NURSING

NUR

College of Nursing

205 Introduction to Professional Nursing

 Fall, Spring, Summer. 4(2-6) P: CEM 143 and PSY 101 RB: Not open to RN-BSN students. R: Open to students in the Nursing Major. C: NUR 300 concurrently or NUR 301 concurrently.
 Principles and practices of holistic nursing care that

Principles and practices of holistic nursing care that allow for analysis of a comprehensive collection of patient data to provide basic clinical care to the adult population.

220 Introduction to Nursing Scholarship

Fall, Spring. 2(2-0) RB: Open to other majors with College approval. R: Open to students in the Prenursing major or in the Nursing major.

Prepares students to become consumers of research who critically evaluate and base their nursing care on evidence. Research methodologies essential to providing evidence-based nursing care.

300 Pathophysiology

Fall, Spring, Summer. 4(4-0) P: (ANTR 350) and (PSL 310 or PSL 250) RB: Preprofessional students entering patient care disciplines. SA: NUR 341 Not open to students with credit in NUR 301.

How disrupting normal structures and functions of the human body leads to disease processes from the cellular to the multi-system level. Critical examination of the mechanisms underlying signs and symptoms.

301 Clinical Pathophysiology

Fall, Spring, Summer. 3(3-0) P: {(PSL 250 or PSL 310) or (PSL 431 and PSL 432)} and ANTR 350 R: Open to students in the College of Nursing. Not open to students with credit in NUR 300.

How disrupting normal structures and functions of the human body leads to disease processes from the cellular to the multisystem level. Critical examination of the mechanisms underlying signs and symptoms of diseases.

322 Nursing Care of Acute and Chronically III Patients I

Fall, Spring, Summer. 4(2-6) P: NUR 301 or NUR 300 C: NUR 205 concurrently and PHM 350 concurrently.

Focuses on using the nursing process and clinical judgment at a beginning level to provide care for acute and chronically ill patients.

324 Health Promotion and Disease and Injury Prevention I

Fall, Spring, Summer. 3(2-3) P: HDFS 225 and HNF 150 C: NUR 205 concurrently and NUR 322 concurrently.

Principles and practices of health education, health promotion/behavior change, and health literacy through understanding epidemiology, determinants of health, and protective and predictive factors of health and well-being.

325 Transitions to BSN Practice

Fall, Spring. 2(2-0) P: NUR 300 or NUR 301 R: Open to students in the Nursing Major.

Application of curricular concepts to nursing practice, role differentiation and contribution of BSN nurse to healthcare.

330 Health Assessment and Nursing Therapeutics

Fall, Spring, Summer. 7(3-10) P: NUR 300 R: Open to students in the Nursing Major. C: PHM 350 concurrently and NUR 340 concurrently.

Normal physiology and pathophysiology. Theories of growth and development across the life span. Therapeutic communication and physical, psychosocial, cultural and spiritual assessment techniques and mastery of basic nursing therapeutics. Understanding the significance of abnormal physiological health transitions of the adult.

332 Nursing Care of Acute and Chronically III Patients II

Fall, Spring. 5(2-9) P: (NUR 322 and NUR 324) and (MMG 201 or MMG 301) C: NUR 334 concurrently and NUR 371 concurrently.

Focuses on using the nursing process and clinical judgment at an intermediate level to manage care for acute and chronically ill patients.

334 Health Promotion and Disease and Injury Prevention II

Fall, Spring. 3(2-3) P: NUR 322 and NUR 324 C: NUR 332 concurrently and NUR 371 concurrently.

Principles and practices of health promotion, risk reduction, and injury prevention to provide nursing care for individuals, families, and communities across the lifespan.

336 Health Promotion for the BSN

Spring, Summer. 4(4-0) RB: Registered Nurse admitted to the RN-BSN program. R: Open to students in the Nursing Major.

health promotion and risk reduction for individuals across the lifespan in the context of their families and environments including those from diverse and vulnerable populations.

340 Foundations of Nursing Practice

Fall, Spring, Summer. 4(4-0) P: (NUR 300 or (NUR 325 or concurrently)) and completion of Tier I writing requirement

Theories and principles underlying professional nursing practice. Development of basic principles for using empirical evidence and the research process to guide practice.

355 Integrative Seminar I

Spring, Summer. 2(2-0) P: NUR 325 and NUR 340 RB: Registered Nurse admitted to the RN-BSN program. R: Open to students in the Nursing Major. Critical appraisal of literature related to health promo-

Critical appraisal of literature related to health promotion and risk reduction in preparation for an evidence based practice project.

360 Acute Nursing Care of Adults and Older Adults

Fall, Spring. 8(4-12) P: NUR 330 and NUR 340 C: NUR 370 concurrently.

Integration of concepts and theories into beginning level Nursing practice. Examination of dynamic interrelationship between professional, scholarly nursing practice, and the health and wellness of diverse persons and populations across the life span.

370 Mental Health and Psychiatric Nursing Fall, Spring. 4(2-6) P: NUR 330 and NUR 340 C: NUR 360 concurrently.

Extension of foundational social science concepts into nursing therapeutics aimed at mental health and the care of persons with mental illnesses. Medication and non-medication interventions, group interventions, and therapeutic environments.

371 Behavioral Health Nursing

Fall, Spring. 4(2-6) P: NUR 322 and NUR 324 C: NUR 332 concurrently and NUR 334 concurrently.

Extension of foundational social science concepts into nursing therapeutics aimed at behavioral health and the care of persons with mental illnesses

375 Research and Evidence-Based Practice

Fall, Spring, Summer. 2(2-0) P: (STT 200 or STT 201 or NUR 332 or NUR 334 or NUR 371) and completion of Tier I writing requirement C: NUR 436 concurrently and NUR 437 concurrently and NUR 445 concurrently.

Introduction to basic research methodology and how it informs evidence-based nursing practice.

422 Nursing in London

Summer. 6(6-0) R: Approval of college; application required.

Historical evolution of nursing in the National Health Service: British nursing education, hospital and community health nursing, standards of care, research, and management. Influence of professional nursing upon British national health policies.

435 Nursing Care of the Childbearing Family Fall, Spring. 4(2-6) P: NUR 360 and NUR 370

C: NUR 440 concurrently. Health promotion and risk assessment of individuals and families during pregnancy and birth. Therapeutic communication and assessment skills for providing holistic care to culturally diverse childbearing families during the prenatal, intrapartum, and postpartum periods. Caring for mother and baby in utero and after birth.

436 Nursing Care of Children and Their Families

Fall, Spring. 2(1-3) P: NUR 332 and NUR 334 and NUR 371 and NUR 375 C: NUR 437 concurrently.

Theoretical concepts and clinical application of nursing care for ill children and adolescents using a holistic perspective in varied settings.

437 Nursing Care of the Childbearing Family

Fall, Spring. 2(1-3) P: NUR 332 and NUR 334 and NUR 371 and NUR 375 C: NUR 436 concurrently and NUR 445 concurrently.

Theoretical concepts and clinical application of nursing care for the normal and at risk childbearing families using a holistic perspective in varied settings.

440 Nursing Care of Children, Adolescents and Their Families

Fall, Spring. 4(2-6) P: NUR 360 and NUR 370 C: NUR 435 concurrently.

Theoretical concepts and clinical application of nursing care of infants, children, and adolescents in varied health care and community settings. Synthesis of pathophysiologic, pharmacologic, and therapeutic concepts. Family-centered care of children within developmental, cultural, ethnic, religious, and social structures. 441 Future of Nursing: Graduate Education Fall, Spring. 2(2-0) P: NUR 322 or concurrently R: Open to students in the Nursing Maior.

Options for graduate education in nursing. Students will develop post-BSN professional goals. Identify potential clinical focus and population of interest for research/scholarship/practice. Completion of an application to the graduate program of their choice.

Nursing Care of Acute and Critically III 445 Patients

Fall, Spring. 6(3-9) P: NUR 332 and NUR 334 and NUR 371 and NUR 375 C: NUR 436 concurrently and NUR 437 concurrently.

Focuses on using the nursing process and clinical judgment at an advanced level to manage and evaluate care for acute and critically ill patients.

450 Integrative Seminar

Fall, Spring. 2(4-0) C: NUR 435 concurrently or NUR 440 concurrently.

Integration of concepts and theories into intermediate-level nursing practice. Dynamic interrelationship between professional, evidence-based practice, and health and wellness throughout the lifespan.

451H Honors Research Internship

Fall, Spring, Summer. 2 to 3 credits. P: NUR 220 RB: Students must provide a copy of Hu-man Subjects and HIPAA approval to supervising faculty member. R: Open to students in the Nursing Major or in the Prenursing Maior.

Immersion in the research process in the College of Nursing working directly with a nurse researcher in the context of a funded/non-funded research team.

455 Integrative Seminar II

Fall, Summer. 2(2-0) P: NUR 336 and NUR 355 RB: Registered Nurse admitted to the RN-BSN program. R: Open to students in the Nursing Major. Not open to students with credit in NUR 450. C: NUR 465 concurrently. Integration of professional and scholarly nursing practice culminating in an evidence based practice project.

460 Leadership in Clinical Practice

Fall, Spring, Summer. 5(2-9) P: (NUR 445 and NUR 436 and NUR 437) and completion of Tier I writing requirement C: NUR 475 concurrently.

A capstone course that includes a precepted practicum to facilitate the student's transition to professional practice. The focus is on the application of leadership concepts, theories, and principles.

465 Leadership Immersion

Fall, Summer. 4(3-1) P: NUR 355 and NUR 336 RB: Registered Nurse admitted to the RN-BSN program. R: Open to students in the Nursing Major. Not open to students with credit in NUR 460. C: NUR 455 concurrently. Integration and application of theories, principles and

practices of nursing leadership and management into contemporary practice settings.

470 **Community and Population Health** Nursing

Fall, Spring, Summer. 4(2-6) P: NUR 435 or (NUR 455 and NUR 465)

Theoretical and practicum basis for community-oriented population nursing practice. Promoting and protecting the health of the public using health promotion, risk reduction, and disease management and control strategies with vulnerable persons and populations. Community assessment, epidemiologic, environmental, change, political action, and case-management frameworks are used to guide evidencebased nursing care delivery to persons, families, and populations in community settings.

471

Public Health Nursing Fall, Spring, Summer. 3(2-3) P: NUR 445 and NUR 436 and NUR 437 C: NUR 475 concurrently.

Use of the public health system to care for populations, including application of the principles and practices of public health nursing.

Ethical Practice 475

Fall, Spring, Summer. 2(2-0) C: NUR 460 concurrently.

Ethical theory, reasoning, and decision-making with application to clinical practice both as ethical comportment in clinical relationships and resolution of situations of ethical uncertainty and conflicts.

Role Transition Seminar 480

Fall, Spring, Summer. 3(6-0) P: (NUR 435 and NUR 440 and NUR 450) and completion of Tier I writing requirement C: NUR 460 concurrently or NUR 470 concurrently.

Advanced-level evidence-based practice for transition to entry-level nursing. Ethical decision and policymaking at the organization level.

481 Scholarship for Nursing Practice (W)

Fall, Spring, Summer. 2(2-0) P: (NUR 445 and NUR 436 and NUR 437) and completion of Tier I writing requirement C: NUR 475 concurrently

Examines the dynamic interrelationship among professional scholarly nursing practice, the health and wellness of diverse populations and high quality safe health care organizations.

485 Integrative Seminar III

Fall, Spring. 2(2-0) P: NUR 455 and NUR 465 RB: Registered Nurse admitted to the RN-BSN program. R: Open to students in the Nursing Major. Not open to students with credit in NUR 480. C: NUR 470 concurrently. Examination of the influence and responsibility of professional nursing to society

490 Independent Study in Nursing Fall, Spring, Summer. 1 to 4 credits. A stu-

dent may earn a maximum of 8 credits in all enrollments for this course. R: Approval of

college Individualized area of study in nursing.

491 Special Topics

On Demand. 2 to 4 credits. A student may earn a maximum of 6 credits in all enrollments for this course. R: Approval of college. Exploration of selected issues in nursing.

802 Theoretical Foundations and Role **Development for the Advanced Practice** Nurse

Fall, Spring. 3(3-0) R: Open to graduate students in the College of Nursing.

Integration of theories from nursing and related disciplines to provide a foundation for the graduate student to transition into the advanced practice role.

804 Statistics for the Healthcare Professional Fall, Spring. 3(3-0) R: Open to graduate students

Basic understanding of descriptive statistics, probability, linear regression and epidemiological concepts.

805 Pathophysiology for Advanced Practice Nursing

Fall. 3(3-0) R: Open only to master's students in the College of Nursing or approval of college. SA: NUR 511

Alterations of various physiological systems. Pathophysiology of frequently encountered primary care conditions across the life span and special populations. In-depth case analysis of risk factors, pathophysiological changes, and associated clusters of signs and symptoms. Pathophysiological theories and research as a basis for advanced practice nursing

806 Research for Advanced Practice Nurses

Fall, Spring. 3(3-0) R: Open to graduate students in the College of Nursing.

Prepares advanced practice nurses to be proficient in the ethical and clinical application of research including problem identification and critically evaluate the evidence to provide high quality care and improve practice.

807 **Clinical Decision Making**

Spring, Summer. 3(1-6) P: (NUR 805) and (NUR 820 or NUR 835 or NUR 860) R: Open to master's students in the College of Nursina.

Clinical decision making in advanced practice nursing. Decision theory and related concepts. Application of critical thinking and clinical judgment to differential diagnoses of common primary care conditions.

809 Applied Pharmacology for Advanced Practice Nursing

Spring, Summer. 3(3-0) P: NUR 805 Clinical application of advanced pharmacology and pharmacotherapeutics for common disease conditions. Principles of altered pharmacodynamics relative to age, race, and ethnic groups. Cost and benefit aspects of pharmacological interventions.

Health Care Policy and Politics 814

Spring. 3(3-0) P: NUR 802 R: Open to graduate students in the College of Nursing. Not open to students with credit in NUR 841.

Nursing and public policy formation in relation to healthcare systems organization, financing, regulation, ethics, and delivery of services within a global society.

820 Health Assessment of the Family

Fall. 3(1-6) RB: Open only to students in the Nurse Practitioner concentration. R: Open to master's students in the Nurse Practitioner Graduate Certificate or in the Master of Science in Nursing.

Advanced assessment component of the nursing process to analyze the health status of children and adults across the lifespan.

821 Primary Care Management of the Family I Summer. 5(3-6) P: NUR 802 and NUR 806 and NUR 807 and NUR 820 R: Open to master's students in the Master of Science in Nursing or in the Nurse Practitioner Graduate Certificate. SA: NUR 522

Principles and issues of health care management for family advanced practice nurses in primary care. Health promotion, disease prevention, and single acute problems of individuals across the life span and for diverse populations. Analysis of primary care practice topics using family frameworks and evidence based research.

822 Practicum I: Primary Care for the Family Fall. 6(0-18) P: NUR 821 R: Open to graduate students in the Master of Science in Nursing or in the Nurse Practitioner Graduate Certificate. SA: NUR 522

Integration of assessment and applied theory in primary care management of clients across the life span. Collaborative model of primary care practice. Health promotion, health maintenance management, and risk reduction strategies for individuals within the context of family. Single acute condition focus. Problem-oriented format for organizing client data.

823 Primary Care Management of the Family II

Fall. 3(3-0) P: NUR 821 R: Open to graduate students in the Master of Science in Nursing or in the Nurse Practitioner Graduate Certificate. SA: NUR 524

Principles and issues of health care management for family advanced practice nurses in primary care. Health care management of clients across the life span with chronic, stable and/or multiple complex problems. Integration and synthesis of relevant frameworks.

824 Practicum II: Primary Care for the Family Spring. 7(0-21) P: NUR 822 and NUR 823 R: Open to graduate students in the Nurse Practitioner Graduate Certificate or in the Master of Science in Nursing. SA: NUR 524 Integration of assessment and applied theory in pri-

Integration of assessment and applied theory in primary care management of clients across the lifespan. Collaborative model of primary care practice. Health care management of chronic, stable and multiple complex problems of individuals within the context of family. Increasingly independent decision making with preceptor validation.

832 Practicum I: Primary Care for the Adult and Aged

Fall. 6(0-18) P: NUR 836 R: Open to graduate students in the Master of Science in Nursing or in the Nurse Practitioner Graduate Certificate.

Integration of assessment and applied theory in clinical care management of the adult and aged. Health promotion/wellness, health maintenance/management and risk reduction strategies. Acute conditions. Interpretation and integration of various forms of patient health data. Collaborative, collegial model of practice.

834 Practicum II: Primary Care for the Adult and Aged

Spring. 7(0-21) P: NUR 832 R: Open to graduate students in the Master of Science in Nursing or in the Nurse Practitioner Graduate Certificate.

Integration of assessment and applied theory in clinical management. Management of acute and chronic health problems, promotion of rehabilitation and health maintenance for adult and aging individuals across a variety of environments. Provision of specialized, culturally appropriate care to aging individuals, family members and the community. Collaborative, interdisciplinary model of practice.

835 Health Assessment Across the Lifespan

Fall. 3(1-6) RB: Successful completion of basic physical/health assessment course. R: Open to graduate students in the Master of Science in Nursing or in the Nurse Practitioner Graduate Certificate.

Advanced health assessment skills to provide comprehensive, culturally sensitive care. Interviewing techniques, communication, interpersonal skills and psychomotor skills. Analysis of health status including the role of risk factors and health promotion strategies. Emphasis placed on functional implications. Interpretation of data for the purpose of differentiating typical from atypical presentations and recognizing actual and potential health problems.

836 Primary Care Management of the Adult and Aged I

Summer. 5(3-6) P: NUR 835 and NUR 807 R: Open to graduate students in the Master of Science in Nursing or in the Nurse Practitioner Graduate Certificate.

Principles and issues of health care management for adult and gerontological advanced practice nurses. Health promotion, risk identification, disease prevention, and acute problems for the adult and aged from culturally diverse backgrounds. The role of risk factors and normal aging changes on health. Analysis of adult and aging health topics using appropriate models, frameworks, and evidence-based research.

837 Primary Care Management of the Adult and Aged II

Fall. 3(3-0) P: NUR 836 R: Open to graduate students in the Master of Science in Nursing or in the Nurse Practitioner Graduate Certificate.

Health care management of the adult and aged individual with stable chronic, co-morbid, complex problems and geriatric syndromes utilizing clinically relevant research and evidence-based, age appropriate, guidelines. Planning and implementing therapeutic interventions to return the patient to a stable state and to optimize health. minimizing physical and psychological complications and maximizing health potential. Integration and synthesis of relevant theories and frameworks. Coordination of care.

838 Care for Aging Individuals Across the HealthCare Continuum Spring. 1(1-0) P: NUR 802 R: Open to grad-

uate students in the Master of Science in Nursing or approval of college; application required.

Regulations, financing methods, forms of service delivery, and management methods in care of the older adult within a variety of health care environments. Aging of the American society, the impact of the babyboomer generation, consumer choice, and the growing diversity in care options, focusing on long-term care.

860 Physical Assessment for Clinical Nurse Specialist

Spring. 2(1-3) P: NUR 805 R: Open to master's students in the Master of Science in Nursing.

Development of advanced health history and physical assessment skills for clinical nurse specialist.

861 Curriculum Design in Nursing Education Summer. 3(3-0) P: NUR 802 RB: Open only to master's students in Clinical Nurse Specialist-Nurse Education concentration. R: Open to graduate students in the Master of Science in Nursing.
Analysis and application of theories, principles, and

Analysis and application of theories, principles, and concepts associated with curriculum development, design, and evaluation.

862 Clinical Nurse Specialist Role Internship Fall. 8(2-18) P: NUR 807 RB: Open only to master's students in the Clinical Nurse Specialist-Nurse Education concentration. R: Open to graduate students in the Master of Science in Nursing.

Role development of the clinical nurse specialist as an applied nurse scientist, expert in nursing practice, and professional leader.

864 Clinical Nurse Specialist Role Immersion Spring. 6(1-15) P: NUR 862 and (NUR 814 or concurrently) RB: Open only to master's students in the Clinical Nurse Specialist-Nurse Education concentration. R: Open to graduate students in the Clinical Nurse Specialist Graduate Certificate or in the Master of Science in Nursing.

Synthesis, integration, and clinical application of the essential concepts and knowledge associated with the roles of the clinical nurse specialist.

866 Academic and Clinical Teaching Internship

Spring. 3(1-6) P: NUR 861 RB: Open only to masters students in Clinical Nurse Specialist-Nurse Education concentration. R: Open to graduate students in the Master of Science in Nursing.

Guided field internship within an academic or health care setting. Synthesis and application of concepts to facilitate development of the advanced practice nurse as scholar, teacher, and collaborator.

868 Topics in Nursing Education

Fall. 3(3-0) RB: Open only to master's students in the Clinical Nurse Specialist-Nurse Education concentration. R: Open to graduate students in the Master of Science in Nursing.

Integration of concepts of teaching, learning, evaluation, and assessment applicable to nursing education within a variety of settings.

874 Clinical Practicum I

Spring. 3(0-15) P: NUR 886 RB: Open only to students in the Nurse Anesthesia concentration. R: Open to graduate students in the Master of Science in Nursing.

Individualized faculty-guided instruction in the management of patients receiving anesthesia, emphasizing safety, monitoring modalities, and simulated patient experiences. Experiences include introduction to the role of the nurse anesthetist and development of basic nurse anesthesia skills.

877 Anesthesia Physiology and Pathophysiology

Spring. 3(3-0) R: Approval of college. Physiological principles and pathophysiological relationships of body systems. Evaluation of co-existing pathophysiology.

878 Advanced Physiology and Pathophysiology

Summer. 3(3-0) P: NUR 877 Homeostatic mechanisms in relation to anesthetic case management.

879 Chemistry and Physics of Anesthesia

Spring. 3(3-0) R: Approval of college. Basic chemistry and physics and their relationship to nurse anesthesia practice. Organic and biochemical principles, and pharmacological significance. Integration and application of these principles to nurse anesthesia practice.

880 Health Assessment for Nurse Anesthesia

Summer. 3(1-6) P: NUR 877 Advanced systematic focus on the health assessment of patients preparing for anesthesia, and integration of the anesthesia management plans.

881 Perioperative Technology and Instrumentation Summer. 2(2-0) P: NUR 879

Physics and mechanics of mechanical and electronic anesthesia delivery systems. Physical principles involved in the vaporization and distribution of volatile liquids. Anesthesia ventilators and breathing circuits. Risk management and analysis of resuscitative equipment.

882 Principles of Anesthesia I

Summer. 3(3-0) P: NUR 879

Art and science of nurse anesthesia and basic principles of anesthesia practice. History of anesthesia administration. Use and care of anesthesia related equipment.

883 Principles of Anesthesia II Fall. 3(3-0) P: NUR 882

Advanced anesthesia care principles. Procedures and complications in the anesthetic management of the emergency and trauma patient. Considerations

884 Principles of Anesthesia III

for specialty surgical areas.

Spring. 3(3-0) P: NUR 883 Foundations for the clinical practice of anesthesia. Integrating physiologic patient parameters, didactic knowledge, and technical skills in simulated and clinical environments.

885 Anesthesia Practicum I

Summer. 1(0-3) P: NUR 879 Design and management of the operating room. Prin-

Design and management of the operating room. Principles and techniques of sterility, intravenous and arterial cannulation, and course of anesthesia. Basic drugs and monitors, anesthesia management plan, documentation, and ethical considerations in anesthesia practice.

886 Anesthesia Practicum II

Fall. 2(0-6) P: NUR 885 Integration of knowledge, skills and program objectives to a broader array of patients in simulated and clinical patient environments.

887 Pharmacology for Anesthesia Practice I Fall. 3(3-0) P: NUR 877

Pharmacology and its applications to clinical anesthesia practice.

888 Pharmacology for Anesthesia Practice II Spring. 3(3-0) P: NUR 887

Pharmacologic principles of drug pharmacokinetics and pharmacodynamics. Factors modifying anesthetic management of patients.

890 Special Problems

Fall, Spring. 1 to 4 credits. A student may earn a maximum of 24 credits in all enrollments for this course. R: Open only to master's students in the College of Nursing or approval of college. SA: NUR 590

Individual or group in-depth study of specific areas in nursing. Independent study.

890B Special Problems

Fall, Spring. 1 to 4 credits. A student may earn a maximum of 24 credits in all enrollments for this course. R: Approval of college. Individual or group in-depth study of specific areas in nursing. Independent study.

891 Selected Topics

Fall, Spring. 1 to 4 credits. A student may earn a maximum of 12 credits in all enrollments for this course. R: Open only to master's students in the College of Nursing or approval of college. SA: NUR 591

Selected issues, trends, programs, or theories in nursing.

892 Clinical Practicum II

Summer. 7(0-35) P: NUR 874 and NUR 884 RB: Open only to students in the Nurse Anesthesia concentration. B: Open to graduate

esthesia concentration. R: Open to graduate students in the Master of Science in Nursing. Individualized faculty-guided instruction in the management of patients receiving anesthesia, emphasizing safety, monitoring modalities, and simulated patient experiences. Experiences include the roles of the nurse anesthetist on the anesthesia care team and development of basic nurse anesthesia skills.

893 Clinical Practicum III

Fall. 7(0-35) P: NUR 892 RB: Open only to students in the Nurse Anesthesia concentration. R: Open to graduate students in the Master of Science in Nursing.

Clinical application of principles of nurse anesthesia. Students will be precepted in the perioperative clinical site. Experiences include development of advanced skills specific to the role of the nurse anesthetist.

894 Clinical Practicum IV

Spring. 7(0-35) P: NUR 893 RB: Open only to students in the Nurse Anesthesia concentration. R: Open to graduate students in the Master of Science in Nursing.

Clinical application of principles of nurse anesthesia. Students will be precepted in the perioperative clinical site. Experiences include application of advanced skills specific to the role of the nurse anesthetist. The final clinical experience demonstrated substantial progress toward self direction and independent practice.

895 Clinical Seminar I

Summer. 2(2-0) P: NUR 886 Anesthesia management plans and outcomes. Evaluation of research and other literature pertinent to the safe practice of anesthesia.

896 Clinical Seminar II

Fall. 2(2-0) P: NUR 895 Review of research literature relevant to the safe practice of anesthesia. Presentation of case studies as related to pathophysiological states and safe anesthesia delivery.

897 Clinical Seminar III

Spring. 2(2-0) P: NUR 896 Review of research literature and clinical projects relevant to the safe practice of anesthesia. Presentation of scholarly project.

899 Master's Thesis Research

Fall, Spring. 1 to 6 credits. A student may earn a maximum of 24 credits in all enrollments for this course. RB: NUR 811 R: Open only to master's students in the College of Nursing. Approval of college.

Master's thesis research.

901 Knowledge Development in Nursing

Spring. 3(3-0) R: Open to doctoral students in the College of Nursing or approval of college.

Development and growth of substantive knowledge within nursing. Middle range theories. Strategies for concept development and theory testing in nursing research for understanding health status and health outcomes for individuals, families and communitybased primary care.

902 Scientific Foundations for the Advanced Practice Nurse

Fall. 3(3-0) R: Open to graduate students in the College of Nursing or in the Master of Science in Nursing or in the Nursing Practice Major.

Analysis and translation of knowledge gained from the natural and social sciences to inform practice and provide a foundation for the Advanced Practice Nurse role.

903 Healthcare Informatics

Fall. 3(3-0) P: NUR 902 or concurrently R: Open to graduate students in the College of Nursing or in the Master of Science in Nursing or in the Nursing Practice Major.

Health information systems and technologies in relationship to the delivery of efficient, high quality healthcare.

904 Health Policy and Advocacy

Fall, Summer. 3(3-0) P: NUR 902 or concurrently R: Open to graduate students in the College of Nursing or in the Master of Science in Nursing or in the Nursing Practice Major.

Interactions between economics, ethical principles, social policies, legislative and regulatory processes that influence access, delivery and organization of healthcare.

905 Patient Safety, Quality Improvement and Quality Management in Healthcare Fall, Spring. 3(3-0) P: NUR 902 R: Open to

graduate students in the College of Nursing or in the Master of Science in Nursing or in the Nursing Practice Major.

Application and evaluation of quality improvement initiatives through the use of theories, models and outcome measurements.

906 Leadership in Complex Health Systems Fall, Spring, Summer. 3(3-0) P: NUR 902 R: Open to graduate students in the College of

Open to graduate students in the College of Nursing or in the Master of Science in Nursing or in the Nursing Practice Major. Knowledge, skills and attributes required to assume

leadership as an Advanced Practice Registered Nurse in complex health systems.

907 Advanced Pathophysiology for the Advanced Practice Registered Nurse

Fall. 3(3-0) R: Open to graduate students in the College of Nursing or in the Master of Science in Nursing or in the Nursing Practice Major.

Advanced physiological and pathophysiological mechanisms of the body system to provide the Advanced Practice Registered Nurse a foundation for patient assessment, clinical decision-making, and management.

908 Advanced Physical Assessment for the Advanced Practice Registered Nurse Spring. 3(2-3) R: Open to graduate students in the College of Nursing or in the Master of Science in Nursing or in the Nursing Practice Major.

Comprehensive assessment including history, physical and psychological assessment of signs and symptoms, pathophysiologic changes, and psychosocial variations of the patient. Specific assessment related to Nurse Anesthetist, Clinical Nurse Specialist and Nurse Practitioner practice will be a focus in the practical experience of students.

909 Advanced Pharmacology for the Advanced Practice Registered Nurse

Spring, Summer. 3(3-0) R: Open to graduate students in the College of Nursing or in the Master of Science in Nursing or in the Nursing Practice Major.

Application of pharmacotherapeutics for disease conditions including knowledge of pharmacokinetics, pharmacodynamics, pharmacogenetics, pharmacy and toxicology used to guide selection of interventions.

910 Health Status Outcomes: The Individual and Family

Spring. 3(3-0) R: Open to doctoral students or approval of college.

Measurement and conceptual underpinnings of health status outcomes for individuals and families across the life span. Focus on well-being in health and illness within the health care system.

911 Health Status Outcomes: Community/Primary Care

Fall. 3(3-0) R: Open to all doctoral students or approval of college.

Measurement of health status outcomes for populations across the life span within the community based primary care systems. Measurement and evaluation issues related to the costs of intervention to impact outcomes.

912 Health Promotion – Family

Spring, Summer. 3(3-0) P: NUR 907 R: Open to graduate students in the College of Nursing or in the Master of Science in Nursing or in the Nursing Practice Major.

Integration of concepts, theories and principles of population health, health promotion and disease prevention at the advanced practice level across the lifespan.

913 Health Promotion – Adult-Gerontology

Spring, Summer. 3(3-0) P: NUR 907 R: Open to graduate students in the College of Nursing or in the Master of Science in Nursing or in the Nursing Practice Major.

Integration of concepts, theories and principles of population health, health promotion and disease prevention at the advanced practice level for adults and older adults.

915 Clinical Diagnosis and Management I -Family

Fall. 6(3-9) P: NUR 912 and NUR 907 and NUR 908 and NUR 909 R: Open to graduate students in the College of Nursing or in the Master of Science in Nursing or in the Nursing Practice Major.

Integration of health assessment and diagnostic testing to formulate differential diagnoses for common health conditions/problems across the lifespan.

916 Clinical Diagnosis and Management II – Family

Spring. 6(3-9) P: NUR 915 R: Open to graduate students in the College of Nursing or in the Master of Science in Nursing or in the Nursing Practice Major.

Integration of assessment and intervention strategies for health promotion and common problems in the clinical setting across the lifespan.

917 Clinical Diagnosis and Management III – Family

Summer. 6(3-9) P: NUR 916 R: Open to graduate students in the College of Nursing or in the Master of Science in Nursing or in the Nursing Practice Major.

Principles and management strategies used to construct personalized care plans for individuals including diverse and at risk populations across the lifespan.

918 Clinical Diagnosis and Management IV – Family

Fall. 6(2-12) P: NUR 917 R: Open to graduate students in the College of Nursing or in the Master of Science in Nursing or in the Nursing Practice Major.

Integrates evidence-based strategies to deliver collaborative primary care practice across the wellness/illness continuum with patients across the lifespan.

919 Clinical Diagnosis and Management V-

Clinical Immersion – Family Spring. 6(2-12) P: NUR 918 R: Open to graduate students in the College of Nursing or in the Master of Science in Nursing or in the Nursing Practice Major.

Evidence-based management of chronic stable and complex problems within collaborative practice in complex health systems across the lifespan.

920 Translation of Research and Scientific Knowledge to a Practice Setting

Spring. 3(3-0) R: Open to doctoral students in the College of Nursing or in the Nursing Major or in the Nursing Practice Major or approval of college.

Systematic approach to translating evidenced based knowledge to inform nursing practice, policy and delivery system change. Translation strategies to enhance health outcomes for those with chronic diseases and common health conditions.

921 Scientific Foundations of Nursing Knowledge Development

Spring. 3(3-0) R: Open to graduate students in the College of Nursing.

Philosophical, epistemological, ontological, and ethical foundations of nursing. Critically examines historical factors in the evolution of nursing theory.

922 Wellness and Risk Reduction Behaviors

Spring of odd years. 3(3-0) R: Open to graduate students in the College of Nursing.

Current state of the science related to wellness and risk reduction behaviors and interventions to improve health outcomes for various populations across the lifespan.

923 Self and Symptom Management in Chronic Illness

Spring of even years. 3(3-0) R: Open to graduate students in the College of Nursing.

Current state of the science related to self and symptom management and interventions to improve chronic illness outcomes for various populations across the lifespan.

924 Designing Interventions for Improving Health Outcomes

Summer. 3(3-0) P: NUR 930 R: Open to doctoral students in the College of Nursing or in the Nursing Major.

Foundation for designing, implementing, and evaluating health-related interventions to improve health outcomes for individuals, groups, and populations.

925 Clinical Diagnosis and Management I – Adult-Gerontology Fall. 6(3-9) P: NUR 908 and NUR 909 and

Fall. 6(3-9) P: NUR 908 and NUR 909 and NUR 913 R: Open to graduate students in the College of Nursing or in the Master of Science in Nursing or in the Nursing Practice Major.

Integration of health assessment and diagnostic testing to formulate differential diagnoses for common health conditions/problems in adults and older adults

926 Clinical Diagnosis and Management II – Adult-Gerontology Spring. 6(3-9) P: NUR 925 R: Open to grad-

Spring. 6(3-9) P: NUR 925 R: Open to graduate students in the College of Nursing or in the Master of Science in Nursing or in the Nursing Practice Major.

Integration of assessment and intervention strategies for health promotion and common problems in the clinical setting for adults and older adults.

927 Clinical Diagnosis and Management III -Adult-Gerontology

Summer. 6(3-9) P: NUR 926 R: Open to graduate students in the College of Nursing or in the Master of Science in Nursing or in the Nursing Practice Major.

Principles and management strategies used to construct personalized care plans for individuals including diverse and at risk populations with adults and older adults

928 Clinical Diagnosis and Management IV -Adult-Gerontology

Fall. 6(2-12) P: NUR 927 R: Open to graduate students in the College of Nursing or in the Master of Science in Nursing or in the Nursing Practice Major.

Integrates evidence-based strategies to deliver collaborative primary care practice across the wellness/illness continuum for adults and older adults.

929 Clinical Diagnosis and Management V -

Clinical Immersion – Adult-Gerontology Spring. 6(2-12) P: NUR 928 R: Open to graduate students in the College of Nursing or in the Master of Science in Nursing or in the Nursing Practice Major.

Evidence-based management of chronic stable and complex problems within collaborative practice in complex health systems with adults and older adults

930 Methods In Clinical Research

Fall. 3(3-0) R: Open to doctoral students in the College of Nursing or approval of college. Advanced research designs, measurement and data collection strategies. Draws on a broad range of behavioral and health disciplines relevant to nursing. Logic of statistical models used in the evaluation of research designs and measures.

931 Wellness Promotion for Diverse Populations

Spring. 3(3-0) P: NUR 907 R: Open to graduate students in the College of Nursing or in the Master of Science in Nursing or in the Nursing Practice Major.

Introduction to the Clinical Nurse Specialist's role and responsibilities with emphasis on population health, promotion of wellness, and disease prevention.

932 **Clinical Decision Making and** Management of Acute Chronic Complex Conditions

Summer. 6(3-9) P: NUR 902 and NUR 908 and NUR 931 R: Open to graduate students in the College of Nursing or in the Master of Science in Nursing or in the Nursing Practice Maior.

Clinical Nurse Specialist role in direct care incorporating a patient centered holistic approach in evidence-based management of healthcare.

933 **Clinical Nurse Specialist Advanced** Practice Role Development I

Fall. 6(3-9) P: NUR 909 and NUR 932 R: Open to graduate students in the College of Nursing or in the Master of Science in Nursing or in the Nursing Practice Major.

Role development of the Clinical Nurse Specialist as an applied nurse scientist, expert in nursing practice and professional leader.

934 **Clinical Nurse Specialist Advanced** Practice Role Development II

Spring. 6(3-9) P: NUR 905 and NUR 933 R: Open to graduate students in the College of Nursing or in the Master of Science in Nursing or in the Nursing Practice Major.

Role development of the Clinical Nurse Specialist expert in nursing practice, staff development, and quality improvement.

Clinical Nurse Specialist Advanced 935 Practice Role Development III

Summer. 6(3-9) P: NUR 934 R: Open to graduate students in the College of Nursing or in the Master of Science in Nursing or in the Nursing Practice Major.

Developing, leading and participating in the elements of process/quality improvement using principles of improvement science.

Clinical Nurse Specialist Specialty Role 936 Immersion I

Fall. 3(0-9) P: NUR 935 R: Open to doctoral students in the College of Nursing or in the Nursing Practice Major.

Clinical application of the essential knowledge, skills, and values associated with the student-selected specialized practice role of the Clinical Nurse Specialist.

937 **Clinical Nurse Specialist Specialty Role** Immersion II

Spring. 3(0-9) P: NUR 936 R: Open to doctoral students in the College of Nursing or in the Nursing Practice Major.

Continuation of NUR 936. Capstone.

Research Practicum 940

Fall, Spring, Summer. 1 to 6 credits. A student may earn a maximum of 12 credits in all enrollments for this course. R: Open to doctoral students in the Nursing major or approval of college.

Participation in ongoing funded research as a member of an interdisciplinary research team

950 Nursing Research Seminar I

Fall. 1(1-0) R: Open to doctoral students in the College of Nursing or in the Nursing major or approval of college.

Socialization of doctoral study and research environment. Roles and responsibilities of clinical nurse researcher. Pragmatic facets of research process and environment

951 **Nursing Research Seminar II**

Spring. 1(1-0) P: NUR 950 R: Open to doctoral students in the College of Nursing or in

the Nursing major or approval of college. Continuation of NUR 950. Socialization to doctoral study and research environment. Responsibilities of clinical nurse researcher including responsible conduct of research. Synthesis of course work and relevant research methodologies into own research. Dissemination of research.

960

Scientific Foundations of Nursing Fall. 3(3-0) R: Open to doctoral students in the College of Nursing.

Critically examines factors contributing to the evolution of the development of nursing. Analyze philosophical, epistemological and historical influences on the profession.

961 Leadership I: Organizational Leadership Summer. 3(3-0) R: Open to doctoral students in the College of Nursing.

Analysis and evaluation of organization and leadership theories and their relationship to complex health care systems. Strategies for effective leadership include systems thinking, organizational culture, communication, resource utilization, ethics, and change models required to lead cost-effective quality and safety improvements within health care organizations and in an interdisciplinary environment.

962 Analytical Methods for Evidence-Based Practice

Summer. 3(3-0) P: NUR 960 or concurrently R: Open to doctoral students in the College of Nursing. Integrate and critically evaluate knowledge from di-

verse sources to develop the best evidence-based practice guidelines for improving health outcomes. Explore rigorous methodologies to design, implement, and evaluate evidence-based interventions

Leadership II: Leadership in Complex 963 Healthcare Organizations

Fall. 3(3-0) P: NUR 961 R: Open to doctoral students in the College of Nursing.

Interprofessional collaboration within complex health care organizations and systems to transform the delivery of health care to improve access, quality, and safety across diverse populations. Strategies to address organizational challenges and facilitate system wide changes important to the practice environment of the advanced practice nurse will be explored. Group dynamics within health care organizations and communities will be examined with an emphasis on communication patterns, resource allocation, strategic planning, and quantitative decision making models to formulate policy.

964 **DNP Practicum I**

Fall, Spring, Summer. 3 credits. P: NUR 960 and NUR 961 R: Open to doctoral students in the College of Nursing.

Provides the clinical opportunity to analyze, synthe-size, and implement integrated nursing knowledge and skills in achieving patient and health system outcomes system's assessment and needs analysis within the healthcare environment.

965 **DNP Practicum II**

Fall, Spring, Summer. 3 credits. P: NUR 964 R: Open to doctoral students in the College of Nursing

Provides opportunities to engage in increasingly complex organizational projects. Participates in implementation of evidence-based initiatives to improve health outcomes and system effectiveness.

Applied Chemical and Physical 966 **Principles of Anesthesia Practice**

Fall. 3(3-0) R: Open to doctoral students in the College of Nursing or in the Nursing Practice Major.

Combined coverage of chemical and physical principles and their applied relationship to nurse anesthesia practice.

Basic Principles of Anesthesia 967

Summer. 4(4-0) R: Open to doctoral students in the College of Nursing or in the Nursing Practice Major.

Fundamental anesthesia principles that underpin the development and implementation of a safe anesthetic plan.

968 Advanced Physiology and Pathophysiology for Anesthesia Practice

Spring. 4(4-0) R: Open to doctoral students in the College of Nursing or in the Nursing Practice Major.

Physiological basis of cellular and tissue functions and the consequences of their dysregulation on essential homeostatic processes in cells, compartments and primary organ systems.

969 Advanced Physiology and Pathophysiology for Anesthesia Practice

Summer. 4(4-0) P: NUR 968 R: Open to doctoral students in the College of Nursing or in the Nursing Practice Major.

In-depth study of human physiology and pathophysiology using a systems approach. Emphasis is placed on those physiologic and pathophysiologic alterations that affect homeostasis in humans across the life span.

Pharmacology for Nurse Anesthesia I Summer. 3(3-0) P: NUR 909 R: Open to doc-970

toral students in the College of Nursing or in the Nursing Practice Major.

Basic science of pharmacology used in anesthesia practice.

971 Pharmacology for Nurse Anesthesia II

Fall. 3(3-0) P: NUR 970 R: Open to doctoral students in the College of Nursing or in the Nursing Practice Major.

Advanced principles of anesthesia and pharmacology and the synthesis of these concepts into a safe, cost-effective, patient-specific delivery plan.

972 Advanced Principles of Anesthesia I

Fall. 3(3-0) P: NUR 967 R: Open to doctoral students in the College of Nursing or in the Nursing Practice Major.

Anesthetic delivery to patients with increasing comorbidities and complex anesthesia needs. Advanced airway management, regional anesthesia and chronic pain management.

973 Advanced Principles of Anesthesia II

Spring. 3(3-0) P: NUR 972 R: Open to doctoral students in the College of Nursing or in the Nursing Practice Major.

Advanced concepts related to nurse anesthesia practice including management of pediatric, obstetric, neurologic, trauma, vascular and cardiothoracic procedures

974 Introduction to Clinical Practicum

Summer. 1(0-8) R: Open to doctoral students in the College of Nursing or in the Nursing Practice Major. C: NUR 967 concurrently.

Application of basic anesthesia cognitive, affective and psychomotor skills in a simulated environment

975 **Clinical Anesthesia Practicum I**

Fall. 2(0-16) P: NUR 974 R: Open to doctoral students in the College of Nursing or in the Nursing Practice Major.

Integration of theory with practice in a clinical and simulated setting with emphasis on basic principles of anesthesia and professional standards of practice for the certified registered nurse anesthetist.

976 **Clinical Anesthesia Practicum II**

Spring. 3(0-24) P: NUR 975 R: Open to doctoral students in the College of Nursing or in the Nursing Practice Major.

Supervised instruction in the clinical management of patients receiving all types of anesthesia in a variety of clinical settings.

977 **Clinical Anesthesia Practicum III**

Summer. 3(0-24) P: NUR 976 R: Open to doctoral students in the College of Nursing or in the Nursing Practice Major.

Supervised instruction in the clinical management of medically complex patients undergoing surgical and diagnostic procedures.

Clinical Anesthesia Practicum IV 978

Fall. 4(0-32) P: NUR 977 R: Open to doctoral students in the College of Nursing or in the Nursing Practice Major.

Supervised instruction in the perioperative clinical site. Development of advance skills with an emphasis on specialty areas such as cardiovascular. neurosurgical, trauma, obstetrics and pediatrics.

979 **Clinical Anesthesia Practicum V**

Spring. 4(0-32) P: NUR 978 R: Open to doctoral students in the College of Nursing or in the Nursing Practice Major.

Supervised clinical practicum for patients undergoing complex surgical procedures using the entire spectrum of anesthesia practice.

980

Clinical Anesthesia Practicum VI Summer. 4(0-32) P: NUR 979 R: Open to doctoral students in the College of Nursing or in the Nursing Practice Major.

Supervised clinical practicum on professional aspects of nurse anesthesia and team leadership

981 Anesthesia Seminar I

Spring. 3(3-0) P: NUR 979 or concurrently R: Open to doctoral students in the College of Nursing or in the Nursing Practice Major.

Professional aspects related nurse anesthesia practice. Focus on historical perspectives, professional role, anesthesia business practices and professional wellness.

982 Anesthesia Seminar II

Summer. 3(3-0) P: NUR 981 R: Open to doctoral students in the College of Nursing or in the Nursing Practice Major.

A comprehensive review and synthesis of anatomy, chemistry, physics, pharmacology, physiology and pathophysiology and principles of anesthesia in preparation for the national certification exam.

989 **Doctor of Nursing Practice Synthesis** Project

Fall, Spring, Summer. 1 to 4 credits. A student may earn a maximum of 16 credits in all enrollments for this course. R: Open to doctoral students in the College of Nursing.

Demonstrate synthesis of didactic coursework and application to practice by learning a practice change innovation to address a health care problem and improve health outcomes.

Special Problems 990

Fall, Spring, Summer. 1 to 4 credits. A student may earn a maximum of 10 credits in all enrollments for this course. R: Open to doctoral students in the College of Nursing or approval of college.

Individual or group in-depth study of specific areas in nursing research.

991 Special Topics

994

Fall, Spring, Summer. 1 to 4 credits. A student may earn a maximum of 12 credits in all enrollments for this course. R: Open to doctoral students in the Nursing major or approval of college. Special topics which supplement regularly-

offered courses.

Effective Interdisciplinary Research Collaborations

On Demand. 3(3-0) Interdepartmental with Communication Arts and Sciences and Engineering. Administered by Communication Arts and Sciences. RB: Students should have background or expertise in technology, nursing, health, and/or communication. Students should have applied research interests. R: Open to graduate students in the College of Communication Arts and Sciences and open to graduate students in the College of Engineering and open to graduate students in the College of Nursing.

Interdisciplinary research methods, techniques, approaches, and funding. Applied research on issues that crosscut communication, nursing, and engineering.

Doctor of Nursing Practice Project I 995

Summer. 4(2-4) P: (NUR 902 and NUR 903 and NUR 905 and EPI 810) and (NUR 916 or NUR 926 or NUR 934 or NUR 976) R: Open to doctoral students in the College of Nursing or in the Nursing Practice Major.

Introduction of the scholarly practice project for the advanced practice nurse.

Doctor of Nursing Practice Project II 996

Fall. 3(0-6) P: NUR 904 and NUR 906 and NUR 995 R: Open to doctoral students in the College of Nursing or in the Nursing Practice Maior.

Implementation of the scholarly practice project for the advanced practice nurse.

Doctor of Nursing Practice Project III 997

Spring. 3(0-6) P: NUR 996 R: Open to graduate students in the College of Nursing or in the Master of Science in Nursing or in the Nursing Practice Major.

Evaluation and dissemination of the scholarly practice project for the advanced practice nurse.

Doctoral Dissertation Research 999

Fall, Spring, Summer. 1 to 24 credits. R: Open only to doctoral students in the College of Nursing or approval of college.

Original research of student under supervision of major advisor.
