HUMAN MEDICINE HM

College of Human Medicine

501 Preceptorship Training Fall, Spring, Summer. 1 to 8 credits. A student may earn a maximum of 24 credits in all enrollments for this course. Interdepartmental with Family Practice. Administered by Human Medicine. RB: One year of graduate-professional program in College of Human Medicine.

Field experience in primary care.

511 Infectious Disease and Immunology Fall. 3 credits. RB: Not open to first year students. R: Open only to graduate-professional students in College of Human Medicine.

Basic sciences applied to clinically relevant situations. Problem-based small group experiences.

512 Disorders of Behavior and Development Fall. 3 credits. RB: Completion of all Block I required courses. Not open to first year students. R: Open only to graduate-professional students in the College of Human Medicine.

Basic sciences applied to clinically relevant situations. Problem-based small group experiences.

513 Neurological Domain Fall. 3(3-0) RB: Not open to first year students. R: Open to graduate-professional students in the College of Human Medicine.

Basic sciences applied to clinically relevant situations. Problem-based learning small group experiences.

514 Major Mental Disorders Fall. 2 credits. RB: Not open to first year students. R: Open only to graduate-professional students in College of Human Medicine.

Basic sciences applied to clinically relevant situations. Problem-based small group experiences.

515 Cardiovascular Domain Fall. 4 credits. RB: Not open to first year students. R: Open only to graduate-professional students in College of Human Medicine.

Basic sciences applied to clinically relevant situations. Problem-based small group experiences.

516 Disorders of Thought, Emotion, and Behavior Domain Fall. 4(4-0) RB: Not open to first year students. R: Open to graduate-professional students in the College of Human Medicine.

Basic science applied to clinically relevant situations. Problem-based learning small group experiences.

517 Musculoskeletal Domain Fall. 2(2-0) RB: Not open to first year students. R: Open to graduate-professional students in the College of Human Medicine.

Basic science applied to patient cases. Problem-based learning small group teaching.

525 Pulmonary Domain Fall. 4 credits. RB: Not open to first year students. R: Open only to graduate-professional students in the College of Human Medicine.

Basic sciences applied to clinically relevant situations. Problem-based small group experiences.

526 Urinary Tract Domain Fall. 3 credits. RB: Not open to first year students. R: Open only to graduate-professional students in the College of Human Medicine.

Basic sciences applied to clinically relevant situations. Problem-based small group experiences.

527 Digestive Domain Spring. 3 credits. RB: Block I. Not open to first year students. R: Open only to graduate-professional students in College of Human Medicine.

Basic sciences applied to clinically relevant situations. Problem-based small group experiences.

528 Metabolic and Endocrine and Reproductive Domain Spring. 3 credits. RB: Block I. Not open to first year students. R: Open only to graduate-professional students in College of Human Medicine.

Basic sciences applied to clinically relevant situations. Problem-based small group experiences.

531 Clinical Skills I Fall. 2(1-2) R: Open only to graduate-professional students in the College of Human Medicine.

Basic principles of doctor-patient relationship, core interviewing techniques. Exposure to clinical arena.

532 Clinical Skills II Spring. 2(1-2) RB: HM 531 R: Open only to graduate-professional students in the College of Human Medicine.

Adult screening physical examination and its integration with data-gathering skills.

533 Clinical Skills III Summer. 1(1-2) RB: HM 532 R: Open only to graduate-professional students in the College of Human Medicine.

Age specific screening examinations and integration with data-gathering skills.

534 Clinical Skills IV Fall. 2(1-2) RB: HM 533 R: Open only to graduate-professional students in College of Human Medicine.

Advanced interviewing and physical examination skills. Communication of patient-related data with the patient and other health professionals, orally and in writing. Problem solving.

535 Clinical Skills V Spring. Summer. 2(1-2) RB: HM 535 R: Open only to graduate-professional students in College of Human Medicine.

Advanced interviewing and physical examination skills. Oral case presentations and written medical records. Introductory problem solving skills.

537 Topics in Reproductive Health Fall. 2(2-0) R: Open only to graduate-professional students in the College of Human Medicine, the College of Osteopathic Medicine, and to graduate students in the College of Nursing.

Pre-clinical focus on topics of reproductive health.

539 Hematopoietic/Neoplasia Domain Fall. 4 credits. RB: Not open to first year students. R: Open only to graduate-professional students in the College of Human Medicine.

Learn and apply advanced concepts of the basic sciences to clinically relevant situations. Problem-based learning small group experiences.

540 Emergency Medicine for Preclinical Medical Students Fall, Spring, Summer. 1(2-15) A student may earn a maximum of 2 credits in all enrollments for this course. RB: ANTR 551 and (HM 531 and QST 501)

A precepting experience in the principles of emergency care in the hospital.

547 The Social Context of Clinical Decisions II Spring. 2(2-0) RB: HM 546 R: Open only to graduate-professional students in College of Human Medicine.

Issues and concepts related to social and professional responsibilities of physicians.

548 Medical Humanities Seminar Spring. 2(2-0) RB: HM 547 R: Open only to graduate-professional students in College of Human Medicine.

Issues related to the humanities and human values pertinent to medical practice.

550 International Law and Ethics of Human Subject Research Fall. 2(2-0) R: Open to graduate students or graduate-professional students or approval of department.

Interdisciplinary understanding of the substance and interrelationships of international law and ethics in protecting human subjects of biomedical and behavioral research.

551 Basic Principles of Pathology Spring. 2 credits. Interdepartmental with Osteopathic Medicine. Administered by Human Medicine. R: Open only to graduate-professional students in the colleges of Human and Osteopathic Medicine. SA: PTH 542

Fundamental pathologic processes. Clinical applications.

571 Integrative Clinical Correlations I Fall. 2(2-0) RB: (ANT 551 or concurrently) and (BMB 521 or concurrently) and (PSL 501 or concurrently) R: Open only to graduate-professional students in the College of Human Medicine.

Correlation of the principles of the basic biological and behavioral sciences with disciplines of clinical medicine using case presentations.

572 Integrative Clinical Correlations II Spring. 1(1-0) RB: (HM 571 or concurrently) and (ANTR 552 or concurrently) and (ANTR 562 or concurrently) and (PTH 542 or concurrently) R: Open only to graduate-professional students in the College of Human Medicine.

Correlation of the principles of the basic biological and behavioral sciences within the disciplines of clinical medicine using case presentations.
Human Medicine—HM

573 Integrative Clinical Correlations III
Summer, 1(2-0) RB: (HM 543 or concurrent-ly) and (HM 572 or concurrently) and (PHD 523 or concurrently) and (PHM 563 or concur-rently) and (RAD 553 or concurrently) R: Open only to graduate-professional students in the College of Human Medicine. Correlation of the principles of the basic biological and behavioral sciences with the disciplines of clinical medicine using case presentations.

581 Mentor Program
Fall, 1(0-2) R: Open only to graduate-professional students in the College of Human Medicine. Dimensions of being a physician. Performance skills needed for patient care and interaction with medical workers. Current trends.

582 Mentor Program Year II
Fall, Spring, Summer. 1(0-2) A student may earn a maximum of 2 credits in all enrollments for this course. R: Open only to graduate-professional students in College of Human Medicine. Continuing exploration of the dimensions of being a physician. Professional skills needed to interact with patients and medical workers. Current trends.

591 Special Problems in Human Medicine
Fall, Spring, Summer. 1 to 34 credits. A student may earn a maximum of 36 credits in all enrollments for this course. R: Open only to graduate-professional students in the College of Human Medicine. Work under the direction of a faculty member on an experimental, theoretical, or applied problem that requires a broad, interdisciplinary approach.

608 Sub-Specialty Clerkships
Fall, Spring, Summer. 4 to 12 credits. A student may earn a maximum of 12 credits in all enrollments for this course. RB: FMP 602 R: Open only to graduate-professional students in College of Human Medicine. Hospital and office-based clinical experiences in sub-specialties in medicine and surgery.

609 Laboratory Medicine Clerkship
Fall, Spring, Summer. 1 to 8 credits. A student may earn a maximum of 16 credits in all enrollments for this course. Interdepartmental with Osteopathic Medicine. Adminis-tered by Human Medicine. R: Open only to graduate-professional students in College of Human Medicine or Osteopathic Medicine. SA: PTH 609 Laboratoy procedures. Correlation of laboratory data with morphologic abnormalities in patients with pathophysiolog.

610 Pathology Clerkship
Fall, Spring, Summer. 1 to 8 credits. A student may earn a maximum of 12 credits in all enrollments for this course. Interdepartmental with Osteopathic Medicine. Adminis-tered by Human Medicine. R: Open only to graduate-professional students in College of Human Medicine or Osteopathic Medicine. SA: PTH 608 Anatomic and clinical pathology with emphasis on clinical-pathological correlation. Conducted in pathology departments of affiliated hospitals.

621 Planning for Leadership in Medicine for Underserved or Vulnerable Communities
Spring. 6 credits. P:M: PHD 600 and MED 608 and FMP 608 R: Open to graduate-professional students in the College of Hu-man Medicine. Approval of college. Interaction with various clinical, anthropologic, public health professionals, and community leaders in preparation for a month rotation in an underserved or vulnerable clinical setting.

630 Emergency Medicine Clerkship
Fall, Spring, Summer. 2 to 12 credits. A student may earn a maximum of 12 credits in all enrollments for this course. RB: MED 608 R: Open only to graduate-professional students in the College of Human Medicine. Clinical diagnosis and treatment of emergencies seen in community emergency departments.

635 Core Competencies I
Fall, Spring, Summer. 2(2-0) A student may earn a maximum of 6 credits in all enrollments for this course. Interdepartmental with Family Practice and Medicine and Pediatrics and Human Development. Administered by Human Medicine. R: Open only to graduate-professional students in College of Human Medicine. Core knowledge and skills from an interdisciplinary perspective.

636 Core Competencies II
Fall, Spring, Summer. 2(2-0) A student may earn a maximum of 6 credits in all enrollments for this course. Interdepartmental with Family Practice and Medicine. Administered by Human Medicine. R: Open only to graduate-professional students in College of Human Medicine. Core knowledge and skills from an interdisciplinary perspective.

637 Core Competencies III
Fall, Spring, Summer. 2(2-0) A student may earn a maximum of 6 credits in all enrollments for this course. Interdepartmental with Family Practice and Medicine and Obstetrics, Gynecology and Reproductive Biology and Pediatrics and Human Development and Surgery. Administered by Human Medicine. R: Open only to graduate-professional students in College of Human Medicine. Core knowledge and skills from an interdisciplinary perspective.

690 Independent Study in Bioethics
Fall, Spring, Summer. 1 to 6 credits. A student may earn a maximum of 6 credits in all enrollments for this course. R: Open to masters students in the Bioethics, Humanities, and Society major. Approval of department. Special projects, directed readings, and research arranged by an individual graduate student and a faculty member in areas supplementing regular course offerings.

691 Research Clerkship
Fall, Spring, Summer. 2 to 12 credits. A student may earn a maximum of 12 credits in all enrollments for this course. RB: (HM 690) or approval of community research di-rector. R: Open only to graduate-professional students in the College of Human Medicine. Biological, behavioral, or clinical research project.

820 Humanistic and Social Perspectives on Health
Fall. 3(3-0) R: Open only to students in the M.A. program in Bioethics, Humanities, and Society SA: AL 820 Multidisciplinary perspectives on health care and medicine. Linkages among the humanities, social sciences and the sciences.

890 Independent Study in Bioethics
Fall, Spring, Summer. 1 to 6 credits. A student may earn a maximum of 6 credits in all enrollments for this course. R: Open to masters students in the Bioethics, Humanities, and Society major. Approval of department. Special projects, directed readings, and research arranged by an individual graduate student and a faculty member in areas supplementing regular course offerings.

894 Practicum in Bioethics
Fall, Spring, Summer. 1 to 6 credits. A student may earn a maximum of 6 credits in all enrollments for this course. RB: HM 820 R: Open to masters students in the Bioethics, Humanities, and Society major. Approval of department. Observations, participation, and study of ethical and policy issues in selected health, research, or government settings.

898 Master's Research
Fall, Spring, Summer. 1 to 3 credits. A student may earn a maximum of 3 credits in all enrollments for this course. R: Open only to students in the M.A. program in Bioethics, Humanities, and Society major. Directed research in support of master's program requirements.

899 Master's Thesis Research
Fall, Spring, Summer. 1 to 9 credits. A student may earn a maximum of 12 credits in all enrollments for this course. Master's thesis research, independent study.
