The specific courses and requirements for the Programs are outlined in Appendix A (MSU IAT Certificates, additional AAgS requirements). The inter-institutional understanding includes the following major points:

2. Kellogg Community College will provide the coursework that students must complete in addition to the MSU courses required to earn a certificate in the respective Programs, including developmental and prerequisite coursework, and student tutoring in necessary (see Appendix A and A2 for list of Kellogg Community College courses). Students must earn a minimum grade of 2.0 in all Kellogg Community College courses that are to be transferred to MSU for completion of a certificate program.

C. Associate of Agricultural Science

1. Kellogg Community College will offer an Associate of Agricultural Science for those students who wish to add an AAgS degree to an MSU certificate. Kellogg Community College agrees to accept all MSU Certificate coursework in transfer toward the AAgS in where the grade is a 2.0 or better to be awarded an associate degree at Kellogg Community College, students must complete all required coursework, with at least 15 credits of coursework at Kellogg Community College, and program requirements for the AAgS.

2. MSU CANR will keep its course equivalencies up-to-date in Transfer MSU (<http://transfer.msu.edu/>) and will provide Kellogg Community College with curriculum guidelines, as needed, beyond those found in the MSU Academic Programs catalog (<http://www.reg.msu.edu/AcademicPrograms/Print.asp?Section=1440>).

D. Michigan State University College of Agriculture and Natural Resources Program Coordinator

1. MSU CANR agrees to designate a coordinator for the Institute of Agricultural Technology Program (the “MSU Coordinator”) for the purpose of student recruitment, curriculum coordination, workplace internship placements, certificate coursework review, academic advising assistance, support to students participating in the Program and work with the Kellogg Community College -MSU Food Processing, Technology and Safety stakeholder groups.
2. Kellogg Community College shall reimburse MSU CANR 50% of the MSU Coordinator’s annual salary and fringe benefits costs. Kellogg Community College shall make the reimbursement payment to MSU CANR within 30 days of receiving an invoice detailing such payments. The KCC Representative, working together with the MSU Coordinator, will coordinate inter-institutional communication and information regarding admissions and enrollment status, financial application and verification (via MSU’s Student Information System), as well as course scheduling. The program coordinator will serve as the academic advisor, for both Kellogg Community College and IAT, to work directly with students in the program and industry partners to establish both students’ educational course plans and workplace internships.

F. Kellogg Community College and MSU College of Agriculture and Natural Resources’ Institute of Agricultural Technology Admissions, Dual Enrollment, Student Reporting and Financial Aid

1. Institute of Agricultural Technology students shall apply simultaneously for admission to both Kellogg Community College and the IAT Program offered by MSU, permitting them to enroll in the required coursework offered by both institutions. Fundamental to the effective and efficient administration of the Programs Kellogg Community College and MSU is the need to regularly share information, including student records, between the institutions. To that end, MSU and Kellogg Community College agree to share academic and other information, concerning dually enrolled students for the purpose of administering the Programs. Each institution agrees to comply with applicable law and regulations promulgated under the Family Educational Rights and Privacy Act of 1974, 20 U.S.C. § 1232g et seq. regarding the use and redisclosure of any such records. All dually enrolled students will be notified that Kellogg Community College and MSU will disclose their student records to the other institution and students seeking dual enrollment shall be required to sign consent with respect to such disclosures (see Appendix B for the student consent form).
2. Prior to being admitted into Michigan State University (MSU) coursework Kellogg Community College (KCC) will assume the responsibility of processing, awarding and disbursing financial aid for those

students who qualify for aid. Accordingly, KCC will be responsible for monitoring student eligibility, monitoring satisfactory academic progress, refund/repay calculations, record retention and reporting including the National Student Loan Data System (NSLDS) and Fiscal Operations Report and Application to Participate (FISAP).

When students are admitted to the Program at both institutions and begin MSU course work, MSU will assume the responsibility of processing, awarding and disbursing financial aid, to the extent that the students are eligible at MSU for financial assistance as a part of the broad consortia commitment of the Program. MSU also will assume primary responsibility for monitoring student eligibility, monitoring satisfactory academic progress, refund/repay calculations, in addition to record retention and reporting the combined enrollment at both MSU and Kellogg Community College to the NSLDS and FISAP.

The guiding operational principle is that MSU will act as the home institution and Kellogg Community College as the host institution during the period of time the student is completing the requirements for the certificate program.

Once students complete the MSU certificate program, Kellogg Community College will then process the financial aid and monitor record retention and reporting including the NSLDS and FISAP for any student still matriculating at Kellogg Community College to complete the associate degree.

Under this Agreement, the responsibility for administering outside scholarships awarded to the student will be a shared arrangement. Generally, outside scholarship funds will be sent to and processed by MSU. In most cases, the administration of local promise zones will be processed by Kellogg Community College. MSU will be notified of any scholarship that is not processed by MSU.

The MSU IAT coordinator at Kellogg Community College will provide a list of students and the courses they are enrolled in for both MSU and Kellogg Community College to both financial aid offices at the beginning of the fall and spring semesters.

Financial aid refunds received by students through MSU must be used to help cover the costs of tuition, fees and other educational related expenses for coursework at Kellogg Community College.

As a practical matter, dually enrolled students who qualify for financial aid will receive aid through Kellogg Community College; federal law prohibits students from receiving aid through more than one institution. The MSU Coordinator and the Kellogg Community College Representative share the responsibility of counseling students on these financial aid matters and recommending appropriate academic schedules so that students sequentially qualify for aid.

Students will be eligible for scholarships from both MSU and Kellogg Community College.

3. The Kellogg Community College Office of Accessibility is available for collaboration on student accommodations, but if there is a need for student accommodations within an MSU course, MSU will be responsible for any charges associated with the accommodations. Kellogg Community College will be responsible for any accommodations and charges associated with accommodations as a part of any Kellogg Community College course.
