PART I – NEW ACADEMIC PROGRAMS AND PROGRAM CHANGES

COLLEGE OF SOCIAL SCIENCE

1. Request to delete the curriculum and degree requirements for the Bachelor of Science degree in Global and Area Studies-Social Science in the College of Social Science. The University Committee on Undergraduate Education (UCUE) provided consultative commentary to the Provost after considering this request at its November 7, 2019 meeting. The Provost made the determination to discontinue the program after considering the consultative commentary from the University Committee on Undergraduate Education.

No new students are to be admitted to the program effective Summer 2016. No students are to be readmitted to the program effective Summer 2016. Effective Summer 2019, coding for the program was discontinued and the program is no longer be available in the College of Social Science. Students who have not met the requirements for the Bachelor of Science Degree in Global and Area Studies-Social Science through the College of Social Science prior to Summer 2019 will have to change their major.

2. Request to change the requirements for the Minor in Environment and Health in the Department of Geography.

a. Under the heading Requirements for the Minor in Environment and Health make the following changes:

   (1) In item 2. delete the following course:
       ANP 370 Culture, Health and Illness 3
       Add the following courses:
       GEO 435 Geography of Health and Disease 3
       SOC 252 Introduction to Environmental Sociology 3

   (2) In item 3. Delete the following course:
       EEP 260 World Food, Population and Poverty 3
       Add the following course:
       EEM 260 World Food, Population and Poverty 3

   (3) In item 4. delete the following course:
       GEO 435 Geography of Health and Disease 3
       Add the following course:
       ANP 370 Culture, Health and Illness 3

Effective Summer 2020.
PART II - NEW COURSES AND CHANGES

COLLEGE OF AGRICULTURE AND NATURAL RESOURCES

CSUS 459  Clean Energy System Policy
Fall of every year. 3(3-0) P: CSUS 259 or approval of department R: Open to juniors or seniors.
NEW Policies regarding clean energy systems, transitions, and sovereignty. Modeling social, cultural, economic and ecological impacts of clean energy.
  Effective Fall 2020

HRT 883  Environmental Design Seminar
Fall of every year, Spring of every year. 3(3-0) Interdepartmental with Human Environment and Design and Landscape Architecture and Park, Recreation and Tourism Resources.
  Interdepartmental with Horticulture and Interior Design RB: Undergraduate design degree. R: Open to graduate students in the Department of Horticulture or in the School of Planning, Design and Construction.
  Examination of the breadth of environmental design projects. Literature review of focused projects. Development of practicum or thesis proposals.
  SA: HRT 883
  Effective Spring 2013 Effective Summer 2020

PDC 420  Advanced Digital Graphic Communications
Spring of every year. Summer of every year. 3(3-0) P: PDC 120 or approval of school R: Open to juniors or seniors or graduate students.
NEW Advanced skills for digital graphic communications. Digital rendering using advanced graphic software programs.
  Effective Spring 2020

JAMES MADISON COLLEGE

MC 319  Asian American History
Fall of every year, Spring of every year. 4(3-0) Interdepartmental with History. R: Not open to freshmen or sophomores.
  Survey of Asian American history from mid-nineteenth century to present. Analysis of shared and different experiences of the Chinese, Japanese, Korean, Filipino, Vietnamese, Hmong, and East Indian peoples who have come to the United States.
  Effective Fall 2014 Effective Fall 2020

MC 324B  Regional Politics, Cooperation, and Conflict in Sub-Saharan Africa
Fall of even years. 4(3-0) P: (MC 220 or PLS 160) or completion of Tier I writing requirement RB: (MC 221 or concurrently) or MC 221
REINSTATED Domestic and international politics of sub-Saharan African countries. Conflict and cooperation among states of the region. Government policies to promote security, democracy, and growth.
  Effective Spring 2021

MC 335  Israeli Politics, Cultures and Society
Fall of every year, Spring of even years. 4 credits. P: Completion of Tier I Writing Requirement R: Not open to freshmen.
  Analysis of Israeli politics and society. Relationship between society and: social and ethnic cleavages, culture and politics, political institutions and parties, and democracy and the Jewish nature of the state. Israel's foreign policy and its influence of foreign policy on shifting nationalism and political contestations.
  Effective Fall 2014 Effective Fall 2020
COLLEGE OF SOCIAL SCIENCE

ANP 236  The Anthropology of Peace and Justice
Fall of every year, Spring of odd years, Spring of every year, Summer of every year. 3(3-0)
Anthropological, theoretical, ethnographic, and interdisciplinary approaches to the study of peace and justice. Violence, nonviolence, international law, social movements, economic justice, environmental racism, memory and trauma.
SA: ANP 336
Effective Summer 2014 Effective Fall 2019

CJ 824  Forensic Serology
Fall of even years. 3(2-4) R: Open to graduate students in the Forensic Science Major.
Identification of body fluids of forensic interest, including blood, semen, and saliva.
Sources of false positive and negative results.
DELETE COURSE
Effective Spring 2020

CJ 825  DNA Profiling
Spring of every year. 3(2-4) R: Open only to graduate students in the Forensic Science major.
DNA profiling. Nuclear and mitochondrial DNA analysis of blood, semen, hair, saliva, and other tissues of forensic interest.
Request the use of ET-Extension to postpone grading.
The work for the course must be completed and the final grade reported within 1 semester after the end of the semester of enrollment.
DELETE COURSE
Effective Spring 2020

EC 821A  Cross Section and Panel Data Econometrics I
Fall of every year. 3(3-0) Interdepartmental with Agricultural Economics and Finance and Statistics and Probability P: EC 820B
Analyses of systems of equations, panel data models, instrumental variables and generalized method of moments, M-estimation, quantile regression, maximum likelihood estimation, binary and multinomial response models, Tobit and two-part models, and other selected topics.
SA: EC 821
Effective Fall 2008 Effective Fall 2020

EC 821B  Cross Section and Panel Data Econometrics II
Spring of every year. 3(3-0) Interdepartmental with Agricultural, Food, and Resource Economics and Finance and Statistics and Probability P: EC 821A
Analyses of quasi-maximum likelihood estimation, count data models, fractional response models, duration models, sample selection and attrition, stratified sampling, estimating treatment effects, stochastic frontier models, and other advanced topics.
Effective Summer 2016 Effective Fall 2020

EC 822A  Time Series Econometrics I
Fall of every year. 3(3-0) Interdepartmental with Agricultural Economics and Finance and Statistics and Probability P: EC 820B
Analyses of time series regression, stationary time series analysis, ARMA models, Wold decomposition, spectral analysis, vector autoregressions, generalized method of moments, functional central limit theorem, nonstationary time series, unit root processes, cointegration, and other advanced topics.
SA: EC 822
Effective Fall 2008 Effective Fall 2020

EC 822B  Time Series Econometrics II
Spring of every year. 3(3-0) Interdepartmental with Agricultural Economics and Finance and Statistics and Probability P: EC 822A
Analyses of multivariate time series, time series volatility models, long memory, nonlinear time series models, and other advanced topics.
Effective Fall 2008 Effective Fall 2020
GEO 330  Geography of the United States and Canada
Geography of the United States
Fall of every year. Spring of every year. Summer of every year. 3(3-0)
Regional analysis. Evolution and status of environmental, demographic, economic, and sociocultural patterns and processes. Uses a geographic perspective to examine the landscapes, cultures, and economies of the United States at the regional scale. Identifies what makes each region of the United States unique due to the interactions of human, economic, and physical geographies.
SA: GEO 230
Effective Fall 2017 Effective Fall 2020

GEO 331  Geography of Canada
Spring of every year. 3(3-0) A student may earn a maximum of 3 credits in all enrollments for this course. R: A student may earn a maximum of 3 credits
NEW
Uses a geographic perspective to examine the landscapes, cultures, government structure, health care system, and economies of Canada at national and regional scales. Investigates the various regions and sub-regions that make up Canada, identifying what makes these places unique due to the interactions of human, economic, and physical geographies.
Effective Fall 2020

GEO 986  Theories and Philosophies in Geography
Fall of even years. Spring of odd years. 3(3-0) R: Open to doctoral students in the Geography major. R: Open to doctoral students.
Historical development of the discipline within social and intellectual contexts. Philosophical approaches behind geographic research and theory.
Effective Fall 2017 Effective Fall 2020

HDFS 138  Introduction to Financial Literacy
Fall of every year. 2(1-0) R: Open to freshmen or sophomores.
NEW
Design, develop, and integrate a comprehensive plan to achieve financial goals. Topics will have an immediate impact on everyday life in order to achieve financial freedom and success.
Effective Fall 2019

HDFS 961  Applied Structural Equation Modeling
Fall of every year. 3(3-0) RB: HDFS 881 R: Open to doctoral students in the Department of Human Development and Family Studies or in the Department of Psychology.
Application of structural equation models to data analysis.
Effective Spring 2019 Effective Fall 2019

HDFS 962  Longitudinal Structural Equation Modeling
Spring of every year. 3(3-0) R: Open to doctoral students in the Department of Human Development and Family Studies or in the Department of Psychology.
Application of structural equation modeling to the analysis of longitudinal data.
Effective Spring 2019 Effective Fall 2019

UP 824  Geographic Information Systems and Design Tools for Planning
Fall of every year. Spring of every year. 3(0-3) R: Open to graduate students in the Master in Urban and Regional Planning or approval of school.
Introduction to geographic information systems and its applicability to planning. Methods and techniques for analyzing land use and planning issues.
Effective Spring 2018 Effective Fall 2020

PSY 440  Attitudes and Social Cognition (W)
Fall of even years. 3(3-0) P: (PSY 235 and PSY 295) and completion of Tier I writing requirement R: Open to juniors or seniors in the Department of Psychology.
Psychological research on the cognitive foundations of social behavior. Attribution, stereotyping, impression formation, social memory, and persuasion.
DELETE COURSE
Effective Spring 2020
PSY 475  Personality Theories (W)
Spring of odd years. 3(3-0) P: (PSY 236 and PSY 295) and completion of Tier I writing requirement
R: Open to juniors or seniors in the Department of Psychology.
Major personality theories of development, structure, and dynamics. Implications for
behavioral disorders and therapy.
DELETE COURSE
Effective Spring 2020

SSC 293  Introduction to Asian Pacific American Studies
Fall of every year. Spring of every year. 3(3-0)
Issues that define the study of Asian Pacific American communities, including Asian
Pacific American history, immigration, psychology, literature, family, women's issues,
activism politics, and community.
SA: SSC 291
Effective Fall 2014 Effective Spring 2020

SSC 497  Flint Community Internship
Summer of every year. Flint 3 to 12 credits. A student may earn a maximum of 12 credits in all
enrollments for this course. R: Approval of college; application required.
NEW
Methods and concepts identifying community assets in Flint
Request the use of the Pass-No Grade (P-N) system.
Effective Summer 2020

SSC 498  Innovate Gov Internship
Summer of every year. Detroit 3 to 12 credits. A student may earn a maximum of 12 credits in all
enrollments for this course. R: Open to juniors or seniors. Approval of department; application
required.
NEW
Methods and concepts to provide critical capacity in Detroit
Request the use of the Pass-No Grade (P-N) system.
Effective Summer 2020

SW 493A  Social Work Field Education: Integrative Field Seminar I
Fall of every year. 1(1-0) P: SW 430 or concurrently P: (SW 430 or concurrently) and (SW 440 or
concurrently) R: Open to seniors in the School of Social Work. C: SW 440 concurrently and SW
494A concurrently. C: SW 494A concurrently.
Classroom-based integration and application of competencies and concepts in social work
practice.
Effective Fall 2019 Effective Summer 2020

SW 493B  Social Work Field Education: Integrative Field Seminar II
Spring of every year. 1(1-0) P: SW 493A and SW 494A P: SW 493A and SW 494A and (SW 441 or
concurrently) R: Open to seniors in the School of Social Work. R: Open to seniors in the College of
Social Science or in the School of Social Work. C: SW 441 concurrently and SW 494B
concurrently. C: SW 494B concurrently.
Continuation of classroom-based integration and application of competencies and
concepts in social work practice.
Effective Spring 2020 Effective Summer 2020
