Explanation: The Lund credit value is measured by this number times 10 for the total number of hours study. For example, 10 Lund credit value = 100 hours study. The ECTS (European Credit Transfer System) credit is 50% of this value. ECTS credits x ½ = MSU credits. Historically, MSU has rounded up the number of credits. E.G., 10 credit value = 5 ECTS = 3 MSU credits (rounded from 2.5).

\*\*\* The credits are rounded up if there is a single course with a decimal number of credits (i.e., 2.5 Lund credits = 3 MSU credits). However, if there is an even number of courses, the actual amount of credits is given for each course (i.e., two 2.5 credit Lund courses = 5 MSU credits). If there is an odd number of courses, the “extra” course earns the rounded up credits (i.e., three 2.5 credit Lund courses = 8 MSU credits).
