NURSING

College of Nursing

205 Introduction to Professional Nursing
Fall, Spring, Summer. 4(2-6) P: CEM 143 and PSY 101 and HDFS 225 RB: Not open to RN-BSN students. R: Open to students in the Pre-nursing major or in the Nursing major. Prepares students to become consumers of research who critically evaluate and base their nursing care on evidence. Research methodologies essential to providing evidence-based nursing care.

300 Pathophysiology
Fall, Spring, Summer. 4(4-0) P: (ANTR 350) and (PSL 310 or PSL 250) RB: Preprofessional students entering patient care disciplines. SA: NUR 341 Not open to students with credit in NUR 301.

320 Introduction to Nursing Scholarship
Fall, Spring. 2(2-0) RB: Open to other majors with College approval. R: Open to students in the Pre-nursing major or in the Nursing major. Principles and practices of holistic nursing care that allow for analysis of a comprehensive collection of patient data to provide basic clinical care to the adult population.

324 Health Promotion and Disease and Injury Prevention I
Fall, Spring, Summer. 3(2-3) P: HDFS 225 and HNF 150 C: NUR 205 concurrently and NUR 322 concurrently.

325 Transitions to BSN Practice
Fall, Spring. 2(2-0) P: NUR 300 or NUR 301 R: Open to students in the Nursing Major. Application of curricular concepts to nursing practice, role differentiation and contribution of BSN nurse to healthcare.

332 Nursing Care of Acute and Chronically Ill Patients II
Fall, Spring. 5(2-9) P: (NUR 322 and NUR 324) and (MMG 201 or MMG 301) C: NUR 334 concurrently and NUR 371 concurrently.

333 Health Promotion
Fall, Spring, Summer. 4(3-3) P: HDFS 225 and HNF 150 and NUR 205 and NUR 301 and PHM 350 and MMG 201 and MMG 302.

334 Health Promotion and Disease and Injury Prevention II
Fall, Spring. 3(2-3) P: NUR 322 and NUR 324 C: NUR 334 concurrently and NUR 371 concurrently.

336 Health Promotion for the BSN
Spring, Summer. 4(4-0) RB: Registered Nurse admitted to the RN-BSN program. R: Open to students in the Nursing Major. Health promotion and risk reduction for individuals across the lifespan in the context of their families and environments including those from diverse and vulnerable populations.

337 Nursing Care of Acute and Chronically Ill Patients II
Fall, Spring. 6(3-9) P: NUR 323 and NUR 333

340 Foundations of Nursing Practice
Fall, Spring. 4(4-0) P: (NUR 300 or (NUR 325 or concurrently)) and completion of Tier I writing requirement

342 Research, Ethics, and Evidence-Based Practice I
Fall, Spring. 3(3-0) P: (STT 200 or STT 201) and (NUR 323 and NUR 333) and completion of Tier I writing requirement

355 Integrative Seminar I
Spring, Summer. 2(2-0) P: NUR 325 and NUR 340 RB: Registered Nurse admitted to the RN-BSN program. R: Open to students in the Nursing Major. Critical appraisal of literature related to health promotion and risk reduction in preparation for an evidence based practice project.

371 Behavioral Health Nursing
Fall, Spring. 4(2-6) P: NUR 323 and NUR 333 Extension of foundational social science concepts into nursing therapeutics aimed at behavioral health and the care of persons with mental illnesses.

375 Research and Evidence-Based Practice
Fall, Spring, Summer. 2(2-0) P: (STT 200 or STT 201 or NUR 332 or NUR 334 or NUR 371) and completion of Tier I writing requirement C: NUR 436 concurrently and NUR 437 concurrently and NUR 445 concurrently.

379 Integrative Seminar II
Fall, Spring, Summer. 3(3-0) P: NUR 436 simultaneously and NUR 445

422 Nursing in London
Summer. 6(6-0) R: Approval of college; application required.

434 Nursing Care of Acute and Critically Ill Patients
Fall, Spring. 4(2-6) P: NUR 337 and NUR 371 and NUR 342

437 Nursing Care of the Childbearing Family
Fall, Spring. 2(1-3) P: NUR 332 and NUR 334 and NUR 371 and NUR 375 C: NUR 437 concurrently and NUR 445 concurrently.

443 Nursing Care of Children and Their Families
Fall, Spring. 2(1-3) P: NUR 332 and NUR 334 and NUR 371 and NUR 375 C: NUR 437 concurrently and NUR 445 concurrently.

447 Conceptual Frameworks
Fall, Spring. 3(3-0) P: NUR 323 and NUR 334 and NUR 371 and NUR 375 C: NUR 437 concurrently and NUR 445 concurrently.

455 Integrative Seminar III
Fall, Spring, Summer. 3(3-0) P: NUR 437 concurrently and NUR 445 concurrently.

459 Integrative Seminar IV
Fall, Spring, Summer. 3(3-0) P: NUR 437 concurrently and NUR 445 concurrently.

462 Integrative Seminar V
Fall, Spring, Summer. 3(3-0) P: NUR 437 concurrently and NUR 445 concurrently.

463 Integrative Seminar VI
Fall, Spring, Summer. 3(3-0) P: NUR 437 concurrently and NUR 445 concurrently.

466 Integrative Seminar VII
Fall, Spring, Summer. 3(3-0) P: NUR 437 concurrently and NUR 445 concurrently.
NUR—Nursing

438 Nursing Care of Children and their Families
Fall, Spring. 3(1-6) P: NUR 337 and NUR 371 and NUR 342
Theoretical concepts and clinical application of nursing care for ill children and adolescents using a holistic perspective in varied settings.

439 Nursing Care of the Childbearing Family
Fall, Spring. 3(2-3) P: NUR 337 and NUR 371 and NUR 342
Theoretical concepts and clinical application of nursing care for the normal and at risk childbearing families using a holistic perspective in varied settings.

441 Future of Nursing: Graduate Education
Fall, Spring. 2(2-0) P: NUR 322 or concurrently R: Open to students in the Nursing Major.
Options for graduate education in nursing. Students will develop post-BSN professional goals. Identify potential clinical focus and population of interest for research/scholarship/practice. Completion of an application to the graduate program of their choice.

442 Research, Ethics, and Evidence-Based Practice II
Fall, Spring. 3(3-0) P: (NUR 342 and NUR 434 and NUR 438 and NUR 439) and completion of Tier I writing requirement
Application of evidence based practice and research methodology to inform ethical nursing practice.

443H Honors Research Internship
Fall, Spring, Summer. 2 to 3 credits. P: NUR 220 RB: Students must provide a copy of Human Subjects and HIPAA approval to supervising faculty member. R: Open to students in the Nursing Major or in the Prenursing Major.
Immersion in the research process in the College of Nursing working directly with a nurse researcher in the context of a funded/non-funded research team.

451 Integrative Seminar II
Fall, Summer. 2(2-0) P: NUR 336 and NUR 355 RB: Registered Nurse admitted to the RN-BSN program. R: Open to students in the Nursing Major. Not open to students with credit in NUR 450. C: NUR 465 concurrently. Integration of professional and scholarly nursing practice culminating in an evidence based practice project.

452 Leadership in Clinical Practice
Fall, Spring, Summer. 5(2-9) P: NUR 434 and NUR 438 and NUR 439
Precepted practicum to facilitate the student’s transition to professional practice. Application of leadership concepts, theories, and principles.

465 Leadership Immersion
Fall, Summer. 4(3-1) P: NUR 355 and NUR 336 RB: Registered Nurse admitted to the RN-BSN program. R: Open to students in the Nursing Major. Not open to students with credit in NUR 460. C: NUR 465 concurrently. Integration and application of theories, principles and practices of nursing leadership and management into contemporary practice settings.

470 Community and Population Health Nursing
Fall, Spring, Summer. 4(2-6) P: NUR 455 and NUR 465
Theoretical and practicum basis for community-oriented population nursing practice.

471 Public Health Nursing
Fall, Spring, Summer. 3(2-3) P: NUR 434 and NUR 438 and NUR 439
Use of the public health system to care for populations, including application of the principles and practices of public health nursing.

475 Ethical Practice
Fall, Spring, Summer. 2(2-0) C: NUR 460 concurrently.
Ethical theory, reasoning, and decision-making with application to clinical practice both as ethical comportment in clinical relationships and resolution of situations of ethical uncertainty and conflicts.

481 Scholarship for Nursing Practice (W)
Fall, Summer. 2(2-0) P: (NUR 445 and NUR 436 and NUR 437) and completion of Tier I writing requirement C: NUR 475 concurrently.
Examines the dynamic interrelationship among professional scholarly nursing practice, the health and wellness of diverse populations and high quality safe health care organizations.

485 Integrative Seminar III
Fall, Spring. 2(2-0) P: NUR 455 and NUR 465 RB: Registered Nurse admitted to the RN-BSN program. R: Open to students in the Nursing Major. Not open to students with credit in NUR 480. C: NUR 470 concurrently. Examination of the influence and responsibility of professional nursing to society

490 Independent Study in Nursing
Fall, Spring, Summer. 1 to 4 credits. A student may earn a maximum of 8 credits in all enrollments for this course. R: Approval of college.
Individualized area of study in nursing.

491 Special Topics
On Demand. 2 to 4 credits. A student may earn a maximum of 6 credits in all enrollments for this course. R: Approval of college. Exploration of selected issues in nursing.

804 Statistics for the Healthcare Professional
Fall, Spring. 3(3-0) R: Open to graduate students.
Basic understanding of descriptive statistics, probability, linear regression and epidemiological concepts.

805 Pathophysiology for Advanced Practice Nursing
Fall. 3(3-0) R: Open only to master's students in the College of Nursing or approval of college. SA: NUR 511
Alterations of various physiological systems. Pathophysiology of frequently encountered primary care conditions across the life span and special populations. In-depth case analysis of risk factors, pathophysiological changes, and associated clusters of signs and symptoms. Pathophysiological theories and research as a basis for advanced practice nursing.

806 Research for Advanced Practice Nurses
Fall, Spring. 3(3-0) R: Open to graduate students in the College of Nursing.
Prepares advanced practice nurses to be proficient in the ethical and clinical application of research including problem identification and critically evaluate the evidence to provide high quality care and improve practice.

807 Clinical Decision Making
Spring, Summer. 3(1-6) P: (NUR 805) and (NUR 820 or NUR 835 or NUR 880) R: Open to master's students in the College of Nursing.
Clinical decision making in advanced practice nursing. Decision theory and related concepts. Application of critical thinking and clinical judgment to differential diagnoses of common primary care conditions.

809 Applied Pharmacology for Advanced Practice Nursing
Spring, Summer. 3(3-0) P: NUR 805
Clinical application of advanced pharmacology and pharmacotherapeutics for common disease conditions. Principles of altered pharmacodynamics relative to age, race, and ethnic groups. Cost and benefit aspects of pharmacological interventions.

814 Health Care Policy and Politics
Spring, 3(3-0) P: NUR 802 R: Open to graduate students in the College of Nursing. Not open to students with credit in NUR 841.
Nursing and public policy formation in relationship to healthcare systems organization, financing, regulation, ethics, and delivery of services within a global society.

820 Health Assessment of the Family
Fall. 3(1-6) RB: Open only to students in the Nurse Practitioner concentration. R: Open to master's students in the Nurse Practitioner Graduate Certificate or in the Master of Science in Nursing.
Advanced assessment component of the nursing process to analyze the health status of children and adults across the lifespan.
821 Primary Care Management of the Family I
Summer. 5(3-6) P: NUR 802 and NUR 806 and NUR 807 and NUR 820 R: Open to master's students in the Master of Science in Nursing or in the Nurse Practitioner Graduate Certificate. SA: NUR 522

Principles and issues of health care management for family advanced practice nurses in primary care. Health promotion, disease prevention, and single acute problems of individuals across the life span and for diverse populations. Analysis of primary care practice topics using family frameworks and evidence based research.

822 Practicum I: Primary Care for the Family
Fall. 6(0-18) P: NUR 821 R: Open to graduate students in the Master of Science in Nursing or in the Nurse Practitioner Graduate Certificate. SA: NUR 522

823 Primary Care Management of the Family II
Fall. 3(3-0) P: NUR 821 R: Open to graduate students in the Master of Science in Nursing or in the Nurse Practitioner Graduate Certificate. SA: NUR 524

Principles and issues of health care management for family advanced practice nurses in primary care. Health care management of clients across the life span with chronic, stable and/or multiple complex problems. Integration and synthesis of relevant frameworks.

824 Practicum II: Primary Care for the Family
Spring. 7(0-21) P: NUR 822 and NUR 823 R: Open to graduate students in the Nurse Practitioner Graduate Certificate or in the Master of Science in Nursing. SA: NUR 524

Integration of assessment and applied theory in primary care management of clients across the lifespan. Collaborative model of primary care practice. Health care management of chronic, stable and multiple complex problems of individuals within the context of family. Increasingly independent decision making with preceptor validation.

832 Practicum I: Primary Care for the Adult and Aged
Fall. 6(0-18) P: NUR 836 R: Open to graduate students in the Master of Science in Nursing or in the Nurse Practitioner Graduate Certificate.

834 Practicum II: Primary Care for the Adult and Aged
Spring. 7(0-21) P: NUR 832 R: Open to graduate students in the Master of Science in Nursing or in the Nurse Practitioner Graduate Certificate.

Integration of assessment and applied theory in clinical management. Management of acute and chronic health problems, promotion of rehabilitation and health maintenance for adult and aging individuals across a variety of environments. Provision of specialized, culturally appropriate care to aging individuals, family members and the community. Collaborative, interdisciplinary model of practice.

835 Health Assessment Across the Lifespan
Fall. 3(1-6) R: Successful completion of basic physical/health assessment course. R: Open to graduate students in the Master of Science in Nursing or in the Nurse Practitioner Graduate Certificate.

Advanced health assessment skills to provide comprehensive, culturally sensitive care. Interviewing techniques, communication, interpersonal skills and psychomotor skills. Analysis of health status including the role of risk factors and health promotion strategies. Emphasis placed on functional implications. Interpretation of data for the purpose of differentiating typical from atypical presentations and recognizing actual and potential health problems.

836 Primary Care Management of the Adult and Aged
Summer. 5(3-6) P: NUR 835 and NUR 807 R: Open to graduate students in the Master of Science in Nursing or in the Nurse Practitioner Graduate Certificate.

Principles and issues of health care management for adult and gerontological advanced practice nurses. Health promotion, risk identification, disease prevention, and acute problems for the adult and aged from culturally diverse backgrounds. The role of risk factors and normal aging changes on health. Analysis of adult and aging health topics using appropriate models, frameworks, and evidence-based research.

837 Primary Care Management of the Adult and Aged II
Fall. 3(3-0) P: NUR 836 R: Open to graduate students in the Master of Science in Nursing or in the Nurse Practitioner Graduate Certificate.

Health care management of the adult and aged individual with stable chronic, co-morbid, complex problems and geriatric syndromes utilizing clinically relevant research and evidence-based, age appropriate, guidelines. Planning and implementing therapeutic interventions to return the patient to a stable state and to optimize health. Minimizing physical and psychological complications and maximizing health potential. Integration and synthesis of relevant theories and frameworks. Coordination of care.

838 Care for Aging Individuals Across the HealthCare Continuum
Spring. 1(1-0) P: NUR 802 R: Open to graduate students in the Master of Science in Nursing or approval of college; application required.

Regulations, financing methods, forms of service delivery, and management methods in care of the older adult within a variety of health care environments. Aging of the American society, the impact of the baby-boomer generation, consumer choice, and the growing diversity in care options, focusing on long-term care.

860 Physical Assessment for Clinical Nurse Specialist
Spring. 2(1-3) P: NUR 805 R: Open to master's students in the Master of Science in Nursing.

Development of advanced health history and physical assessment skills for clinical nurse specialist.

861 Curriculum Design in Nursing Education
Summer. 3(3-0) P: NUR 802 R: Open only to master's students in Clinical Nurse Specialist-Nurse Education concentration. R: Open to graduate students in the Master of Science in Nursing.

Analysis and application of theories, principles, and concepts associated with curriculum development, design, and evaluation.

862 Clinical Nurse Specialist Role Internship
Fall. 8(2-18) P: NUR 807 R: Open only to master's students in the Clinical Nurse Specialist-Nurse Education concentration. R: Open to graduate students in the Master of Science in Nursing.

Role development of the clinical nurse specialist as an applied nurse scientist, expert in nursing practice, and professional leader.

864 Clinical Nurse Specialist Role Immersion
Spring. 6(1-15) P: NUR 862 and (NUR 814 or concurrently) R: Open only to master's students in the Clinical Nurse Specialist-Nurse Education concentration. R: Open to graduate students in the Master of Science in Nursing.

Synthesis, integration, and clinical application of the essential concepts and knowledge associated with the roles of the clinical nurse specialist.

866 Academic and Clinical Teaching Internship
Spring. 3(1-6) P: NUR 861 R: Open only to masters students in Clinical Nurse Specialist-Nurse Education concentration. R: Open to graduate students in the Master of Science in Nursing.

Guided field internship within an academic or health care setting. Synthesis and application of concepts to facilitate development of the advanced practice nurse as scholar, teacher, and collaborator.

868 Topics in Nursing Education
Fall. 3(3-0) R: Open only to master's students in the Clinical Nurse Specialist-Nurse Education concentration. R: Open to graduate students in the Master of Science in Nursing.

Integration of concepts of teaching, learning, evaluation, and assessment applicable to nursing education within a variety of settings.

874 Clinical Practicum I
Spring. 3(0-15) P: NUR 886 R: Open only to students in the Nurse Anesthesia concentration. R: Open to graduate students in the Master of Science in Nursing.

Individualized faculty-guided instruction in the management of patients receiving anesthesia, emphasizing safety, monitoring modalities, and simulated patient experiences. Experiences include introduction to the role of the nurse anesthetist and development of basic nurse anesthesia skills.
887 Anesthesia Physiology and Pathophysiology
Spring. 3(3-0) P: NUR 877
Physiological principles and pathophysiological relationships of body systems. Evaluation of co-existing pathophysiology.

888 Pharmacology for Anesthesia Practice II
Fall. 3(3-0) P: NUR 877
Pharmacology and its applications to clinical anesthesiology practice.

889 Special Problems
Fall, Spring. 1 to 4 credits. A student may earn a maximum of 24 credits in all enrollments for this course. R: Approval of college. Individual or group in-depth study of specific areas in nursing. Independent study.

890 Selected Topics
Fall, Spring. 1 to 4 credits. A student may earn a maximum of 24 credits in all enrollments for this course. R: Approval of college. Selected issues, trends, programs, or theories in nursing.

891 Clinical Practicum II
Summer. 7(0-35) P: NUR 874 and NUR 884
Clinical management plans and outcomes. Evaluation of research and other literature pertinent to the safe practice of anesthesia.

892 Clinical Practicum III
Fall. 7(0-35) P: NUR 892 RB: Open only to students in the Nurse Anesthesia concentration. R: Open to graduate students in the Master of Science in Nursing. Individualized faculty-guided instruction in the management of patients receiving anesthesia, emphasizing safety, monitoring modalities, and simulated patient experiences. Experiences include development of advanced skills specific to the role of the nurse anesthetist.

893 Clinical Practicum IV
Fall. 7(0-35) P: NUR 893 RB: Open only to students in the Nurse Anesthesia concentration. R: Open to graduate students in the Master of Science in Nursing.

894 Clinical Seminar I
Fall. 2(2-0) P: NUR 886
Anesthesia management plans and outcomes. Evaluation of research and other literature pertinent to the safe practice of anesthesia.

895 Clinical Seminar I
Fall. 2(2-0) P: NUR 886
Review of research literature relevant to the safe practice of anesthesia. Presentation of case studies as related to pathophysiological states and safe anesthesia delivery.

896 Clinical Seminar III
Spring. 2(2-0) P: NUR 896
Review of research literature and clinical projects relevant to the safe practice of anesthesia. Presentation of scholarly project.

897 Master’s Thesis Research
Fall. 1 to 6 credits. A student may earn a maximum of 24 credits in all enrollments for this course. R: Approval of college. Master’s thesis research.

898 Master of Science in Nursing
Fall, Spring. 1 to 4 credits. R: Open to graduate students in the College of Nursing or in the Master of Science in Nursing. Development and growth of substantive knowledge within nursing. Middle range theories. Strategies for concept development and theory testing in nursing research for understanding health status and health outcomes for individuals, families and community-based primary care.

899 Scientific Foundations for the Advanced Practice Nurse
Fall. 3(3-0) R: Open to graduate students in the College of Nursing or in the Master of Science in Nursing or in the Nursing Practice Major.

900 Healthcare Informatics
Fall. 3(3-0) P: NUR 902 or concurrently R: Open to graduate students in the College of Nursing or in the Master of Science in Nursing or in the Nursing Practice Major.

901 Health Policy and Advocacy
Fall. 3(3-0) P: NUR 902 or concurrently R: Open to graduate students in the College of Nursing or in the Master of Science in Nursing or in the Nursing Practice Major.

902 Knowledge Development in Nursing
Fall, Summer. 3(3-0) P: NUR 903 or concurrently R: Open to graduate students in the College of Nursing or in the Master of Science in Nursing or in the Nursing Practice Major.

903 Integrations between economics, ethical principles, social policies, legislative and regulatory processes that influence access, delivery and organization of healthcare.
905 Patient Safety, Quality Improvement and Quality Management in Healthcare
Fall, Spring. 3(3-0) P: NUR 902 R: Open to graduate students in the College of Nursing or in the Master of Science in Nursing or in the Nursing Practice Major.
Application and evaluation of quality improvement initiatives through the use of theories, models and outcome measurements.

906 Leadership in Complex Health Systems
Fall, Spring, Summer. 3(3-0) P: NUR 902 R: Open to graduate students in the College of Nursing or in the Master of Science in Nursing or in the Nursing Practice Major.
Knowledge, skills and attributes required to assume leadership as an Advanced Practice Registered Nurse in complex health systems.

907 Advanced Pathophysiology for the Advanced Practice Registered Nurse
Fall. 3(3-0) R: Open to graduate students in the College of Nursing or in the Master of Science in Nursing or in the Nursing Practice Major.
Advanced physiological and pathophysiological mechanisms of the body system to provide the Advanced Practice Registered Nurse a foundation for patient assessment, clinical decision making, and management.

908 Advanced Physical Assessment for the Advanced Practice Registered Nurse
Spring, 3(2-3) R: Open to graduate students in the College of Nursing or in the Master of Science in Nursing or in the Nursing Practice Major.
Comprehensive assessment including history, physical and psychological assessment of signs and symptoms, pathophysiologic changes, and psychosocial variations of the patient. Specific assessment related to Nurse Anesthetist, Clinical Nurse Specialist and Nurse Practitioner practice will be a focus in the practical experience of students.

909 Advanced Pharmacology for the Advanced Practice Registered Nurse
Spring, Summer. 3(3-0) R: Open to graduate students in the College of Nursing or in the Master of Science in Nursing or in the Nursing Practice Major.
Application of pharmacotherapeutics for disease conditions including knowledge of pharmacokinetics, pharmacodynamics, pharmacogenetics, pharmacy and toxicology used to guide selection of interventions.

910 Health Status Outcomes: The Individual and Family
Spring. 3(3-0) R: Open to doctoral students or approval of college.
Measurement and conceptual underpinnings of health status outcomes for individuals and families across the life span. Focus on well-being in health and illness within the health care system.

911 Health Status Outcomes: Community/Primary Care
Fall. 3(3-0) R: Open to all doctoral students or approval of college.
Measurement of health status outcomes for populations across the life span within the community based primary care systems. Measurement and evaluation issues related to the costs of intervention to impact outcomes.

912 Health Promotion – Family
Spring, Summer. 3(3-0) P: NUR 907 R: Open to graduate students in the College of Nursing or in the Master of Science in Nursing or in the Nursing Practice Major.
Integration of concepts, theories and principles of population health, health promotion and disease prevention at the advanced practice level across the lifespan.

913 Health Promotion – Adult-Gerontology
Spring, Summer. 3(3-0) P: NUR 907 R: Open to graduate students in the College of Nursing or in the Master of Science in Nursing or in the Nursing Practice Major.
Integration of concepts, theories and principles of population health, health promotion and disease prevention at the advanced practice level for adults and older adults.

914 Clinical Diagnosis and Management I - Family
Fall. 6(3-9) P: NUR 912 and NUR 907 and NUR 908 and NUR 909 R: Open to graduate students in the College of Nursing or in the Master of Science in Nursing or in the Nursing Practice Major.
Integration of health assessment and diagnostic testing to formulate differential diagnoses for common health conditions/problems across the lifespan.

915 Clinical Diagnosis and Management II – Family
Spring. 6(3-9) P: NUR 915 R: Open to graduate students in the College of Nursing or in the Master of Science in Nursing or in the Nursing Practice Major.
Integration of assessment and intervention strategies for health promotion and common problems in the clinical setting across the lifespan.

916 Clinical Diagnosis and Management III – Family
Summer. 6(3-9) P: NUR 916 R: Open to graduate students in the College of Nursing or in the Master of Science in Nursing or in the Nursing Practice Major.
Principles and management strategies used to construct personalized care plans for individuals including diverse and at risk populations across the lifespan.

917 Clinical Diagnosis and Management IV – Family
Fall. 6(2-12) P: NUR 917 R: Open to graduate students in the College of Nursing or in the Master of Science in Nursing or in the Nursing Practice Major.
Integrates evidence-based strategies to deliver collaborative primary care practice across the wellness/illness continuum with patients across the lifespan.

918 Clinical Diagnosis and Management V - Clinical Immersion – Family
Spring. 6(2-12) P: NUR 918 R: Open to graduate students in the College of Nursing or in the Master of Science in Nursing or in the Nursing Practice Major.
Evidence-based management of chronic stable and complex problems within collaborative practice in complex health systems across the lifespan.

919 Clinical Diagnosis and Management V – Adult– Gerontology
Spring, Summer. 3(3-0) P: NUR 925 R: Open to graduate students in the College of Nursing or in the Master of Science in Nursing or in the Nursing Practice Major.
Integration of assessment and intervention strategies for health promotion and common problems in the clinical setting for adults and older adults.

920 Translation of Research and Scientific Knowledge to a Practice Setting
Spring. 3(3-0) P: NUR 924 and NUR 939 or approval of college R: Open to doctoral students in the College of Nursing or in the Nursing Major or approval of college.
Systematic approach to translating evidenced based knowledge to inform nursing practice, policy and delivery system change. Translation strategies to enhance health outcomes in areas of wellness, risk reduction and chronic illness.

921 Scientific Foundations of Nursing Knowledge Development
Fall. 3(3-0) R: Open to graduate students in the College of Nursing.
Philosophical, epistemological, ontological, and ethical foundations of nursing. Historical factors and new perspectives in the evolution of nursing theory.

922 Wellness and Risk Reduction Behaviors
Spring of odd years. 3(3-0) R: Open to graduate students in the College of Nursing.
Current state of the science related to wellness and risk reduction behaviors and interventions to improve health outcomes for various populations across the lifespan.

923 Self and Symptom Management in Chronic Illness
Spring of even years. 3(3-0) R: Open to graduate students in the College of Nursing.
Current state of the science related to self and symptom management and interventions to improve chronic illness outcomes for various populations across the lifespan.

924 Designing Interventions for Improving Health Outcomes
Spring, Summer. 3(3-0) P: NUR 921 and NUR 939 or approval of college R: Open to doctoral students in the College of Nursing or in the Nursing Major.
Foundation for designing, implementing and evaluating nursing interventions for wellness, risk reduction, and chronic illness management across the lifespan.

925 Clinical Diagnosis and Management I – Adult– Gerontology
Fall. 6(3-9) P: NUR 908 and NUR 909 and NUR 913 R: Open to graduate students in the College of Nursing or in the Master of Science in Nursing or in the Nursing Practice Major.
Integration of health assessment and diagnostic testing to formulate differential diagnoses for common health conditions/problems in adults and older adults.

926 Clinical Diagnosis and Management II – Adult– Gerontology
Spring. 6(3-9) P: NUR 925 R: Open to graduate students in the College of Nursing or in the Master of Science in Nursing or in the Nursing Practice Major.
Integration of assessment and intervention strategies for health promotion and common problems in the clinical setting for adults and older adults.
Introduction to the Clinical Nurse Specialist's role and health disciplines relevant to wellness, risk reduction, and chronic illness.

Wellness Promotion for Diverse Populations
Spring, 3(3-0) P: NUR 907 R: Open to graduate students in the College of Nursing or in the Master of Science in Nursing or in the Nursing Practice Major.

Clinical Decision Making and Management of Acute Chronic Complex Conditions
Summer, 6(3-9) P: NUR 902 and NUR 908 and NUR 931 R: Open to graduate students in the College of Nursing or in the Master of Science in Nursing or in the Nursing Practice Major.

Clinical Nurse Specialist role in direct care incorporating a patient centered holistic approach in evidence-based management of healthcare.

Clinical Nurse Specialist Advanced Practice Role Development I
Fall, 6(3-9) P: NUR 909 and NUR 932 R: Open to graduate students in the College of Nursing or in the Master of Science in Nursing or in the Nursing Practice Major.

Role development of the Clinical Nurse Specialist as an applied nurse scientist, expert in nursing practice and professional leader.

Clinical Nurse Specialist Advanced Practice Role Development II
Spring, 6(3-9) P: NUR 905 and NUR 933 R: Open to graduate students in the College of Nursing or in the Master of Science in Nursing or in the Nursing Practice Major.

Role development of the Clinical Nurse Specialist expert in nursing practice, staff development, and quality improvement.

Clinical Nurse Specialist Advanced Practice Role Development III
Summer, 6(3-9) P: NUR 934 R: Open to graduate students in the College of Nursing or in the Master of Science in Nursing or in the Nursing Practice Major.

Developing, leading and participating in the elements of process/quality improvement using principles of improvement science.

Clinical Nurse Specialist Specialty Role Immersion I
Fall, 3(0-9) P: NUR 935 R: Open to doctoral students in the College of Nursing or in the Nursing Practice Major.

Clinical application of the essential knowledge, skills, and values associated with the student-selected specialized practice role of the Clinical Nurse Specialist.

Clinical Nurse Specialist Specialty Role Immersion II
Spring, 3(0-9) P: NUR 936 R: Open to doctoral students in the College of Nursing or in the Nursing Practice Major.

Continuation of NUR 936, Capstone.

Improving Health Outcomes: Scientific Foundations
Spring, 4(4-0) P: NUR 921 or approval of college R: Open to doctoral students in the College of Nursing or in the Nursing Practice Major.

Application of the state of the science to wellness, risk reduction and chronic illness outcomes for populations across the lifespan from a nursing perspective.

Research Practicum
Fall, Spring, Summer. 1 to 6 credits. A student may earn a maximum of 12 credits in all enrollments for this course. R: Open to doctoral students in the Nursing major or approval of college.

Participation in ongoing funded research as a member of an interdisciplinary research team.

Nursing Research Seminar I
Fall, 1(1-0) R: Open to doctoral students in the College of Nursing or in the Nursing Major or approval of college.

Socialization of student to doctoral study and research environment. Roles and responsibilities of clinical nurse researcher including responsible conduct of research.

Nursing Research Seminar II
Spring, 1(1-0) P: NUR 950 or approval of college R: Open to doctoral students in the College of Nursing or in the Nursing Major or approval of college.

Continuation of NUR 950 to advance development as a clinical scholar, program of study, and plan toward unique area of inquiry.

Psychopharmacology and Neuropathological Basis of Mental Illness
Summer, 3(3-0) R: Open to graduate students or lifelong graduate students in the College of Nursing.

Advanced pharmacology and psycho-pharmacotherapeutics and the putative neuropathophysiology of common psychiatric illnesses that occur across the lifespan.

Clinical Diagnosis and Management I - Psychiatric Assessment and Diagnosis
Fall, 6(3-9) P: NUR 907 and NUR 908 and NUR 909 and NUR 952 R: Open to graduate students in the College of Nursing.

Mental health assessment and diagnostic screening to formulate differential diagnoses for common mental health conditions/problems across the lifespan.

Clinical Diagnosis and Management II – Evidence-Based Therapeutic Interventions
Spring, 6(3-9) P: NUR 953 R: Open to graduate students in the College of Nursing.

Assessment and intervention strategies for health promotion and common mental health problems in the clinical setting across the lifespan.

Clinical Diagnosis and Management III – Special Populations and Group
Summer, 6(3-9) P: NUR 954 R: Open to graduate students in the College of Nursing.

Assessment, intervention, including group psychotherapy, and management strategies for special and vulnerable populations with mental health problems across the lifespan.

Clinical Diagnosis and Management IV – Complex and Collaborative Mental Health Care
Fall, 6(2-12) P: NUR 955 R: Open to graduate students in the College of Nursing.

Evidence-based strategies to deliver collaborative mental health care across the wellness/illness continuum with patients across the lifespan.

Clinical Diagnosis and Management V – Clinical Immersion – Psychiatric Mental Health
Spring, 6(2-12) P: NUR 956 R: Open to graduate students in the College of Nursing.

Evidence-based management of chronic stable and complex mental health problems within collaborative practice in complex health systems across the lifespan.

Scientific Foundations of Nursing
Fall, 3(3-0) R: Open to doctoral students in the College of Nursing.

Critically examines factors contributing to the evolution of the development of nursing. Analyze philosophical, epistemological and historical influences on the profession.

Leadership I: Organizational Leadership
Summer, 3(3-0) R: Open to doctoral students in the College of Nursing.

Analysis and evaluation of organization and leadership theories and their relationship to complex health care systems. Strategies for effective leadership include systems thinking, organizational culture, communication, resource utilization, ethics, and change models required to lead cost-effective quality and safety improvements within health care organizations and in an interdisciplinary environment.
962 Analytical Methods for Evidence-Based Practice
Summer. 3(3-0) P: NUR 960 or concurrently R: Open to doctoral students in the College of Nursing.
Integrated and critically evaluate knowledge from diverse sources to develop the best evidence-based practice guidelines for improving health outcomes. Explore rigorous methodologies to design, implement, and evaluate evidence-based interventions.

963 Leadership II: Leadership in Complex Healthcare Organizations
Fall. 3(3-0) P: NUR 961 R: Open to doctoral students in the College of Nursing.
Interprofessional collaboration within complex health care organizations and systems to transform the delivery of health care to improve access, quality, and safety across diverse populations. Strategies to address organizational challenges and facilitate system wide changes important to the practice environment of the advanced practice nurse will be explored. Group dynamics within health care organizations and communities will be examined with an emphasis on communication patterns, resource allocation, strategic planning, and quantitative decision making models to formulate policy.

964 DNP Practicum I
Fall, Spring, Summer. 3 credits. P: NUR 960 and NUR 961 R: Open to doctoral students in the College of Nursing.
Provides the clinical opportunity to analyze, synthesize, and implement integrated nursing knowledge and skills in achieving patient and health system outcomes system’s assessment and needs analysis within the healthcare environment.

965 DNP Practicum II
Fall, Spring, Summer. 3 credits. P: NUR 964 R: Open to doctoral students in the College of Nursing.
Provides opportunities to engage in increasingly complex organizational projects. Participates in implementation of evidence-based initiatives to improve health outcomes and system effectiveness.

966 Applied Chemical and Physical Principles of Anesthesia Practice
Fall. 3(0-3) R: Open to doctoral students in the College of Nursing or in the Nursing Practice Major.
Combined coverage of chemical and physical principles and their applied relationship to nurse anesthesia practice.

967 Basic Principles of Anesthesia
Summer. 4(4-0) R: Open to doctoral students in the College of Nursing or in the Nursing Practice Major.
Fundamental anesthesia principles that underpin the development and implementation of a safe anesthetic plan.

968 Advanced Physiology and Pathophysiology for Anesthesia Practice I
Spring. 4(4-0) R: Open to doctoral students in the College of Nursing or in the Nursing Practice Major.
Physiological basis of cellular and tissue functions and the consequences of their dysregulation on essential homeostatic processes in cells, compartments and primary organ systems.

969 Advanced Physiology and Pathophysiology for Anesthesia Practice II
Summer. 4(4-0) P: NUR 968 R: Open to doctoral students in the College of Nursing or in the Nursing Practice Major.
In-depth study of human physiology and pathophysiology using a systems approach. Emphasis is placed on those physiologic and pathophysiologic alterations that affect homeostasis in humans across the life span.

970 Pharmacology for Nurse Anesthesia I
Summer. 3(3-0) P: NUR 909 R: Open to doctoral students in the College of Nursing or in the Nursing Practice Major.
Basic science of pharmacology used in anesthesia practice.

971 Pharmacology for Nurse Anesthesia II
Fall. 3(3-0) P: NUR 970 R: Open to doctoral students in the College of Nursing or in the Nursing Practice Major.
Advanced principles of anesthesia and pharmacology and the synthesis of these concepts into a safe, cost-effective, patient-specific delivery plan.

972 Advanced Principles of Anesthesia I
Fall. 3(3-0) P: NUR 967 R: Open to doctoral students in the College of Nursing or in the Nursing Practice Major.
Anesthetic delivery to patients with increasing comorbidities and complex anesthesia needs. Advanced airway management, regional anesthesia and chronic pain management.

973 Advanced Principles of Anesthesia II
Spring. 3(0-3) P: NUR 972 R: Open to doctoral students in the College of Nursing or in the Nursing Practice Major.
Advanced concepts related to nurse anesthesia practice including management of pediatric, obstetric, neurologic, trauma, vascular and cardiothoracic procedures.

974 Introduction to Clinical Practice 
Summer. 1(0-B) R: Open to doctoral students in the College of Nursing or in the Nursing Practice Major. C: NUR 967 concurrently.
Application of basic anesthesia cognitive, affective and psychomotor skills in a simulated environment.

975 Clinical Anesthesia Practicum I
Fall. 3(0-24) P: NUR 974 R: Open to doctoral students in the College of Nursing or in the Nursing Practice Major.
Integration of theory with practice in a clinical and simulated setting with emphasis on basic principles of anesthesia and professional standards of practice for the certified registered nurse anesthetist.

976 Clinical Anesthesia Practicum II
Spring. 2(0-16) P: NUR 975 R: Open to doctoral students in the College of Nursing or in the Nursing Practice Major.
Supervised instruction in the clinical management of patients receiving all types of anesthesia in a variety of clinical settings.

977 Clinical Anesthesia Practicum III
Summer. 3(0-24) P: NUR 976 R: Open to doctoral students in the College of Nursing or in the Nursing Practice Major.
Supervised instruction in the clinical management of medically complex patients undergoing surgical and diagnostic procedures.

978 Clinical Anesthesia Practicum IV
Fall. 4(0-32) P: NUR 977 R: Open to doctoral students in the College of Nursing or in the Nursing Practice Major.
Supervised instruction in the perioperative clinical site. Development of advance skills with an emphasis on specialty areas such as cardiovascular, neurosurgical, trauma, obstetrics and pediatrics.

979 Clinical Anesthesia Practicum V
Spring. 4(0-32) P: NUR 978 R: Open to doctoral students in the College of Nursing or in the Nursing Practice Major.
Supervised clinical practicum for patients undergoing complex surgical procedures using the entire spectrum of anesthesia practice.

980 Clinical Anesthesia Practicum VI
Summer. 4(0-32) P: NUR 979 R: Open to doctoral students in the College of Nursing or in the Nursing Practice Major.
Supervised clinical practicum on professional aspects of nurse anesthesia and team leadership.

981 Anesthesia Seminar I
Spring. 3(3-0) P: NUR 979 or concurrently R: Open to doctoral students in the College of Nursing or in the Nursing Practice Major.
Professional aspects related nurse anesthesia practice. Focus on historical perspectives, professional role, anesthesia business practices and professional wellness.

982 Anesthesia Seminar II
Summer. 3(3-0) P: NUR 981 R: Open to doctoral students in the College of Nursing or in the Nursing Practice Major.
A comprehensive review and synthesis of anatomy, chemistry, physics, pharmacology, physiology and pathophysiology and principles of anesthesia in preparation for the national certification exam.

989 Doctor of Nursing Practice Synthesis Project
Fall, Spring. 1 to 4 credits. A student may earn a maximum of 16 credits in all enrollments for this course. R: Open to doctoral students in the College of Nursing.
Demonstrate synthesis of didactic coursework and application to practice by learning a practice change innovation to address a health care problem and improve health outcomes.

990 Special Problems
Fall, Spring. 1 to 4 credits. A student may earn a maximum of 10 credits in all enrollments for this course. R: Open to doctoral students in the College of Nursing or approval of college.
Individual or group in-depth study of specific areas in nursing research.

NSC—Natural Science
991  **Special Topics**  
Fall, Spring, Summer. 1 to 4 credits. A student may earn a maximum of 12 credits in all enrollments for this course. R: Open to doctoral students in the Nursing major or approval of college. Special topics which supplement regularly-offered courses.

994  **Effective Interdisciplinary Research Collaborations**  
On Demand. 3(3-0) Interdepartmental with Communication Arts and Sciences and Engineering. Administered by Communication Arts and Sciences. RB: Students should have background or expertise in technology, nursing, health, and/or communication. Students should have applied research interests. R: Open to graduate students in the College of Communication Arts and Sciences and open to graduate students in the College of Engineering and open to graduate students in the College of Nursing. Interdisciplinary research methods, techniques, approaches, and funding. Applied research on issues that crosscut communication, nursing, and engineering.

995  **Doctor of Nursing Practice Project I**  
Summer. 4(2-4) P: (NUR 902 and NUR 903 and NUR 905 and EPI 810) and (NUR 916 or NUR 926 or NUR 934 or NUR 976) R: Open to doctoral students in the College of Nursing or in the Nursing Practice Major. Introduction of the scholarly practice project for the advanced practice nurse.

996  **Doctor of Nursing Practice Project II**  
Fall. 3(0-6) P: NUR 904 and NUR 906 and NUR 995 R: Open to doctoral students in the College of Nursing or in the Nursing Practice Major. Implementation of the scholarly practice project for the advanced practice nurse.

997  **Doctor of Nursing Practice Project III**  
Spring. 3(0-6) P: NUR 996 R: Open to graduate students in the College of Nursing or in the Master of Science in Nursing or in the Nursing Practice Major. Evaluation and dissemination of the scholarly practice project for the advanced practice nurse.

998  **Application of Scientific Knowledge in a Clinical Practicum**  
On Demand. 1 to 3 credits. R: Open to doctoral students in the College of Nursing. Advanced clinical and research skills needed to identify clinical problems and develop research questions to advance science related to improving health outcomes.

999  **Doctoral Dissertation Research**  
Fall, Spring, Summer. 1 to 24 credits. R: Open only to doctoral students in the College of Nursing or approval of college. Original research of student under supervision of major advisor.
