NURSING  NUR

College of Nursing

205 Introduction to Professional Nursing
Fall, Spring. 4(2-6) P: CEM 143 and PSY 101 RB: Not open to RN-BSN stu-
dents. R: Open to students in the Nursing Major. C: NUR 300 concurrently or NUR 301 concurrently.

Principles and practices of holistic nursing care that allow for analysis of a comprehensive collection of patient data to provide basic clinical care to the adult population.

220 Introduction to Nursing Scholarship
Fall, Spring. 2(2-0) RB: Open to other majors with College approval. R: Open to students in the Nursing major or in the Nursing major. Prepares students to become consumers of research who critically evaluate and base their nursing care on evidence. Research methodologies essential to providing evidence-based nursing care.

300 Pathophysiology
Fall, Spring. 4(4-0) P: (ANTR 350) and (PSL 310 or PSL 250) RB: Preprofes-
sional students entering patient care disci-
plines. SA: NUR 341 Not open to students with credit in NUR 301.

How disrupting normal structures and functions of the human body leads to disease processes from the cellular to the multi-system level. Critical examination of the mechanisms underlying signs and symptoms.

301 Clinical Pathophysiology
Fall, Spring. 3(3-0) P: ((PSL 250 or PSL 310) or (PSL 431 and PSL 432)) and ANTR 350 R: Open to students in the College of Nursing. Not open to students with credit in NUR 300.

How disrupting normal structures and functions of the human body leads to disease processes from the cellular to the multisystem level. Critical examination of the mechanisms underlying signs and symptoms of diseases.

322 Nursing Care of Acute and Chronically Ill Patients I
Fall, Spring. 4(2-6) P: NUR 301 or NUR 300 C: NUR 305 concurrently and PHM 350 concurrently.

Focuses on the nursing process and clinical judgment at a beginning level to provide care for acute and chronically ill patients.

324 Health Promotion and Disease and Injury Prevention I
Fall, Spring. 3(2-3) P: HDFS 225 and HNF 150 C: NUR 205 concurrently and NUR 322 concurrently.

Principles and practices of health education, health promotion/behavior change, and health literacy through understanding epidemiology, determinants of health, and protective and predictive factors of health and well-being.

325 Transitions to BSN Practice
Fall, Spring. 2(2-0) P: NUR 300 or NUR 301 R: Open to students in the Nursing Major.

Application of curricular concepts to nursing practice, role differentiation and contribution of BSN nurse to healthcare.

330 Health Assessment and Nursing Therapeutics
Fall, Spring, Summer. 7(3-10) P: NUR 300 R: Open to students in the Nursing Major. C: PHM 350 concurrently and NUR 340 concurrently.

Normal physiology and pathophysiology. Theories of growth and development across the life span. Therapeu-
tic communication and physical, psychosocial, cultural and spiritual assessment techniques and mastery of basic nursing therapeutics. Understanding the significance of abnormal physiological health transitions of the adult.

332 Nursing Care of Acute and Chronically III Patients II
Fall, Spring. 5(2-9) P: (NUR 322 and NUR 324) and (MMG 201 or MMG 301) C: NUR 334 concurrently and NUR 371 concurrently.

Focuses on using the nursing process and clinical judgment at an intermediate level to manage care for acute and chronically ill patients.

334 Health Promotion and Disease and Injury Prevention II
Fall, Spring. 3(2-3) P: NUR 322 and NUR 324 C: NUR 332 concurrently and NUR 371 concurrently.

Principles and practices of health promotion, risk redu-
duction, and injury prevention to provide nursing care for individuals, families, and communities across the lifespan.

336 Health Promotion for the BSN
Spring, Summer. 4(4-0) RB: Registered Nurse admitted to the RN-BSN program. R: Open to students in the Nursing Major.

Health promotion and risk reduction for individuals across the lifespan in the context of their families and environments including those from diverse and vulnerable populations.

340 Foundations of Nursing Practice
Fall, Spring. 4(4-0) P: (NUR 300 or (NUR 325 or concurrently)) and completion of Tier I writing requirement
Theories and principles underlying professional nurs-
ing practice. Development of basic principles for using empirical evidence and the research process to guide practice.

355 Integrative Seminar I
Spring, Summer. 2(2-0) P: NUR 325 and NUR 340 RB: Registered Nurse admitted to the RN-BSN program. R: Open to students in the Nursing Major.

Critical appraisal of literature related to health promo-
tion and risk reduction in preparation for an evidence based practice project.

360 Acute Nursing Care of Adults and Older Adults
Fall, Spring. 8(4-12) P: NUR 330 and NUR 340 C: NUR 370 concurrently.

Integration of concepts and theories into beginning level Nursing practice. Examination of dynamic inter-
relationship between professional, scholarly nursing practice, and the health and wellness of diverse per-
sons and populations across the life span.

370 Mental Health and Psychiatric Nursing
Fall, Spring. 4(2-6) P: NUR 330 and NUR 340 C: NUR 360 concurrently.

Extension of foundational social science concepts into nursing therapeutics aimed at mental health and the care of persons with mental illnesses. Medication and non-medication interventions, group interven-
tions, and therapeutic environments.

371 Behavioral Health Nursing
Fall, Spring. 4(2-6) P: NUR 322 and NUR 324 C: NUR 332 concurrently and NUR 334 concurrently.

Extension of foundational social science concepts into nursing therapeutics aimed at behavioral health and the care of persons with mental illnesses.

375 Research and Evidence-Based Practice
Fall, Spring, Summer. 2(2-0) P: (STT 200 or STT 201 or NUR 332 or NUR 334 or NUR 371) and completion of Tier I writing require-
ment C: NUR 436 concurrently and NUR 437 concurrently and NUR 445 concurrently.

Introduction to basic research methodology and how it informs evidence-based nursing practice.

422 Nursing in London
Summer. 6(6-0) R: Approval of college; ap-
plication required.

Historical evolution of nursing in the National Health Service: British nursing education, hospital and com-
munity health nursing, standards of care, research, and management. Influence of professional nursing upon British national health policies.

435 Nursing Care of the Childbearing Family
Fall, Spring. 4(2-6) P: NUR 360 and NUR 370 C: NUR 440 concurrently.

Health promotion and risk assessment of individuals and families during pregnancy and birth. Therapeutic communication and assessment skills for providing holistic care to culturally diverse childbearing families during the prenatal, intrapartum, and postpartum pe-
riods. Caring for mother and baby in utero and after birth.

436 Nursing Care of Children and Their Families
Fall, Spring. 2(1-3) P: NUR 332 and NUR 334 and NUR 371 and NUR 375 C: NUR 437 concurrently.

Theoretical concepts and clinical application of nurs-
ing care for ill children and adolescents using a holis-
tic perspective in varied settings.

437 Nursing Care of the Childbearing Family
Fall, Spring. 2(1-3) P: NUR 332 and NUR 334 and NUR 371 and NUR 375 C: NUR 436 concurrently and NUR 445 concurrently.

Theoretical concepts and clinical application of nurs-
ing care for the normal and at risk childbearing fami-
lies using a holistic perspective in varied settings.

440 Nursing Care of Children, Adolescents and Their Families
Fall, Spring. 4(2-6) P: NUR 360 and NUR 370 C: NUR 435 concurrently.

Theoretical concepts and clinical application of nurs-
ing care of infants, children, and adolescents in varied health care and community settings. Synthesis of pathophysilogic, pharmacologic, and therapeutic concepts. Family-centered care of children within develop-
mental, cultural, ethnic, religious, and social structures.
NUR—Nursing

441 Future of Nursing: Graduate Education
Fall, Spring. 2(2-0): P: NUR 322 or concurrently R: Open to students in the Nursing Major. Options for graduate education in nursing. Students will develop post-BSN professional goals. Identify potential clinical focus and population of interest for research/scholarship/practice. Completion of an application to the graduate program of their choice.

445 Nursing Care of Acute and Critically Ill Patients
Fall, Spring. 6(3-9) P: NUR 332 and NUR 334 and NUR 371 and NUR 375 C: NUR 436 concurrently and NUR 437 concurrently. Focuses on using the nursing process and clinical judgment at an advanced level to manage and evaluate care for acute and critically ill patients.

450 Integrative Seminar
Fall, Spring. 2(2-0): C: NUR 435 concurrently or NUR 440 concurrently. Integration of concepts and theories into intermediate-level nursing practice. Dynamic interrelationship between professional, evidence-based practice, and health and wellness throughout the lifespan.

451H Honors Research Internship
Fall, Spring, Summer. 2 to 3 credits. P: NUR 220 RB: Students must provide a copy of Human Subjects and HIPAA approval to supervising faculty member. R: Open to students in the Nursing Major or in the Prenursing Major. Immersion in the research process in the College of Nursing working directly with a nurse researcher in the context of a funded/non-funded research team.

455 Integrative Seminar II
Fall, Summer. 2(2-0): P: NUR 336 and NUR 355 RB: Registered Nurse admitted to the RN-BSN program. R: Open to students in the Nursing Major. Not open to students with credit in NUR 450. C: NUR 465 concurrently. Integration of professional and scholarly nursing practice culminating in an evidence based practice project.

460 Leadership in Clinical Practice
Fall, Spring, Summer. 5(2-9) P: (NUR 445 and NUR 436 and NUR 437) and completion of Tier I writing requirement C: NUR 475 concurrently. A capstone course that includes a precepted practicum to facilitate the student’s transition to professional practice. The focus is on the application of leadership concepts, theories, and principles.

465 Leadership Immersion
Fall, Summer. 4(3-1) P: NUR 355 and NUR 336 RB: Registered Nurse admitted to the RN-BSN program. R: Open to students in the Nursing Major. Not open to students with credit in NUR 460. C: NUR 455 concurrently. Integration and application of theories, principles and practices of nursing leadership and management into contemporary practice settings.

470 Community and Population Health Nursing
Fall, Spring, Summer. 4(2-6) P: NUR 435 or (NUR 455 and NUR 465) Theoretical and practicum basis for community-oriented population nursing practice. Promoting and protecting the health of the public using health promotion, risk reduction, and disease management and control strategies with vulnerable persons and populations. Community assessment, epidemiologic, environmental, change, political action, and case-management frameworks are used to guide evidence-based nursing care delivery to persons, families, and populations in community settings.

471 Public Health Nursing
Fall, Spring, Summer. 3(2-3): P: NUR 445 and NUR 436 and NUR 437 C: NUR 475 concurrently. Use of the public health system to care for populations, including application of the principles and practices of public health nursing.

475 Ethical Practice
Fall, Spring, Summer. 2(2-0) C: NUR 460 concurrently. Ethical theory, reasoning, and decision-making with application to clinical practice both as ethical comportment in clinical relationships and resolution of situations of ethical uncertainty and conflicts.

480 Role Transition Seminar
Fall, Spring, Summer. 3(6-0) P: (NUR 435 and NUR 440 and NUR 450) and completion of Tier I writing requirement C: NUR 460 concurrently or NUR 470 concurrently. Advanced-level evidence-based practice for transition to entry-level nursing. Ethical decision and policy-making at the organization level.

481 Scholarship for Nursing Practice (W)
Fall, Spring, Summer. 2(2-0) P: (NUR 445 and NUR 436 and NUR 437) and completion of Tier I writing requirement C: NUR 475 concurrently. Examines the dynamic interrelationship among professional scholarly nursing practice, the health and wellness of diverse populations and high quality safe health care organizations.

485 Integrative Seminar III
Fall, Spring. 2(2-0): P: NUR 455 and NUR 465 RB: Registered Nurse admitted to the RN-BSN program. R: Open to students in the Nursing Major. Not open to students with credit in NUR 480. C: NUR 470 concurrently. Examination of the influence and responsibility of professional nursing to society.

490 Independent Study in Nursing
Fall, Spring, Summer. 1 to 4 credits. A student may earn a maximum of 8 credits in all enrollments for this course. R: Approval of college. Individualized area of study in nursing.

491 Special Topics
On Demand. 2 to 4 credits. A student may earn a maximum of 6 credits in all enrollments for this course. R: Approval of college. Exploration of selected issues in nursing.

802 Theoretical Foundations and Role Development for the Advanced Practice Nurse
Fall, Spring. 3(3-0) R: Open to graduate students in the College of Nursing. Integration of theories from nursing and related disciplines to provide a foundation for the graduate student to transition into the advanced practice role.

804 Statistics for the Healthcare Professional
Fall, Spring. 3(3-0) R: Open to graduate students. Basic understanding of descriptive statistics, probability, linear regression and epidemiological concepts.

805 Pathophysiology for Advanced Practice Nursing
Fall, Spring. 3(3-0) R: Open only to master's students in the College of Nursing or approval of college. SA: NUR 511 Alterations of various physiologic systems. Pathophysiology of frequently encountered primary care conditions across the life span and special populations. In-depth case analysis of risk factors, pathophysiological changes, and associated clusters of signs and symptoms. Pathophysiological theories and research as a basis for advanced practice nursing.

806 Research for Advanced Practice Nurses
Fall, Spring. 3(3-0) R: Open to graduate students in the College of Nursing. Prepares advanced practice nurses to be proficient in the ethical and clinical application of research including problem identification and critically evaluate the evidence to provide high quality care and improve practice.

807 Clinical Decision Making
Spring, Summer. 3(1-6) P: (NUR 805) and (NUR 822 or NUR 835 or NUR 800) R: Open to master's students in the College of Nursing. Clinical decision making in advanced practice nursing. Decision theory and related concepts. Application of critical thinking and clinical judgment to differential diagnoses of common primary care conditions.

809 Applied Pharmacology for Advanced Practice Nursing
Spring, Summer. 3(3-0): P: NUR 805 Clinical application of advanced pharmacology and pharmacotherapeutics for common disease conditions. Principles of altered pharmacodynamics relative to age, race, and ethnic groups. Cost and benefit aspects of pharmacological interventions.

814 Health Care Policy and Politics
Spring. 3(3-0) P: NUR 802 R: Open to graduate students in the College of Nursing. Not open to students with credit in NUR 841. Nursing and public policy formation in relation to healthcare systems organization, financing, regulation, ethics, and delivery of services within a global society.

820 Health Assessment of the Family
Fall, 3(1-6) RB: Open only to students in the Nurse Practitioner concentration. R: Open to master's students in the Nurse Practitioner Graduate Certificate or in the Master of Science in Nursing. Advanced assessment component of the nursing process to analyze the health status of children and adults across the lifespan.
Principles and issues of health care management for family advanced practice nurses in primary care. Health promotion, disease prevention, and single acute problems of individuals across the life span and for diverse populations. Analysis of primary care practice topics using family frameworks and evidence based research.

Principles and issues of health care management for family advanced practice nurses in primary care. Health care management of clients across the life span with chronic, stable and/or multiple complex problems. Integration and synthesis of relevant frameworks.

Integration of assessment and applied theory in primary care management of clients across the lifespan. Collaborative model of primary care practice. Health care management of chronic, stable and multiple complex problems of individuals within the context of family. Increasingly independent decision making with preceptor validation.

Principles and issues of health care management for the adult within a variety of health care environments. Assessment, diagnosis, interventions to return the patient to a stable state and guidelines. Planning and implementing therapeutic interventions to return the patient to a stable state and to optimize health. Minimizing physical and psychological complications and maximizing health potential. Integration and synthesis of relevant theories and frameworks. Coordination of care.

Integration of assessment and applied theory in clinical management. Management of acute and chronic health problems, promotion of rehabilitation and health maintenance for adult and aging individuals across a variety of environments. Provision of specialized, culturally appropriate care to aging individuals, family members and the community. Collaborative, interdisciplinary model of practice.

824 Practicum II: Primary Care for the Family Spring. 7(0-21) P: NUR 822 and NUR 823 R: Open to graduate students in the Nurse Practitioner Graduate Certificate or in the Master of Science in Nursing. SA: NUR 524

832 Practicum I: Primary Care for the Adult and Aged Fall. 6(0-18) P: NUR 836 R: Open to graduate students in the Master of Science in Nursing or in the Nurse Practitioner Graduate Certificate. SA: NUR 522

834 Practicum II: Primary Care for the Adult and Aged Spring. 7(0-21) P: NUR 832 R: Open to graduate students in the Master of Science in Nursing or in the Nurse Practitioner Graduate Certificate. Integration of assessment and applied theory in clinical management. Management of acute and chronic health problems, promotion of rehabilitation and health maintenance for adult and aging individuals across a variety of environments. Provision of specialized, culturally appropriate care to aging individuals, family members and the community. Collaborative, interdisciplinary model of practice.

835 Health Assessment Across the Lifespan Fall. 3(1-6) RB: Successful completion of basic physical/health assessment course. R: Open to graduate students in the Master of Science in Nursing or in the Nurse Practitioner Graduate Certificate. Advanced health assessment skills to provide comprehensive, culturally sensitive care. Interviewing techniques, communication, interpersonal skills and psychomotor skills. Analysis of health status including the role of risk factors and health promotion strategies. Emphasis placed on functional implications. Interpretation of data for the purpose of differentiating typical from atypical presentations and recognizing actual and potential health problems.

836 Primary Care Management of the Adult and Aged I Summer. 5(3-6) P: NUR 835 and NUR 807 R: Open to graduate students in the Master of Science in Nursing or in the Nurse Practitioner Graduate Certificate. Principles and issues of health care management for adult and gerontological advanced practice nurses. Health promotion, risk identification, disease prevention, and acute problems for the adult and aged from culturally diverse backgrounds. The role of risk factors and normal aging changes on health. Analysis of adult and aging health topics using appropriate models, frameworks, and evidence-based research.

837 Primary Care Management of the Adult and Aged II Fall. 3(3-0) P: NUR 836 R: Open to graduate students in the Master of Science in Nursing or in the Nurse Practitioner Graduate Certificate. Health care management of the adult and aged individual with stable chronic, co-morbid, complex problems and geriatric syndromes utilizing clinically relevant research and evidence-based, age appropriate, guidelines. Planning and implementing therapeutic interventions to return the patient to a stable state and to optimize health. Minimizing physical and psychological complications and maximizing health potential. Integration and synthesis of relevant theories and frameworks. Coordination of care.

838 Care for Aging Individuals Across the HealthCare Continuum Spring. 1(1-0) P: NUR 802 R: Open to graduate students in the Master of Science in Nursing or approval of college; application required. Regulations, financing methods, forms of service delivery, and management methods in care of the older adult within a variety of health care environments. Aging of the American society, the impact of the baby-boomer generation, consumer choice, and the growing diversity in care options, focusing on long-term care.

840 Physical Assessment for Clinical Nurse Specialist Spring. 2(1-3) P: NUR 805 R: Open to master's students in the Master of Science in Nursing. Development of advanced health history and physical assessment skills for clinical nurse specialist.

861 Curriculum Design in Nursing Education Summer. 3(3-0) P: NUR 802 RB: Open only to master's students in Clinical Nurse Specialist-Nurse Education concentration. R: Open to graduate students in the Master of Science in Nursing. Analysis and application of theories, principles, and concepts associated with curriculum development, design, and evaluation.

862 Clinical Nurse Specialist Role Internship Fall. 8(2-18) P: NUR 807 RB: Open only to master's students in the Clinical Nurse Specialist-Nurse Education concentration. R: Open to graduate students in the Master of Science in Nursing. Role development of the clinical nurse specialist as an advanced practice nurse, expert in nursing practice, and professional leader.

864 Clinical Nurse Specialist Role Immersion Spring. 6(1-15) P: NUR 862 and (NUR 814 or concurrently) RB: Open only to master's students in the Clinical Nurse Specialist-Nurse Education concentration. R: Open to graduate students in the Clinical Nurse Specialist Graduate Certificate or in the Master of Science in Nursing. Synthesis, integration, and clinical application of the essential concepts and knowledge associated with the roles of the clinical nurse specialist.

866 Academic and Clinical Teaching Internship Spring. 3(1-6) P: NUR 861 RB: Open only to master's students in Clinical Nurse Specialist-Nurse Education concentration. R: Open to graduate students in the Master of Science in Nursing. Guided field internship within an academic or health care setting. Synthesis and application of concepts to facilitate development of the advanced practice nurse as scholar, teacher, and collaborator.

868 Topics in Nursing Education Fall. 3(3-0) RB: Open only to master's students in Clinical Nurse Specialist-Nurse Education concentration. R: Open to graduate students in the Master of Science in Nursing. Integration of concepts of teaching, learning, evaluation, and assessment applicable to nursing education within a variety of settings.

874 Clinical Practicum I Spring. 3(0-15) P: NUR 886 RB: Open only to students in the Nurse Anesthesia Education concentration. R: Open to graduate students in the Master of Science in Nursing. Individualized faculty-guided instruction in the management of patients receiving anesthesia, emphasizing safety, monitoring modalities, and simulated patient experiences. Experiences include introduction to the role of the nurse anesthetist and development of basic nurse anesthesia skills.
877 Anesthesia Physiology and Pathophysiology
Spring. 3(3-0) P: NUR 877
R: Approval of college.
Physiological principles and pathophysiological relationships of body systems. Evaluation of co-existing pathophysiology.

878 Advanced Physiology and Pathophysiology
Summer. 3(3-0) P: NUR 877
Homeostatic mechanisms in relation to anesthetic case management.

879 Chemistry and Physics of Anesthesia
Spring. 3(3-0) R: Approval of college.
Basic chemistry and physics and their relationship to anesthesia practice. Organic and biochemical principles, and pharmacological significance. Integration and application of these principles to nurse anesthesia practice.

880 Health Assessment for Nurse Anesthesia
Summer. 3(3-0) P: NUR 877
Advanced systematic focus on the health assessment of patients preparing for anesthesia, and integration of the anesthesia management plans.

881 Perioperative Technology and Instrumentation
Summer. 2(2-0) P: NUR 879

882 Principles of Anesthesia I
Summer. 3(3-0) P: NUR 879
Art and science of nurse anesthesia and basic principles of anesthesia practice. History of anesthesia administration. Use and care of anesthesia related equipment.

883 Principles of Anesthesia II
Fall. 3(3-0) P: NUR 882
Advanced anesthesia care principles. Procedures and complications in the anesthetic management of the emergency and trauma patient. Considerations for specialty surgical areas.

884 Principles of Anesthesia III
Spring. 3(3-0) P: NUR 883
Foundations for the clinical practice of anesthesia. Integrating physiologic patient parameters, didactic knowledge, and technical skills in simulated and clinical environments.

885 Anesthesia Practicum I
Summer. 1(0-3) P: NUR 879
Design and management of the operating room. Principles and techniques of sterile, intravenous and arterial cannulation, and course of anesthesia. Basic drugs and monitors, anesthesia management plan, documentation, and ethical considerations in anesthesia practice.

886 Anesthesia Practicum II
Fall. 2(0-6) P: NUR 885
Integration of knowledge, skills and program objectives to a broader array of patients in simulated and clinical patient environments.

887 Pharmacology for Anesthesia Practice I
Fall. 3(3-0) P: NUR 877
Pharmacology and its applications to clinical anesthesia practice.

888 Pharmacology for Anesthesia Practice II
Spring. 3(3-0) P: NUR 887
Pharmacologic principles of drug pharmacokinetics and pharmacodynamics. Factors modifying anesthetic management of patients.

890 Special Problems
Fall. Spring. 1 to 4 credits. A student may earn a maximum of 24 credits in all enrollments for this course. R: Approval of college. Individual or group in-depth study of specific areas in nursing. Independent study.

890B Special Problems
Fall. Spring. 1 to 4 credits. A student may earn a maximum of 12 credits in all enrollments for this course. R: Approval of college. Individual or group in-depth study of specific areas in nursing. Independent study.

891 Selected Topics
Fall. Spring. 1 to 4 credits. A student may earn a maximum of 12 credits in all enrollments for this course. R: Approval of college. Individual or group in-depth study of specific areas in nursing. Independent study.

892 Clinical Practicum II
Summer. 7(0-35) P: NUR 874 and NUR 884
R: Open only to students in the Nurse Anesthesia concentration. R: Open to graduate students in the Master of Science in Nursing. Individualized faculty-guided instruction in the management of patients receiving anesthesia, emphasizing safety, monitoring modalities, and simulated patient experiences. Experiences include the roles of the nurse anesthetist on the anesthesia care team and development of basic nurse anesthesia skills.

893 Clinical Practicum III
Fall. 7(0-35) P: NUR 892 RB: Open only to students in the Nurse Anesthesia concentration. R: Open to graduate students in the Master of Science in Nursing. Clinical application of principles of nurse anesthesia. Students will be precepted in the perioperative clinical site. Experiences include development of advanced skills specific to the role of the nurse anesthetist.

894 Clinical Practicum IV
Spring. 7(0-35) P: NUR 893 RB: Open only to students in the Nurse Anesthesia concentration. R: Open to graduate students in the Master of Science in Nursing. Clinical application of principles of nurse anesthesia. Students will be precepted in the perioperative clinical site. Experiences include application of advanced skills specific to the role of the nurse anesthetist. The final clinical experience demonstrated substantial progress toward self direction and independent practice.

895 Clinical Seminar I
Summer. 2(2-0) P: NUR 886
Anesthesia management plans and outcomes. Evaluation of research and other literature pertinent to the safe practice of anesthesia.

896 Clinical Seminar II
Fall. 2(2-0) P: NUR 895
Review of research literature relevant to the safe practice of anesthesia. Presentation of case studies related to pathophysiological states and safe anesthesia delivery.

897 Clinical Seminar III
Spring. 2(2-0) P: NUR 896
Review of research literature and clinical projects relevant to the safe practice of anesthesia. Presentation of scholarly project.

899 Master's Thesis Research
Fall. Spring. 1 to 6 credits. A student may earn a maximum of 24 credits in all enrollments for this course. R: Open only to master's students in the College of Nursing. Approval of college. Master's thesis research.

901 Knowledge Development in Nursing
Fall. Spring. 1 to 4 credits. A student may earn a maximum of 24 credits in all enrollments for this course. R: Open only to master's students in the College of Nursing or approval of college.

902 Scientific Foundations for the Advanced Practice Nurse
Fall. 3(3-0) R: Open to students in the College of Nursing or approval of college.
Development and growth of substantive knowledge within nursing. Middle range theories. Strategies for concept development and theory testing in nursing research for understanding health status and health outcomes for individuals, families and community-based primary care.

903 Healthcare Informatics
Fall. 3(3-0) P: NUR 902 or concurrently R: Open to graduate students in the College of Science in Nursing or in the Nursing Practice Major.
Analysis and translation of knowledge gained from the natural and social sciences to inform practice and provide a foundation for the Advanced Practice Nurse role.

904 Health Policy and Advocacy
Fall, Summer. 3(3-0) P: NUR 903 or concurrently R: Open to graduate students in the College of Science in Nursing or in the Master of Science in Nursing or in the Nursing Practice Major.
Interactions between economics, ethical principles, social policies, legislative and regulatory processes to define the role and scope of the advanced practice nurse.

<th>Course Code</th>
<th>Course Title</th>
<th>Description</th>
</tr>
</thead>
<tbody>
<tr>
<td>905</td>
<td>Patient Safety, Quality Improvement and Quality Management in Healthcare</td>
<td>Fall, Spring. 3(3-0) P: NUR 902 R: Open to graduate students in the College of Nursing or in the Master of Science in Nursing or in the Nursing Practice Major. Application and evaluation of quality improvement initiatives through the use of theories, models and outcomes.</td>
</tr>
<tr>
<td>906</td>
<td>Leadership in Complex Health Systems</td>
<td>Fall, Spring. 3(3-0) P: NUR 902 R: Open to graduate students in the College of Nursing or in the Master of Science in Nursing or in the Nursing Practice Major. Knowledge, skills and attributes required to assume leadership as an Advanced Practice Registered Nurse in complex health systems.</td>
</tr>
<tr>
<td>907</td>
<td>Advanced Pathophysiology for the Advanced Practice Registered Nurse</td>
<td>Fall. 3(3-0) R: Open to graduate students in the College of Nursing or in the Master of Science in Nursing or in the Nursing Practice Major. Advanced physiological and pathophysiological mechanisms of the body system to provide the Advanced Practice Registered Nurse a foundation for patient assessment, clinical decision-making, and management.</td>
</tr>
<tr>
<td>908</td>
<td>Advanced Physical Assessment for the Advanced Practice Registered Nurse</td>
<td>Spring. 3(2-3) R: Open to graduate students in the College of Nursing or in the Master of Science in Nursing or in the Nursing Practice Major. Comprehensive assessment including history, physical and psychological assessment of signs and symptoms, pathophysiological changes, and psychosocial variations of the patient. Specific assessment related to Nurse Anesthetist, Clinical Nurse Specialist and Nurse Practitioner practice will be a focus in the practical experience of students.</td>
</tr>
<tr>
<td>909</td>
<td>Advanced Pharmacology for the Advanced Practice Registered Nurse</td>
<td>Spring, Summer. 3(3-0) R: Open to graduate students in the College of Nursing or in the Master of Science in Nursing or in the Nursing Practice Major. Application of pharmacotherapeutics for disease conditions including knowledge of pharmacokinetics, pharmacodynamics, pharmacogenetics, pharmacy and toxicology used to guide selection of interventions.</td>
</tr>
<tr>
<td>910</td>
<td>Health Status Outcomes: The Individual and Family</td>
<td>Spring. 3(3-0) R: Open to doctoral students or approval of college. Measurement and conceptual underpinnings of health status outcomes for individuals and families across the life span. Focus on well-being in health and illness within the health care system.</td>
</tr>
<tr>
<td>911</td>
<td>Health Status Outcomes: Community/Primary Care</td>
<td>Fall. 3(3-0) R: Open to all doctoral students or approval of college. Measurement of health status outcomes for populations across the life span within the community based primary care systems. Measurement and evaluation issues related to the costs of intervention to impact outcomes.</td>
</tr>
<tr>
<td>912</td>
<td>Health Promotion – Family</td>
<td>Spring, Summer. 3(3-0) P: NUR 907 R: Open to graduate students in the College of Nursing or in the Master of Science in Nursing or in the Nursing Practice Major. Integration of concepts, theories and principles of population health, health promotion and disease prevention at the advanced practice level across the lifespan.</td>
</tr>
<tr>
<td>913</td>
<td>Health Promotion – Adult-Gerontology</td>
<td>Spring, Summer. 3(3-0) P: NUR 907 R: Open to graduate students in the College of Nursing or in the Master of Science in Nursing or in the Nursing Practice Major. Integration of concepts, theories and principles of population health, health promotion and disease prevention at the advanced practice level for adults and older adults.</td>
</tr>
<tr>
<td>915</td>
<td>Clinical Diagnosis and Management I – Family</td>
<td>Fall. 6(3-9) P: NUR 912 and NUR 907 and NUR 908 and NUR 909 R: Open to graduate students in the College of Nursing or in the Master of Science in Nursing or in the Nursing Practice Major. Integration of health assessment and diagnostic testing to formulate differential diagnoses for common health conditions/problems across the lifespan.</td>
</tr>
<tr>
<td>916</td>
<td>Clinical Diagnosis and Management II – Family</td>
<td>Spring. 6(3-9) P: NUR 915 R: Open to graduate students in the College of Nursing or in the Master of Science in Nursing or in the Nursing Practice Major. Integration of assessment and intervention strategies for health promotion and common problems in the clinical setting across the lifespan.</td>
</tr>
<tr>
<td>917</td>
<td>Clinical Diagnosis and Management III – Family</td>
<td>Summer. 6(3-9) P: NUR 916 R: Open to graduate students in the College of Nursing or in the Master of Science in Nursing or in the Nursing Practice Major. Principles and management strategies used to construct personalized care plans for individuals including diverse and at risk populations across the lifespan.</td>
</tr>
<tr>
<td>918</td>
<td>Clinical Diagnosis and Management IV – Family</td>
<td>Fall. 6(2-12) P: NUR 917 R: Open to graduate students in the College of Nursing or in the Master of Science in Nursing or in the Nursing Practice Major. Integrates evidence-based strategies to deliver collaborative primary care practice across the wellness/illness continuum with patients across the lifespan.</td>
</tr>
<tr>
<td>919</td>
<td>Clinical Diagnosis and Management V – Clinical Immersion – Family</td>
<td>Spring. 6(2-12) P: NUR 918 R: Open to graduate students in the College of Nursing or in the Master of Science in Nursing or in the Nursing Practice Major. Evidence-based management of chronic stable and complex problems within collaborative practice in complex health systems across the lifespan.</td>
</tr>
<tr>
<td>920</td>
<td>Translation of Research and Scientific Knowledge to a Practice Setting</td>
<td>Spring. 3(3-0) R: Open to doctoral students in the College of Nursing or in the Nursing Major or in the Nursing Practice Major or approval of college. Systematic approach to translating evidenced based knowledge to inform nursing practice, policy and delivery system change. Translation strategies to enhance health outcomes for those with chronic diseases and common health conditions.</td>
</tr>
<tr>
<td>921</td>
<td>Scientific Foundations of Nursing Knowledge Development</td>
<td>Spring. 3(3-0) R: Open to graduate students in the College of Nursing. Philosophical, epistemological, ontological, and ethical foundations of nursing. Critically examines historical factors in the evolution of nursing theory.</td>
</tr>
<tr>
<td>922</td>
<td>Wellness and Risk Reduction Behaviors</td>
<td>Spring of odd years. 3(3-0) R: Open to graduate students in the College of Nursing. Current state of the science related to wellness and risk reduction behaviors and interventions to improve health outcomes for various populations across the lifespan.</td>
</tr>
<tr>
<td>923</td>
<td>Self and Symptom Management in Chronic Illness</td>
<td>Spring of even years. 3(3-0) R: Open to graduate students in the College of Nursing. Current state of the science related to self and symptom management and interventions to improve chronic illness outcomes for various populations across the lifespan.</td>
</tr>
<tr>
<td>924</td>
<td>Designing Interventions for Improving Health Outcomes</td>
<td>Summer. 3(3-0) P: NUR 930 R: Open to doctoral students in the College of Nursing or in the Nursing Major. Foundation for designing, implementing, and evaluating health-related interventions to improve health outcomes for individuals, groups, and populations.</td>
</tr>
<tr>
<td>925</td>
<td>Clinical Diagnosis and Management I – Adult-Gerontology</td>
<td>Fall. 6(3-9) P: NUR 908 and NUR 909 and NUR 913 R: Open to graduate students in the College of Nursing or in the Master of Science in Nursing or in the Nursing Practice Major. Integration of health assessment and diagnostic testing to formulate differential diagnoses for common health conditions/problems in adults and older adults.</td>
</tr>
<tr>
<td>926</td>
<td>Clinical Diagnosis and Management II – Adult-Gerontology</td>
<td>Spring. 6(3-9) P: NUR 925 R: Open to graduate students in the College of Nursing or in the Master of Science in Nursing or in the Nursing Practice Major. Integration of assessment and intervention strategies for health promotion and common problems in the clinical setting for adults and older adults.</td>

927 Clinical Diagnosis and Management III – Adult-Gerontology
Summer. 6(3-9) P: NUR 926 R: Open to graduate students in the College of Nursing or in the Master of Science in Nursing or in the Nursing Practice Major. Principles and management strategies used to construct personalized care plans for individuals including diverse and at risk populations with adults and older adults.

928 Clinical Diagnosis and Management IV – Adult-Gerontology
Fall. 6(2-12) P: NUR 927 R: Open to graduate students in the College of Nursing or in the Master of Science in Nursing or in the Nursing Practice Major. Integrates evidence-based strategies to deliver collaborative primary care practice across the wellness/illness continuum for adults and older adults.

929 Clinical Diagnosis and Management V - Clinical Immersion – Adult-Gerontology
Spring. 6(2-12) P: NUR 928 R: Open to graduate students in the College of Nursing or in the Master of Science in Nursing or in the Nursing Practice Major. Evidence-based management of chronic stable and complex problems within collaborative practice in complex health systems with adults and older adults.

930 Methods In Clinical Research
Fall. 3(3-0) R: Open to doctoral students in the College of Nursing or approval of college. Advanced research designs, measurement and data collection strategies. Draws on a broad range of behavioral and health disciplines relevant to nursing. Logic of statistical models used in the evaluation of research designs and measures.

931 Wellness Promotion for Diverse Populations
Spring. 3(3-0) P: NUR 907 R: Open to graduate students in the College of Nursing or in the Master of Science in Nursing or in the Nursing Practice Major. Introduction to the Clinical Nurse Specialist’s role and responsibilities with emphasis on population health, promotion of wellness, and disease prevention.

932 Clinical Decision Making and Management of Acute Chronic Complex Conditions
Summer. 6(3-9) P: NUR 902 and NUR 908 and NUR 931 R: Open to graduate students in the College of Nursing or in the Master of Science in Nursing or in the Nursing Practice Major. Clinical Nurse Specialist role in direct care incorporating a patient centered holistic approach in evidence-based management of healthcare.

933 Clinical Nurse Specialist Advanced Practice Role Development I
Fall. 6(3-9) P: NUR 909 and NUR 932 R: Open to graduate students in the College of Nursing or in the Master of Science in Nursing or in the Nursing Practice Major. Role development of the Clinical Nurse Specialist as an applied nurse scientist, expert in nursing practice and professional leader.

934 Clinical Nurse Specialist Advanced Practice Role Development II
Spring. 6(3-9) P: NUR 905 and NUR 933 R: Open to graduate students in the College of Nursing or in the Master of Science in Nursing or in the Nursing Practice Major. Role development of the Clinical Nurse Specialist expert in nursing practice, staff development, and quality improvement.

935 Clinical Nurse Specialist Advanced Practice Role Development III
Summer. 6(3-9) P: NUR 934 R: Open to graduate students in the College of Nursing or in the Master of Science in Nursing or in the Nursing Practice Major. Developing, leading and participating in the elements of process/quality improvement using principles of improvement science.

936 Clinical Nurse Specialist Specialty Role Immersion I
Fall. 3(0-9) P: NUR 935 R: Open to doctoral students in the College of Nursing or in the Nursing Practice Major. Clinical application of the essential knowledge, skills, and values associated with the student-selected specialized practice role of the Clinical Nurse Specialist.

937 Clinical Nurse Specialist Specialty Role Immersion II
Spring. 3(0-9) P: NUR 936 R: Open to doctoral students in the College of Nursing or in the Nursing Practice Major. Continuation of NUR 936. Capstone.

940 Research Practicum
Fall, Spring, Summer. 1 to 6 credits. A student may earn a maximum of 12 credits in all enrollments for this course. R: Open to doctoral students in the Nursing major or approval of college. Participation in ongoing funded research as a member of an interdisciplinary research team.

950 Nursing Research Seminar I
Fall. 1(1-0) R: Open to doctoral students in the College of Nursing or in the Nursing major or approval of college. Socialization of doctoral study and research environment. Roles and responsibilities of clinical nurse researcher. Pragmatic facets of research process and environment.

951 Nursing Research Seminar II
Spring. 1(1-0) P: NUR 950 R: Open to doctoral students in the College of Nursing or in the Nursing major or approval of college. Continuation of NUR 950. Socialization to doctoral study and research environment. Responsibilities of clinical nurse researcher including responsible conduct of research. Synthesis of course work and relevant research methodologies into own research. Dissertation of research.

960 Scientific Foundations of Nursing
Fall. 3(3-0) R: Open to doctoral students in the College of Nursing. Critically examines factors contributing to the evolution of the development of nursing. Analyze philosophical, epistemological and historical influences on the profession.

961 Leadership I: Organizational Leadership
Summer. 3(3-0) R: Open to doctoral students in the College of Nursing. Analysis and evaluation of organization and leadership theories and their relationship to complex health care systems. Strategies for effective leadership include systems thinking, organizational culture, communication, resource utilization, ethics, and change models required to lead cost-effective quality and safety improvements within health care organizations and in an interdisciplinary environment.

962 Analytical Methods for Evidence-Based Practice
Summer. 3(0-9) P: NUR 960 or concurrently R: Open to doctoral students in the College of Nursing. Integrate and critically evaluate knowledge from diverse sources to develop the best evidence-based practice guidelines for improving health outcomes. Explore rigorous methodologies to design, implement, and evaluate evidence-based interventions.

963 Leadership II: Leadership in Complex Healthcare Organizations
Fall. 3(3-0) P: NUR 961 R: Open to doctoral students in the College of Nursing. Interprofessional collaboration within complex health care organizations and systems to transform the delivery of health care to improve access, quality, and safety across diverse populations. Strategies to address organizational challenges and facilitate system wide changes important to the practice environment of the advanced practice nurse will be explored. Group dynamics within health care organizations and communities will be examined with an emphasis on communication patterns, resource allocation, strategic planning, and quantitative decision making models to formulate policy.

964 DNP Practicum I
Fall, Spring, Summer. 3 credits. P: NUR 960 and NUR 961 R: Open to doctoral students in the College of Nursing. Provides the clinical opportunity to analyze, synthesize, and implement integrated nursing knowledge and skills in achieving patient and health system outcomes systems’ assessment and needs analysis within the healthcare environment.

965 DNP Practicum II
Fall, Spring, Summer. 3 credits. P: NUR 964 R: Open to doctoral students in the College of Nursing. Provides opportunities to engage in increasingly complex organizational projects. Participates in implementation of evidence-based initiatives to improve health outcomes and system effectiveness.

966 Applied Chemical and Physical Principles of Anesthesia Practice
Fall. 3(3-0) R: Open to doctoral students in the College of Nursing or in the Nursing Practice Major. Combined coverage of chemical and physical principles and their applied relationship to nurse anesthesia practice.

967 Basic Principles of Anesthesia
Summer. 4(4-0) R: Open to doctoral students in the College of Nursing or in the Nursing Practice Major. Fundamental anesthesia principles that underpin the development and implementation of a safe anesthetic plan.
968 Advanced Physiology and Pathophysiology for Anesthesia Practice I
Spring. 4(4-0) R: Open to doctoral students in the College of Nursing or in the Nursing Practice Major. Physiological basis of cellular and tissue functions and the consequences of their dysregulation on essential homeostatic processes in cells, compartments and primary organ systems.

969 Advanced Physiology and Pathophysiology for Anesthesia Practice II
Summer. 4(4-0) P: NUR 968 R: Open to doctoral students in the College of Nursing or in the Nursing Practice Major. In-depth study of human physiology and pathophysiology using a systems approach. Emphasis is placed on those physiologic and pathophysiologic alterations that affect homeostasis in humans across the life span.

970 Pharmacology for Nurse Anesthesia I
Summer. 3(3-0) P: NUR 908 R: Open to doctoral students in the College of Nursing or in the Nursing Practice Major. Basic science of pharmacology used in anesthesia practice.

971 Pharmacology for Nurse Anesthesia II
Fall. 3(3-0) P: NUR 970 R: Open to doctoral students in the College of Nursing or in the Nursing Practice Major. Advanced principles of anesthesia and pharmacology and the synthesis of these concepts into a safe, cost-effective, patient-specific delivery plan.

972 Advanced Principles of Anesthesia I
Fall. 3(3-0) P: NUR 967 R: Open to doctoral students in the College of Nursing or in the Nursing Practice Major. Anesthetic delivery to patients with increasing comorbidities and complex anesthesia needs. Advanced airway management, regional anesthesia and chronic pain management.

973 Advanced Principles of Anesthesia II
Spring. 3(3-0) P: NUR 972 R: Open to doctoral students in the College of Nursing or in the Nursing Practice Major. Advanced concepts related to nurse anesthesia practice including management of pediatric, obstetric, neurologic, traumatic, vascular and cardiothoracic procedures.

974 Introduction to Clinical Practicum
Summer. 1(0-8) R: Open to doctoral students in the College of Nursing or in the Nursing Practice Major. C: NUR 967 concurrently. Application of basic anesthesia cognitive, affective and psychomotor skills in a simulated environment.

975 Clinical Anesthesia Practicum I
Fall. 2(0-16) P: NUR 974 R: Open to doctoral students in the College of Nursing or in the Nursing Practice Major. Integration of theory with practice in a clinical and simulated setting with emphasis on basic principles of anesthesia and professional standards of practice for the certified registered nurse anesthetist.

976 Clinical Anesthesia Practicum II
Spring. 3(0-24) P: NUR 975 R: Open to doctoral students in the College of Nursing or in the Nursing Practice Major. Supervised instruction in the clinical management of patients receiving all types of anesthesia in a variety of clinical settings.

977 Clinical Anesthesia Practicum III
Summer. 3(0-24) P: NUR 976 R: Open to doctoral students in the College of Nursing or in the Nursing Practice Major. Supervised instruction in the clinical management of medically complex patients undergoing surgical and diagnostic procedures.

978 Clinical Anesthesia Practicum IV
Fall. 4(0-32) P: NUR 977 R: Open to doctoral students in the College of Nursing or in the Nursing Practice Major. Supervised clinical practice for patients undergoing complex surgical procedures using the entire spectrum of anesthesia practice.

979 Clinical Anesthesia Practicum V
Spring. 4(0-32) P: NUR 978 R: Open to doctoral students in the College of Nursing or in the Nursing Practice Major. Supervised clinical practice for patients undergoing complex surgical procedures using the entire spectrum of anesthesia practice.

980 Clinical Anesthesia Practicum VI
Summer. 4(0-32) P: NUR 979 R: Open to doctoral students in the College of Nursing or in the Nursing Practice Major. Supervised clinical practice on professional aspects of nurse anesthesia and team leadership.

981 Anesthesia Seminar I
Spring. 3(3-0) P: NUR 979 or concurrently R: Open to doctoral students in the College of Nursing or in the Nursing Practice Major. Professional aspects related nurse anesthesia practice. Focus on historical perspectives, professional role, anesthesia business practices and professional wellness.

982 Anesthesia Seminar II
Summer. 3(3-0) P: NUR 981 R: Open to doctoral students in the College of Nursing or in the Nursing Practice Major. A comprehensive review and synthesis of anatomy, physiology, pharmacology, physiology and pathophysiology of the concept of anesthesia in preparation for the national certification exam.

983 Doctor of Nursing Practice Synthesis Project
Fall, Spring, Summer. 1 to 4 credits. A student may earn a maximum of 16 credits in all enrollments for this course. R: Open to doctoral students in the College of Nursing. Demonstrate synthesis of didactic coursework and application to practice by learning a practice change innovation to address a health care problem and improve health outcomes.

984 Effective Interdisciplinary Research Collaborations
On Demand. 3(3-0) Interdepartmental with Communication Arts and Sciences and Engineering. Administered by Communication Arts and Sciences. R: Students should have background or expertise in technology, nursing, health, and/or communication. Students should have applied research interests. R: Open to graduate students in the College of Communication Arts and Sciences and open to graduate students in the College of Engineering and open to graduate students in the College of Nursing. Interdisciplinary research methods, techniques, approaches, and funding. Applied research on issues that crosscut communication, nursing, and engineering.

985 Doctor of Nursing Practice Project I
Summer. 4(2-4) P: (NUR 902 and NUR 903 and NUR 905 and EPI 810) and (NUR 916 or NUR 926 or NUR 934 or NUR 976) R: Open to doctoral students in the College of Nursing or in the Nursing Practice Major. Introduction of the scholarly practice project for the advanced practice nurse.

986 Doctor of Nursing Practice Project II
Fall. 3(0-6) P: NUR 904 and NUR 906 and NUR 995 R: Open to doctoral students in the College of Nursing or in the Nursing Practice Major. Implementation of the scholarly practice project for the advanced practice nurse.

987 Doctor of Nursing Practice Project III
Spring. 3(0-6) P: NUR 996 R: Open to graduate students in the College of Nursing or in the Master of Science in Nursing or in the Nursing Practice Major. Evaluation and dissemination of the scholarly practice project for the advanced practice nurse.

988 Doctoral Dissertation Research
Fall, Spring. 1 to 24 credits. R: Open only to doctoral students in the College of Nursing or approval of college. Original research of student under supervision of major advisor.
