kinesiology under faculty supervision.

Kinesiology-KIN

494 Fieldwork

Fall, Spring, Summer. 1 to 4 credits. A student may earn a maximum of 4 credits in all enrollments for this course. R: Approval of department, SA: PES 494

Supervised practice in teaching physical education activities, coaching sports, administering sports programs, or conducting research or service activities in kinesiology.

Physiology of Physical Activity

Fall. 3(3-0) SA: PES 810

Acute and chronic effects of exercise on the various body systems. Program design. Issues in exercise physiology.

811 Physiological Evaluation and Exercise Prescription

Fall. 2(0-4) P:NM: (KIN 810 or concurrently) SA: PES 811

Techniques in evaluation of physiological capacity and in exercise prescription for various populations.

812 Cardiovascular, Respiratory, and

Metabolic Responses to Exercise
Spring of even years. 3(3-0) P:NM: (KIN 810) SA: PES 812

Acute and chronic effects of exercise on cardiovascular, respiratory, and metabolic system functions. Role of these systems in limiting exercise perform-

813 Neuromuscular and Endocrine Responses to Exercise

Spring of odd years. 3(3-0) P:NM: (KIN 810) SA: PES 813

Acute and chronic effects of exercise on nervous, muscular, and endocrine system functions. Role of these systems in limiting exercise performance.

830 **Biomechanical Analysis of Physical** Activity

Fall. 3(2-2) Interdepartmental with Osteopathic Manipulative Medicine. SA: BIM 830, PFS 830

Kinematic analysis of mechanical and anatomical characteristics in physical activity and sport skills.

Advanced Biomechanics of Physical Activity

Spring of even years. 3(2-2) Interdepartmental with Osteopathic Manipulative Medicine; Sociology; Linguistics and Languages; Music; Romance Languages. P:NM: (KIN 830) SA: BIM 831, PES 830

Kinetic analyses of the performance of physical activity and sport.

840 **Psychosocial Aspects of Physical** Activity

Fall. 3(3-0) SA: PES 840

Social psychology of sport and physical activity.

841 Stress Management Techniques in Athletics

Summer. 3(3-0) RB: Course in Psychology. SA: KIN 882A

Theoretical bases of psychological stress. Impact of stress on performance. Application of appropriate stress management techniques to athletes. Application of research findings related to athletes.

845 Sociocultural Practices in Sport

Spring of odd years. 3(3-0) SA: PES 845 Critical, conflict, and feminist theories on dominant ideologies and social practices in sport.

851 **Curriculum and Instruction in Physical**

Activity Programs
Spring of even years. 3(3-0) P:NM: (KIN 450) SA: PES 851

Curriculum theory and models in kinesiology. Interaction of curriculum and instructional decision making in kinesiology.

Evaluation of Physical Activity Programs Spring of odd years. 3(3-0) P:NM: (KIN 450) SA: PES 852

Skills and knowledge necessary to design, implement, analyze, interpret, and report program evaluations in kinesiolgy.

853 Athletic Administration in Higher Education

Fall. 3(3-0) SA: PES 853

Administrative theory, structure, and budget. Facilities, equipment, and marketing. Legal, medical, and safety aspects.

854 Sport Law for Administrators and Coaches

Summer. 3(3-0) SA: PES 854

Legal issues in amateur athletics. Legal liability as it relates to coaches and administrators. Prevention of lawsuits through planning, policy development, and communication. Current sport legal issues.

Growth and Motor Behavior

Fall. 3(3-0) SA: PES 860

Developmental skill sequences and behavior across the lifespan. Correlates of growth, maturation, and motor behavior. Individual and gender differences.

861 Growth, Maturation, and Physical Activity

Spring of even years. 3(3-0) P:NM: (KIN 860) SA: PES 861

Physical growth, biological maturation, and motor performance. Development of tissues and organs. Development of motor components. Influences of gender and age on growth and performance. Methods of assessment.

Motor Skill Learning Spring. 3(3-0) P:NM: (KIN 860) SA: PES 862

Learning and performance theory applied to gross motor skills. Conditions influencing skill acquisition. Emphasis on neuropsychological and human performance models.

Curriculum and Instruction in Adapted 865 Physical Education

Spring of odd years. 3(3-0) SA: PES 865 Design of curricula and implementation of instruction in physical education for students with disabilities.

Research on Sports for Athletes with Disabilities

Spring of even years. 3(3-0) SA: PES 866 Performance capabilities of athletes with disabilities. Research on areas such as exercise physiology, sport biomechanics, sport psychology, sport sociology, motor development, and motor learning.

Practicum in Adapted Physical Activity

Fall, Spring, Summer. 1 to 4 credits. A student may earn a maximum of 4 credits in all enrollments for this course. R: Approval of department. SA: PES 867

Supervised practice in teaching physical activities and/or coaching sports for persons with disabilities.

Physical Activity and Well-Being Fall. 3(3-0) SA: PES 870 870

Relationship of physical activity to human wellbeing. Influence of growth, biological maturity, aging, body composition, nutrition, training, and rest on health and performance.

Research Methods in Kinesiology

Spring. 3(3-0) R: Open only to graduate students in the Department of Kinesiology. SA: PES 871

Experimental, longitudinal, survey, and qualitative research methods in kinesiology. Writing research proposals and reports. Research ethics.

882

Topics in Kinesiology (MTC)Fall, Spring, Summer. 2 to 3 credits. A student may earn a maximum of 9 credits in all enrollments for this course. SA: PES 882

Selected topics in areas such as physiology of exercise, biomechanics, motor behavior, psychosocial aspects of activity, program design and evaluation, and athletic training

890 Independent Study in Kinesiology

Fall, Spring, Summer. 1 to 6 credits. A student may earn a maximum of 6 credits in all enrollments for this course. R: Open only to master's students. Approval of department. SA: PES 890

Individual study in an area of kinesiology under faculty supervision.

893

Internship in Kinesiology Fall, Spring, Summer. 2 to 6 credits. A student may earn a maximum of 6 credits in all enrollments for this course. R: Open only to graduate students in the Department of Kinesiology. SA: PES 893

Supervised internship in sports medicine, athletic administration, coaching, or education agencies. Capstone experience option in master's degree program.

Field Experiences in Kinesiology

Fall, Spring, Summer. 1 to 6 credits. A student may earn a maximum of 6 credits in all enrollments for this course. R: Approval of department. SA: PES 894

Supervised graduate practicum in schools or ther settings.

895 Research Ethics

Summer. 1(1-0) Interdepartmental with Teacher Education; Counseling, Educa-Interdepartmental with tional Psychology and Special Education; Educational Administration; Music; Romance Languages. R: Open only to graduate students in the Department of Counseling, Educational Psychology and Special Education or Department of Educational Administration or Department of Kinesiology or Department of Teacher Education, SA: PFS 895

Identifying and resolving ethical problems in research, including issues related to collegial interactions; authorship, publication, and reviewing practices; data management; ownership of data and intellectual property; conflicts of interest; protection of human and animal subjects; and lab safety and

297

Project in KinesiologyFall, Spring, Summer. 1 to 4 credits. A student may earn a maximum of 4 credits in all enrollments for this course. R: Open only to graduate students in the Department of Kinesiology. SA: PES 897

Project experience under the guidance and supervision of MSU faculty. Development of products such as technical reports, instructional media, or curriculum materials to address an educationally significant problem. Capstone experience option in master's degree program.

Master's Thesis Research 899

Fall, Spring, Summer. 1 to 6 credits. A student may earn a maximum of 6 credits in all enrollments for this course. P:NM: (KIN 871) SA: PES 899

Master's thesis research.

Current Issues in Exercise Physiology Spring. 3(3-0) A student may earn a maxi-910

mum of 9 credits in all enrollments for this course. P:NM: (KIN 810) SA: PES 910

Selected issues in exercise physiology and related fields of study.

Current Issues in Biomechanical Aspects of Physical Activity

Spring. 3(3-0) A student may earn a maximum of 9 credits in all enrollments for this course. Interdepartmental with Osteopathic Manipulative Medicine. P:NM: (KIN 830) SA: BIM 930, PES 930

Selected issues of biomechanical analyses of sport and physical activity.

Current Issues in Psychosocial Aspects of Physical Activity

Fall. 3(3-0) A student may earn a maximum of 9 credits in all enrollments for this course. SA: PES 940

Selected issues in the psychology and sociology of sport and physical activity.

Current Issues in the Design and
